A BILL OF DAMAGES.

The Grand Trunk Pacific Company is working up a magnificent bill of damages against the Government. The agreement was that a section of the road to be constructed by the Government from Winnipeg Eastward should be completed this Autumn, so that the Company which was building a line connecting with Lake Superior would handle the crop of this year. The Company will have its branch ready, but the Government is a year or two years behind. Consequently, the Company's road will stand idle and the claim for damages will be made. It will be paid, as everything is paid which the Company asks.

Well, not quite everything. Last year the Company put in a bill for money alleged to have been expended "on construction" of the prairie section. The bill included promotion expenses, for a large part of which outlay the Company submitted no vouchers or details. The Railway Department said it was all right and passed the bill for payment. But Officer Shannon and Deputy Minister Courtney held up the account demanding particulars. Rather than have the details published and examined by the Public Accounts Committee the Company withdrew the claim. All inquiry into this bill by the Committee of Parliament was blocked by Ministers and their supporters. To make concealment more complete the Government handed back to the Company the public documents relating to the claim. The Grand Trunk Auditor had them burned. This Grand Trunk official was summoned to explain the matter to the Committee. He disobeyed the order and sailed at once for Europe. These desperate measures concealed from the public have the details of the cash payments that were made by the Company to get the contract adopted and the measure through Parliament.

But there will be no concealment about the claim for damages affecting the Lake Superior branch. This bill will not be withdrawn.

DISTRICT

EBERTS.

Some clover hay has already been cut in this vicinity.

The Misses Rowe returned to their home on Friday, having resigned their positions as teachers. We will, however, welcome them back to our midst in the near future, although not as teachers.

A new shingled roof adorns Chalmers' church. Subscriptions are also being taken up for the erection of a new manse.

Rev. Mr. MacFarlane preached his farewell sermon here on Sunday. Miss Annie Mackness spent Dominion Day with Mrs. N. Nichols, 7th concession.

Mr. Bert Bedford, of Chatham, one of last year's best chaperons. Model students, has been chosen to teach in our 7th concession school, and Miss Helen Rebeck will teach in the 9th concession school.

Miss Dora McKerral returned home on Saturday for summer vacation from her Dover school.

"BLUE DEVILS"

Get Rid of Indigestion And Things Will Look Bright And Joyous.

Even in the present era of prosperity and good times everything appears black to those people who are suffering from indigestion. Where digestion is quick, complete and easy there is a joyous and hopeful outlook, but indigestion causes depression.

The want of a safe, effective cure for sick headache, indigestion and stomach troubles, was always felt until the prescription known as Mi-o-na stomach tablets was put up in popular form and proved its invariable success in the many forms of indigestion.

After a few days use of Mi-o-na stomach tablets, the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Mi-o-na is to be taken before each meal and it will stimulate the secretory and digestive juices and strengthen the whole of the digestive system so that the unpleasant full feeling will be absent and indigestion prevented.

Mi-o-na stomach tablets are sold only in a neat metal box convenient for the vest pocket and cost 50 cents. C. H. Gunn & Co. have seen so many cures made by Mi-o-na stomach tablets that they give a guarantee with every box that the money will be refunded if the remedy fails to give satisfaction.

CITY ENGINEER GOES FISHING

In The Meantime House Numbering Scheme Goes By Default

Proceedings of City Council—Expenses For Board Of Trade

"I would like to know what the City Engineer is doing about the plan book for street numbering. I understood that the Council had made arrangements to have Mr. Jones get up a book during his spare time for this purpose. This book was to be finished by November 1, so that we could get started at this necessary work. I would like to hear from the City Engineer as to what progress is being made with the work," was the unexpected query put by Ald. John Stephens at last night's meeting of the Mayor and Aldermen.

City Engineer Jones, who was in the auditorium of the Council chambers at the time, replied that he had not had the time to get at the work. He said that he had been too busy with local improvement matters. "Ald. Stephens—I can't see how the City Engineer can plead being busy, when he can take two or three days off fishing, and without saying anything to the Council about it either. This sporting around when there is city work to be done doesn't sound very good to me."

The Mayor said he would like to draw the attention of the Council to the fact that all city employees should ask for permission before they take holidays in this manner. We are not likely to refuse any just request, but we like to know where the civic employees are at all times. For instance, the other day when the Engineer was away, I had several people come to me inquiring for him, and I could not tell them where he was.

ALD. KERR'S NEW LEGISLATION. Ald. Kerr directed the attention of the Council to the fact that corporation men were often put to work to cut grass on private boulevards at the expense of the city. He thought that this work should be charged up to the property owner, and gave notice that he will endeavor to bring up a by-law making it possible to charge this work up to the parties who own the boulevards.

Ald. Austin spoke of the escape of natural gas along many of the city streets, which is getting to be a big nuisance in many parts of the city. He thought that the Council should take the matter up.

The Mayor referred the matter to the Property Committee.

THE BRIDGE SWINGER'S AID. Mayor Stone said that he had been approached by the caretaker of the Third St. bridge, who notified him that he had great difficulty in swinging the bridge since it had been strengthened, and that many times he had to pay help to aid him in opening the bridge. The caretaker had asked for a dollar more per week to pay his help in swinging the bridge.

It was moved by Ald. Bensen, seconded by Ald. Austin, that the caretaker be allowed one dollar extra per week during navigation, to pay assistance for this work.—Carried.

Ald. Potter remarked that he had been spoken to by a number of citizens about the condition of Victoria Park, which is full of long grass and weeds. Chairman Kerr, of the Parks and Cemetery committee, said that this matter would be attended to at once.

S. A. BAND GETS \$25. Mayor Stone said that he had recently been spoken to by the Captain of the Salvation Army, who asked for permission to place a number of their seats in Tecumseh Park. They also requested a grant of \$25 from the Council, for which they said they would be willing to give concerts in the park once or twice a week.

Ald. Kerr, seconded by Ald. Bensen, moved that the request be granted. Ald. Westman objected to this grant, on the grounds that no grant had been made to the Regiment Band, if this grant were made, he said, it would be most likely that the Regiment Band would also be asking one. The tax rate, he thought, was too high to allow of these grants this year.

Ald. Austin thought that the request was a very modest one and should be granted. It was very cheap music he said. Ald. Massey put himself on record as thinking that the contract for supplying music on the park should be tendered for by all of the bands in the city.

The motion to grant the \$25, when put to a vote, was carried.

BOARD OF TRADE'S APPROPRIATION.

Ald. Westman presented a bill from the Board of Trade for \$51—the expense of two delegates sent to interview the C. W. & L. E. officials at Towanda regarding the extension of the line to the Lake. He moved its payment.

Ald. Stephens objected, on the grounds that the Council had already made an appropriation of \$200 in favor of the Board of Trade. He was of the opinion that the bill should be paid out of this.

Ald. Westman replied that the bill had been incurred before the appropriation had been made.

Ald. Stephens said that he was not objecting to the amount of the bill, only he thought that the proper procedure for the Board of Trade was that they should use the funds already voted to them before asking for more. If they needed more money

Small Fac-Simile Wrapper Below.

CURE SICK HEADACHE.

ey later on, the Council could vote it to them.

Mayor Stone said he would rather see the bill paid than have any friction with the Board of Trade. Everything had gone along most harmoniously so far, and he was anxious to see things continue so. He referred the matter back to the committee in order that an amicable arrangement might be arrived at.

DOCTORS CHANGE THEIR METHOD.

Years ago they fought catarrh by internal dosing. They saw this used the stomach and changed to the ozonated air cure, better known as "Catarrh-ozone." This treatment is sure to cure. It goes to the source of the disease; it destroys the causes that maintain catarrh and even in the worst cases permanent cure is guaranteed. Failure with Catarrh-ozone is impossible. Antiseptic, healing and far-reaching, it's bound to cure every time. Endorsed by more than twenty thousand physicians in America alone and sold in 25c and \$1.00 sizes by all dealers.

TWO CHARGES OF ASSAULT.

Tweed Storekeeper Arrested For Serious Crimes.

Belleville, Ont., July 2.—Philip Ketcheson, a storekeeper of Tweed, was arrested, charged with assault, committed on the 27th inst., on Mabel Arbuckle, 10 years old, and Edith Beatty, 14 years old.

The mother of the little Arbuckle girl came to the city Friday and laid the complaint.

The prisoner is now in jail here. He is a married man, about 45 years of age, with grown-up children.

Barfoot Block, Fifth Street.

Heavy Quake Recorded.

Washington, July 2.—The coast and geodetic survey service reports that an earthquake was recorded at Cheltenham, Maryland—observatory yesterday, beginning at 6 hours, 15 minutes and 33 seconds and lasting an hour. The principal disturbance was from 8.22 to 8.25 o'clock, the largest motion being in a north-south direction. The shock was comparatively greater than that at Kingston, but not so great as the San Francisco earthquake.

Albany, N. Y., July 2.—The seismograph at the state museum at Albany registered a fairly large earthquake movement yesterday morning. The disturbance originated apparently at a remote point about 7,000 miles to the southwest.

According to State Geologist Clarke, "it is not unlikely that considerable damage may have been done if it occurred in a settled area."

Reduced rates to Detroit and return, going every Saturday and Sunday, returning up to Monday night, was \$1.60, is now \$1.50; C. P. R. are also making rate of \$1.00 going every Thursday, good to return until following evening. For further information ask C. P. R. ticket agent, corner of King and Fifth streets.

COMFORT, PERFECTION and SIMPLICITY

The CHATHAM is the easiest riding Motor Car on the Canadian market. High-class, semi-elliptical, extra quality springs, with a perfect body, and best quality of construction throughout, make it a revelation to those trying it for the first time. The CHATHAM has not only up-to-date mechanism, but is so simple that a novice can operate it with perfect safety.

FOUR Cylinders, 25 H.P. Touring Car (seats five) \$2,500

SUCCESSFUL PICNIC

The largest picnic in the history of the Township of Dover was held on Monday under the auspices of the Baldoon Methodist church in Doyle's bush on concession 13, Dover. It is estimated that over 1,000 people were present, and one of the most enjoyable events of the season was held.

In the afternoon a program of races and games was arranged. There was races for the children, girls and boys, for the young men, old men, and fat men. A tug of war between Chatham and Dover was an interesting feature, and was one of the best laugh producing occurrences of the day. A program of speeches was given by Rev. Mr. Bristol, H. S. Clements, M. P., J. M. Pike, G. W. Sulman, Councillor Fox and Deputy Reeve Crawford. A. B. McCoig acted as chairman. The Salvation Army band played excellent music for the occasion, after which a supper was provided by the ladies. The success of the occasion is an honor to the people of the Baldoon Methodist church, and they are to be heartily congratulated on the same.

BUSINESS COLLEGE RESULTS

The annual examinations at the above institution were completed last week, and the results have just been announced. The competition for all the medals was strong, particularly in the business department, where the result for the gold medal for general proficiency proved to be a tie between Messrs. W. B. Stark, of Hanley, Sask., and G. A. Barker, of Sidney, Crossing, Ont.

This is something that has never before happened in the history of the institution, and the decision arrived at by the principal was to award a gold medal to each of these contestants, and the silver medal goes to Mr. H. A. McQuarrie, of Ailsfeldt, Ont., who was a very close second, being only ten marks behind the two who stood first.

The gold medal for mathematics goes to Mr. W. B. Stark, and the silver medal for rapid calculation to Mr. W. B. Stark, of Wilkesport. This young man broke the record for rapid addition, as he added 40 columns of 21 figures each in five minutes, while the best previous record was 37 columns in the same time.

The medal for the best set of books was awarded to Mr. J. D. Caley, of Port Dover, Ont. The penmanship medal goes to Mr. Sinclair Herd, of Vancouver, B. C.

Diplomas were awarded to the following in the business department: G. A. Barker, H. A. McQuarrie, W. B. Stark, Mabel McKellar, Chatham, Ont.; C. B. Secord, Kent Bridge; Norman Appleyard, city; W. Easton, Wilkesport; Wilfrid McCorvie, city; and P. C. Green, Eberts. A number of others have a little work to complete before finishing the examination, and no doubt in about two or three days a few more names will be added to the above list.

In the shorthand department the gold medal for general proficiency was won by Miss Margaret Young, of Harwich. Miss Young passed a very creditable examination, as she received the highest number of marks that any candidate in this department has ever received, her standing being an average of about 90 per cent. of the total marks obtainable. Miss Flora Cudmore, of Hensall, Ont., wins the silver medal for general proficiency, and also the gold medal for the highest speed in touch typewriting. In this department the following received diplomas: Miss Margaret Young, Miss Flora Cudmore, Miss Susie McConnell, of Port Burwell, Ont.; and Miss Maud Paul, of Bluevale, Ont. In this department there are also some candidates who have a little work to complete before receiving their diplomas.
