Farm.

he Provincial Board met at redericton on Thursday. The pro-

Executive, and within Executive to carry out its resolutions, that it has no control of public moneys, and can do little if anything more than recommend, leaving it to the Government for the time being, to act or not at its pleasure, upon the

"There is much force in this argument, and I cannot see, speaking for myself, how the functions of the Board can be much more than advisory under any circumstances. The Government, however, are giving this subject their best con-

"At the late Exhibition, through the enterprise of Messrs. Manches ter, Robertson & Allison, of St. John, considerable attention was drawn to the subject of improving imported by them was put in practical operation, exhibiting several of the methods of butter making in Europe. The Government with a desire to encourage the movement thus commenced, and rather than have the working dairy

representation be given the Board, which as at present constituted failand that the stock farm being a failure, be abolished. The Board did not seem desirous to vote want of confidence in itself, voted down Mr. Reid's propositions and adopted one of Mr. Anderson's, that the lating to the Board of Agriculture board county representation the power to elect its own secretary, and an allowance of \$1,000 to be

When the present law was passed, the Post contended for this right, paper that agitated the subject County representation is another matter. The Province does not want to be saddled with another Parliament; we doubt if the esprit de corps of the Assembly would countenance an agricultural assembly, kept up by the tax-payers. It is very questionable if county delegates would truly represent the agricultural interests of the province, or that that remedy in any way meets the evil. As a rule, voluntary organizations are much in the subject in Dublis, emphatically contained and vilified at his recent made a good score. Six months ago, it asked a loan of the Rothshids. The latter refused unless go, it a but it was, we believe, the only way meets the evil. As a rule, revoluntary organizations are much more zealeus and effective for work than those created by the state and fed out of the public revenues, and the trouble with the Board is, it is organized too much on the state and too little on the voluntary prin-

as a representative body, voicing the farming class, and took measures by legislation and grants for forwarding its schemes for the premetion of agriculture. So successful an example need not be lost ipon our own Government.

The York Contest.

The Liberal party has selected Mr.

considerably surprised. Neither he immself nor his best friends probably suspected the amount of arrogance, deceit, avarice, and conceit that, according to his newspaper opponents, lurked under his amiable and gentlemanly exterior. The dispute, however, has received at least at temporary quietus. The Governors of Acadia recently met at Wolf-ville, received Dr. Rand's resignation, and then made him Prefessor of History and Didactics at a salary stated to be en a footing with that of the other professors. We hope this will be really the last of this most disagreeable affair and that Acadia will be able to retain Dr. Rand's services. He is a man of unquestionable ability and ought to party after party, are to be shattered until the Union has been by statedred until the Union has been brought to pass the section of the Ordinary in Saratoga, N. Y., and worked at his scheme recording to his newspaper opponents, lurked under his amiable and gentlemanly exterior. The disagree his adoption.

—There is one ecclesiastic at any entire his population at the hoad of which Mr. Parnell has placed himbally three-fourths of the inhabitants of the country and fully three-fourths of the inhabitants of the country and fully three-fourths of the inhabitants of the country and fully three-fourths of History and Didactics at a salary stated to be en a footing with that of the other professors. We hope this will be really the last of this most disagreeable affair and that Acadia will be able to retain Dr. Rand's services. He is a man of unquestionable ability and ought to prove a most valuable acquisition to the faculty of his Alma Mater.

While the Rand controversy was still at its height another one, was still at the real of the country and fully three-fourths of the inhabitants of the inhabitants of the inhabitants of the country and fully three-fourths of the inhabitants of the country and fully three-fourths of the inhabi

returned to England, have offered to purchase the machinery and give the use of it to any association of persons who would set up and engage to operate the dairy in a suitable locality."

On Friday, Mr. John H. Reid, of Fredericton, tried his hand at constitution making by moving that the \$800 county grants be given to one County Society; that County representation be given the Board,

forty years ago.

It has been quite a question in Expended by the Board in the interests of agriculture.

From all this, it will be seen there is a good deal of dissatisfaction with respect to both the Stock Farm and Board of Agriculture. The Board, instead of being the auxiliary of the Government in making the Stock Farm as success, is inclined to grumble because it has not the control of that institution. The remedies proposed by Mr. Anderson, viz: appointing by the Board of its own secretary, and county representation. No doubt the Board ought to appoint its own secretary. When the present law was passed,

In the steen quite a question in the sentation of late whether treland should be allowed to share in the extension of the franchise in the extension of the Union. How, then, is the Union. How, then, is the Ireland should be placed on a foot-ing with Great Britain. Even Mr. Foster, whom Parnell wantonly ridiculed and vilified at his recent

—A sketch on the life of Sir —The liabilities \$10,000.

—The liabilities of S. M. Meyenberg & Co., of New York, bankrupt Thibault, has been received from the like manufacturers, is \$225,850; the The Liberal party has selected Mr. address by the President, Hon. D. MacLellan, which dealt principally with the Stock Farm. He stated some material change must be made, or it cannot be maintained, the deficit being very large, so large there are grave deubts, whether the farm is suitable, pasturage being insufficient and enough hay and roots for winter and spring feed cannot be grown. He assured the Board his politician, the public is called upon to decide against a Stock Farm alto grown. He assured the Board function of the Government would be unwilling to decide against a Stock Farm alto grown which the Government would be three of the Government would be three of the regress of the Government of the frame is decided to take the Government would be three of the regress of the forms of the regress of the forms of the regress of the forms of the form Geo. F. Gregory as its candidate. Mr. England. It is impossible for pub-

increase—the sales to be conducted by Government, and the whole to be subject to Government regulations and supervision.

"Another question of importance to the farming community has been every much discussed lately, and in fact has always been a good deal agitated, and that is what is the best system by which the agricultural affairs of the Province can be managed? Is the present one as good as can be devised, or should the board consist of a larger representation of farmers and be constituted more upon the plan of the eldeard, or should the Government assum the direct responsibility and control of these interests by adding the during of the duties of a minister of agriculture to those of some one of the present heads of departments in the Executive,"

"The objection will always be made to any management which is not and rest of the control of the executive,"

"The objection will always be made to any management which is not and rest of the control of the executive,"

"The objection will always be made to any management which is not and rest of the control of the Executive,"

"The colpient of will be not device, and late their vews on the subject, and late their vews "on the subject, and late the letter vews" on the subject, and late their vews "on the subject, and late the vew in the proper of the provision of importance to the which is the best of the vew ripende on the slopes of the subject possible that the what is the best late of the vew ripende on the slopes of the subject possible that the what is the best late of the verified in 1882.
