

Headaches

When the Head aches and the Tongue is Coated

it is Biliousness or Constipation. Torpid Liver is at the bottom of the trouble. And it takes Fruit-a-tives to make that lazy liver work.

Fruit-a-tives is fine for these troubles, but one can't eat enough fruit to do much good. The medicinal elements are in too small proportion in the ripe fruits.

A clever Ottawa physician discovered a method by which fruit juices could be combined so that their medicinal action would be increased many times.

Fruit-a-tives are these fruit juices in tablet form. They sweeten and tone the stomach and liver, cure Constipation and remove all blood impurities. One Fruit-a-tives tablet has the same curative effect on liver and bowels as dozens of oranges, apples, figs and prunes. And this action is as gentle as the fruit juices themselves.

"I have been suffering with Torpid Liver and Constipation, and find that Fruit-a-tives are just what my system requires to relieve these complaints. I hope many more sufferers will try them."

MRS. W. E. TREFFRY, Burnside, Man.

DISTRICT DOINGS

SOUTH BUXTON.

Mr. and Mrs. John R. Travis celebrated the 50th anniversary of their wedding day, for which the whole family, except Mrs. A. Scott, were present, she being detained through sickness. The family reunion took place at the old homestead, where the family have lived for 35 years. Mr. Travis was born in Mercer Co., Pa., in 1833, and is now 72 years old, and Mrs. Travis was born in Allegheny County, N. Y., in 1839. They came to Canada and were married in Erey County, Ont., in 1855. They were blessed with twelve children, all of whom are living and were present at the family reunion, with the exception noted. They have four grand-children and six great grand-children. The names of the children are as follows: Mrs. James Robbins, Mrs. Mae Zebbs, Mrs. O. B. Kersey, Mrs. A. Scott, Mrs. J. Smith, John R. and Samuel, of Buxton; Mrs. S. Jones, of Windsor; Mrs. J. Cromwell, of Ann Arbor, and Mrs. J. Richardson, James and Charles, of Chatham Township. The aged couple are enjoying fairly good health and all sat down at a sumptuous feast with a few intimate friends—about 50 in all. After the feast was over the children formed a circle around their parents and J. M. Garel presented the aged couple, on behalf of the children, with a beautiful easy chair for each, and each one of the children kindly congratulated their parents, when a touching scene took place. J. M. Garel led the hymn, "Shall we Meet Beyond the River," when parents and children embraced and wept over each other, and Rev. Mr. Smith addressed the family and evoked divine blessings. This meeting will be ever fresh in the minds of the family.

Giles—My wife can drive nails like lightning.
Miles—You don't mean it?
Giles—Sure I do. Lightning, you know, never strikes twice in the same place.

Fortune may find a pot, but your own industry must make it boil.

Two In One Overcoats

"Progress Brand" Raincoats are dry clothes insurance. Umbrellas won't keep out the wet when "it pours." "Progress Brand" Coats protect from neck to ankle.

"Progress Brand" Rain Coats

Are Absolutely Rain Proof and Damp Proof.

The most stylish of all lightweight top coats. Fine to slip on when the days are chilly—or the nights get cold.

"Progress Brand" Rain Coats come in all the new light and dark effects—loose backs—with and without belts—with a snugness about the shoulders that makes the whole coat set and hang well. Look for "the label that protects" in every coat.

C. AUSTIN & CO.

Secret Diseases of Men

5 Dollars a Month

Come to our office, or write us, and we will make a thorough and scientific examination of your ailments free of charge. You may have taken treatment elsewhere without success—we will show you why it failed. No man should take advantage of this opportunity to learn his true condition, as we will advise him how best to regain his health and strength and power of manhood. You need not take treatment after consulting us unless you desire to. We trust you will be cured.

We make no misleading statements or deceptive propositions to the afflicted, nor do we promise to cure in a week or two when we know it will take longer, but we will guarantee a complete, safe and lasting cure. In the shortest time each disease will be treated for \$5 per month until cured. We guarantee to cure Nervous Debility, Varicocele, Stricture, Blood Poison, Weakness, Kidney and Urinary complaints. Call at offices or write for Question List for Home Treatment.

International Bible Lesson for To-morrow.

Daniel in Babylon—Dan. 1, 8-20. Study the chapter; read Dan. 2.

Golden Text—"Daniel purposed in his heart that he would not defile himself."

In this lesson we meet four godly Jewish lads of about 16, captives in Babylon, Daniel their leader and spokesman, being sent to college by King Nebuchadnezzar. They are to be fed from the king's table. After a three years' course he will examine them for promotion to the councils of the empire.

Our lesson gives us a sample of what the Holy Spirit can do in making young lads witnesses for the true and living God at a heathen court when they are true to Him and their own conscience. "If any of you lack wisdom let him ask of God, who giveth liberally and upbraideth not." These lads knew God's prohibitory laws against eating food He pronounced unclean and drinking wine from the king's table blessed in the name of idols, for these old heathen were very pious. How few to-day grasp the truth that we should do all things in Jesus' name, even eating and drinking to the glory of God, and sow to that to the flesh, as these lads did. How gentlemanly and judicious they are; not of the "don't care what anybody thinks" kind. See verse 12.

It is remarkable that all through the book not a word is said about Daniel's parents, but some one had brought him up well—a hint for all teachers, especially religious teachers, to look well after the children, no matter who owns them; they are God's own way.

Daniel's proposal for special use of steward is approved and tried, and for ten days they are fed on plain, wholesome, vegetable diet, with marked success under God's blessing. When the king examined them none were found like Daniel and his three chums, and they were promoted to stand before the king, for he found them ten times better than all his old pagan philosophers and statesmen. So much for obedience to God, who gave Daniel special insight into visions and dreams, for special use to the king, and to God's people to the end of this age. The real gist of the lesson is the truth that nothing pays in the life of man for this world or the next but living before God in all good conscience, enlightened by His word and spirit.

This is being saved through Jesus Christ our Lord, is salvation.

CHURCH NOTES.

First Presbyterian.

Hour services for summer months. Rev. A. H. MacGillivray, pastor, will conduct the services and preach on both occasions to-morrow.

Sunday school in Auditorium at 3 o'clock.

Bible Class at home of D. R. Farquharson at 3 o'clock.

Regular weekly prayer meeting on Wednesday evening at 8.

Christ Church.

Rev. R. McCosh will conduct the services and preach on both occasions to-morrow.

The holy sacrament of baptism will be administered in Christ Church to-morrow afternoon at 3.30.

Prayer meeting every Wednesday evening at 8 o'clock.

Services will be held to-morrow at the usual hours.

A. U. M. P.

Services will be held as usual to-morrow.

Regular weekly prayer meeting on Wednesday evening at 8 o'clock.

The American Farmer the Best in the World.

The American farmer is the greatest man in the world to-day because he is master of the soil—he is gaining in intelligence quite as rapidly as the products he is increasing in magnitude. Our recent combines of capital in United States measured in money are enormous, yet such figures sink into insignificance when compared to the money, brain and brawn invested in agricultural industries. For instance, the farmers of Minnesota and Dakota have received \$300,000,000 for their products in a single year. The farmer knows what Nature will bring forth for him from his experience in the past. He knows if certain seeds are planted and properly cared for that Nature will take care of the rest. In the same way you are master of your own destiny.

Providing your blood is in good order, it only needs a little effort on your own part to keep healthy and strong—rid your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Dr. Pierce's Golden Medical Discovery makes rich red blood by increasing the number of red blood corpuscles. There is no alcohol in this great tonic to shroud up the red blood corpuscles. As an alternative extract, made only of herbs and roots it goes about its work in nature's way. It stimulates the liver into proper action, and feeds the worn-out nerves, stomach and heart on pure blood. Used for over a third of a century it has sold more largely than any other blood medicine in the United States.

More bottles of Dr. Pierce's Golden Medical Discovery are sold to-day than ever before—that is a true test of its medicinal value after thirty-eight years of deserved popularity.

Dr. Pierce's "Medical Advice" sent on receipt of stamps to pay for mailing only. Send 31 one-cent stamps for book in paper covers, or 50 stamps for cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Minard's Liniment Cures Distemper.

TURBINE STEAMERS.

Two of Them Now Regularly Crossing the Atlantic.

Naval designers and the manufacturers of marine engines are following with close observation the performance of the two turbine-driven steamships of the Allan line, both of which are now running regularly in the service of the company. This is the first application of the new motive power to large ocean liners, and it is realized that upon the results obtained with these ships will depend very largely the future of turbine propulsion at least for this type of service.

The first voyage of the Victorian gave only rather indifferent results, although it was understood that the low speed was due largely to unfavorable weather and fog. In her later trips, however, this ship has shown excellent results, better than any achieved by earlier ships of this line using reciprocating engines.

The second vessel, the Virginian, has done even better than the Victorian and is steadily reducing the record across the ocean over the route which she follows. On a recent trip to Montreal she left Montreal at 2.45 p. m. on June 9 and arrived at Rimouski at 4.15 p. m. (local time) June 15; the total time of the passage figures out as 6 days 3 hours, the average speed as 17.05 knots an hour.

The Montreal mail, which left Ireland twenty-six hours ahead of the Virginian on board the Baltic for New York, was distributed in Montreal nine hours later than the mail carried by the Virginian. On both new steamers the passengers and the others of the ship have testified to the remarkable smoothness of the turbine, the absence of vibration reminding the latter of the smooth motion of a sailing ship—Scientific American.

Life in Gotham! Every 40 seconds an immigrant arrives in New York. Every 3 minutes someone is arrested. Every 6 minutes a child is born.

Every 7 minutes there is a funeral. Every 13 minutes a couple get married. Every 42 minutes a new business firm starts up.

Every 48 minutes a building catches fire. Every 48 minutes a ship leaves the harbor. Every 51 minutes a new building is erected.

Every 55 minutes a passenger train arrives from some point outside the city limits. Every 1 3/4 hours someone is killed by accident.

Every 7 hours someone falls in business. Every 8 hours an attempt to kill someone is made.

Every 8 1/2 hours some couple is divorced. Every 10 hours someone commits suicide. Every two days someone is murdered.

Finland's greatest artist is dead, says The Novoe Vremya, in the person of Albert Edelfelt. It was his work that has made the artistic world turn to the little group of northern artists who founded the national art of a forbidden and poor country. Like nearly all his predecessors and contemporaries, Edelfelt received his art education abroad. He suddenly attracted attention at Paris in 1877 with his picture "Koroleva Blanka." Encouraged by this success the 24-year-old artist showed the large canvas of "Duke Carl laughing at the corpse of his enemy, Count Fleming," which set all the world talking of the Finnish painter. His favorite subjects were the national scenes of Finland, which he painted almost exclusively on the seashore or by the side of the lakes.

A Common Interest.

Mrs. Carrie Chapman Catt was talking about a young couple whose engagement had just been announced. The male party to this engagement was a lawyer with more conceit than ability; the female party was a pretty girl, the modest, simple-minded, humble type.

"They will be very happy," said Mrs. Catt. "Their life after marriage will be an ideal one."

"Why do you think so?" a spinster asked in a sour voice.

"Because," said Mrs. Catt, "they are both interested in the same thing. What is that?" the spinster cried incredulously.

"Him," said Mrs. Catt.

No Demi-Tasse For Reed.

Some years ago Thomas B. Reed went to Ohio. On his journey out there he went into a little railway station to have dinner. At the end of his order he said:

"Bring me a demi-tasse, also."

The waiter stared. "What's that?" he asked.

"A small cup of coffee," Mr. Reed exclaimed. "A small cup of black coffee; see that it's good coffee, please. Demi-tasse means half a cup."

"Aw, gwan," said the waiter, "I ain't a-goin' to bring you no half-cup. We don't sell nothin' less than five cents here."—Boston Herald.

Arithmetic Did Not Answer.

An old woman living in Gardiner, Me., had occasion to call a doctor, according to The Boston Herald. He found her only slightly indisposed, and left a powder for her to take, with the following directions: "Take what you can get on a 10 cent piece every three hours."

Next day the doctor found his patient alarmingly ill.

"Did you take the powder as directed?" he asked.

"No, not exactly. I did not have a 10 cent piece, so I took what I could get on two fives."

Use Armour's Extract of Beef in the Right Way.

Those accustomed to ordinary beef extracts and fluid beef usually use three or four times too much of Armour's. If a recipe called for one spoonful of salt and you put in 4, the dish would be briny.

ARMOUR'S is pure Extract of Beef—highly concentrated. One-quarter teaspoonful is sufficient to make a cup of beef broth, bouillon, etc., etc.

By the addition of a small quantity of Armour's Extract of beef you can restore the juices to yesterday's roast or give a rich, beefy flavor and color to gravies, sauces and left-overs that will make them appetizing and attractive. Sold by all Druggists and Grocers.

Armour Limited, Toronto, Ont.

Armour Tomato and Beef Catsup

An appetizing relish for steaks, chops, roasts, pork and beans, and fish of all kind. It is just a little bit better than others.

Sold by all Grocers.

AMATEUR PHOTOGRAPHY

Many amateurs haven't time to finish their pictures; others don't know how. SEND IT TO US. You will then be rid of the botch, and at the same time know that your work is done right. We sell all sizes of Plates, also Self-Toning Papers and Post Cards.

The Westlake Studio CHATHAM, ONT.

A Cat That Swims and Fishes.

A cat story comes from Maine, and if one is inclined to disbelieve it pussy himself is to be found at Bowdoinham. This cat swims like a duck and is a fisher. A patient watcher from the floating wharf which he frequents with praiseworthy persistency, this business-like swimmer waits his opportunity and when there comes a certain ripple on the water in he dives, soon reappearing with a good sized fish, which he proceeds to eat at his leisure.—New York Tribune.

Human Incubators.

The inhabitants of Pateros, a town on the Pasig river, near Manila, place the old men and women of their village in long narrow boats called bancas, cover them (with the exception of their faces) with duck eggs and allow the heat of the sun and their bodies to hatch the eggs. These human incubators are well fed and receive every attention during the time of incubation and are relieved for four hours each day by some younger member of the family.

The man who writes an oil prospectus in generally a gusher.

Ives' Brass Beds give brightness and dignity to a room.

Many artistic home furnishers have adopted the metal bed instead of the cumbersome and sometimes unsanitary wooden beds. A metal bed adds grace and beauty to a room, imparts an atmosphere of dignity often-times hard to secure with a wooden bed. Its lines are light and graceful and if it is an Ives bed it will be handsome and artistic in design.

Ives beds are always beautifully designed because Ives artists are the most proficient metal designers in America. They have made Ives famous for high class metal bank and hotel fittings.

Ask to see an Ives bed and you will like it.
