

VICTIMS OF LA GRIPPE

Left Weak, Disheartened and An Easy Prey to Other Troubles.

A Nova Scotia Man Tells How He Found New Health and Strength.

If you have had an attack of la grippe, or Spanish Influenza you are not out of danger until your blood is restored to normal. Influenza leaves behind it weakened vital powers, thin blood, impaired digestion, and over-sensitive nerves. In this condition the system becomes an easy prey to deadly pneumonia, bronchitis, nervous prostration, rheumatism and even consumption. Ask anyone who has had influenza what their present condition of health is and most of them will answer "Since I had the grippe I have never been really well." This general feeling of weakness will continue until the blood is built up again, and for this purpose nothing can equal a fair treatment with Dr. Williams' Pink Pills. From first to last these pills make new, rich, red blood which reaches every organ and nerve in the body, and through this weak, dependent victims of influenza are transformed into cheerful, healthy, happy men and women. Among the many victims of la grippe who proclaim the value of Dr. Williams' Pink Pills is Mr. Amos Kaulback, of Petite Riviere, N.S., who says:—"I was taken down with a severe attack of la grippe, or influenza. After a time the early symptoms of the trouble left me, but I did not regain my usual strength, and I had always been a strong man. There were times when I felt I could hardly crawl about, and I was so run down I could scarcely go about my business. I continued taking medicine but it did me no good. Then I found the trouble was affecting my digestion and the disagreeable feeling from this added to my general misery. I was finally advised to take Dr. Williams' Pink Pills, and I decided to try them. I had only been taking the pills a few weeks when I found my strength returning, my appetite improved, and still continuing the use of the pills a few weeks more found me restored to my old-time vigor. I can most strongly recommend Dr. Williams' Pink Pills to all who have passed through an attack of influenza, as a safe medicine for renewing their strength." You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

How a Cloverdale Hero Died

The following letter has been received by Oakley Orser of Cloverdale, whose son John was killed in action:

"Dear Sir: It is with regret that I write and give you particulars of your son Jack's death. It was on Aug. 8, during our attack before Amiens that he met

his death. During the whole day he had left his section with great skill and determination. He was hit in the shoulder but did not go out. He was hit again and this proved fatal. The platoon realizes that they have lost the most popular and efficient man in their unit and all grieve in the loss of a true friend and a soldier.

"As for myself I could always depend on Jack, no matter in what position. He was buried behind the lines along with other comrades who had fallen the same day. His personal effects will be forwarded to you in due course.

"Believe me to be yours in deep sympathy."

Damage by Lightning in Various Parts of Aroostook

Fort Fairfield and neighboring towns were visited Tuesday night, Oct. 29, one of the heaviest and severest electrical storms ever known in this section. For nearly an hour the whole heavens seemed a blaze of light and the thunder was something terrific, while water that fell in a given time during the height of the storm never has been exceeded here. C. S. Grant lost his barn containing about 50 tons of hay, 700 bushels of oats and four hogs. George Nichols lost a barn with all his hay and grain. Clowes

Seeley on the old John Seeley farm on the Spragues Mills road out of Presque Isle lost his whole set of buildings, including hay, grain, five horses and about everything else.—Fort Fairfield Review.

Nothing Can Compare With It

Mr. Fred Adams, New Rose, N. S., writes:—"I have tried many medicines for coughs and colds but never found anything to compare to Dr. Chase's Syrup of Linseed and Turpentine. We have had the greatest satisfaction with this medicine for it never fails to relieve a cough and loosen it up."

The "Flue" at Aroostook Jct.

Mrs. A. Hathaway, wife of Engineer Hathaway, died at Aroostook Junction last Wednesday of pneumonia, being the third death at the junction traceable to the influenza epidemic. It is said that there are more than 30 C. P. railroad men off duty with the disease and yet up to the present time, all regular trains have been kept running. Doctors Kalloch and Chamberlain have had charge of most of the cases, as they have no local physician, but the railroad officials have now sent a man to take charge, and this will help some to relieve the situation greatly. There are not many new cases now, in fact there are not many more at Aroostook Junction so have it, and the disease having burnt itself out the situation will doubtless very soon be much improved.—Review.

like Atlantic Underwear. They like its heavy weight, its warmth—the protection it gives when they have to pass from one extreme temperature to another.

ATLANTIC UNDERWEAR
