IRISH PLOTS TO RUIN EXPOSITION

London, April 20.—Remarkable rumors of plots to burn down the buildings of the industrial exhibition, which was to have opened in May, but which are said to have been discovered in time to frustrate them, are published in the afternoon papers to-day. The plots are attributed to the advanced political sections in the Irish party, which admittedly are opposed to the exhibition, claiming that the highly developed products of other countries should not be placed beside those of Ireland, which are not so highly developed.

DIED TOGETHER.

Boy of 19 and Girl of 17 Were Not Allowed to Marry.

Springwood, Va., April 20.—Stewart C. Gay, 19 years old, and Miss Mabel Pendleton, 17 years old, committed suicide today by leaping from the suspension bridge across Jackson river at Clifton Forge. They started last night to Washington to be married but were intercepted and brought back.

MAINE MURDER CASE.

Houlton, Me., April 20.—The case of Juan Robins alias Jack Roberts, who has been on trial in the supreme court in this town during the past week, charged with the murder of Edgar Dickinson, a farmer of Smyrna Mills, who occasionally employed him, will go to the jury next Monday morning. The closing testimony for the defense and the arguments on each side were delivered by counsel today, and as it was long past the usual closing time the court when the last word had been said, Judge Spear announced that he would wait until Monday morning before delivering his charge to the jury.

JEALOUSY THE CAUSE.

Ottumwa, Iowa, April 20.—Because he thought his brother had gained the affections of Mrs. Sallie Morgan, to whom both had been paying attention Oviatt Thompson, of Bedford, Iowa, shot and killed the woman, mortally wounded Roscoe Thompson and committed suicide. The woman had been separated from her husband for some time and both the Thompsons had been paying her attention. This afternoon Oviatt found his brother and Mrs. Morgan together and immediately began shooting.

GREAT LOSS BY FIRE AT MANILLA

Manilla, April 20.—Fire destroyed 100 American homes and 200 native dwellings of Singalong and Pao, this afternoon. The American settlement at Ermita and Malate escaped through the hard work of the fire men, assisted by soldiers and citizens. The flames fanned by a heavy gale swept an area of 100 acres, clean within two hours, and destroyed the homes of the schools and other public buildings, while many are camping in open places. The damage is conservatively estimated at \$200,000 in gold. No casualties are reported.

KENTUCKY DUEL.

Owensboro, Ky., April 20.—Win. Goode and Harry Springer, union miners, engaged in a pistol duel in Sturgis, near here, last night, and both were shot to death.

WEAK HEART SYSTEM WAS RUN DOWN

When the heart is healthy and performing its functions naturally, it should beat regularly seventy-two times a minute without causing its owner the slightest inconvenience or distress.

When it begins to beat irregularly or intermittently, palpitate and throb, skip beats, beat fast for a time, then so slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through unnatural action of their heart.

To all such sufferers

MILBURN'S HEART AND NERVE PILLS

can give prompt and permanent relief. Mrs. F. Fletcher, Sault Ste. Marie, Ont., says: "I have been troubled for four or five years with weakness, and rapid action of my heart. My feet were always cold and I felt almost dead. My heart was weak and I was so nervous I could hardly walk across the street. I started taking Milburn's Heart and Nerve Pills, and after using three boxes I felt much better. I continued their use until I had taken twelve boxes and I am now well."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of order by The T. Milburn Co., Limited, Toronto, Ont.

'PRENTICE BOYS ON PARADE AT GIBSON ON SUNDAY

Fredericton, Gibson, Marysville and Nashwaaksis Represented --Impressive Sermon Preached by Rev. Mr. Strout at the Adventist Church, St. Marys--Fredericton Orangemen Attended, Led by the 71st Band--Splendid Turn Out.

The towns of Gibson and St. Marys yesterday afternoon presented an animated appearance when the Protestant Association of Apprentice Boys from the Gibson lodge and the lodge at Marysville together with 'Prentice Boys and Orangemen from Fredericton and Nashwaaksis, and Orangemen from the lodges at Gibson and Marysville held the largest parade ever seen in that vicinity. At 2.30 o'clock they "fell in" in double rank headed by the 71st Regimental Band in their new uniforms which for the first time have been presented to the public view and which called forth remarks of admiration from everyone present. The Prentice Boys, about one hundred and fifty in number, were foremost, clothed in the brilliant new regalia of their order, consisting of a collar and apron and emblematic designs thereon, which has been recently purchased by this enterprising body and distributed to each member of the lodge. A large and enthusiastic concourse of citizens were present and looked with pride upon the young men, who are indeed a credit to the community they represent.

Next came the Orangemen and then the Scarlet Chapter of Orangemen, the County Orange Lodge, represented by the Master and Secretary, and the Black Knights of the Orange Order. The parade marched off at about 2.45 and proceeded to the Adventist church at St. Marys Ferry, where they entered an arch of swords and took up the seats reserved for them by the wardens.

A very impressive and thoroughly

prepared sermon was preached by the Rev. Mr. Strout, who has recently been transferred here from the United States, and was listened to with pleasure and interest not only by the members of the parade but by the large number of visitors who filled the remaining seats, the aisles and crowded round the door. Mr. Strout first took up the history of the Protestant Association of Apprentice Boys going back to the siege of Londonderry by the forces of James II, when the thirteen young apprentices in the face of fire and sword rushed forth to the rescue of the city and lifted the bridge across the moat that surrounded the walls and shut the gate thus barring the way of the advancing forces and checking the army of French and Irish Catholics in their purpose of exterminating forever the Protestant religion. He explained that from these thirteen young men sprang the glorious order which was now recognized as a great factor in every English speaking section of the world, and behooved those present to stick to those principles that had made them great in the past and which now as then was a foundation which they might stand upon with pride in the face of the whole world.

After the sermon the parade was again formed and marched back to their Hall in Gibson. The Orangemen of this city, who were present, led by the band marched to the Orange hall, this city, where they dismissed. Throughout the whole parade there was not a hitch in their proceedings which is a matter of praise for the committee in charge.

I. C. R. STATION IN FREDERICTON

Mr. Crockett Calls Attention of Government to Its Inadequate and Inferior Character.

Ottawa, April 22.—During the discussion on the railway estimates on Saturday, which provides for new station buildings at Sackville and Amherst, Mr. Crockett called attention to the inadequate and inferior character of the Fredericton station. Mr. Fielding in reply said: "No doubt what the hon. gentleman says of the station is correct; the station there is a very inferior one, but it is to be remembered that this is a line which has only recently come into the possession of the government, and to doubt from time to time there will be put up decent station buildings. Fredericton, as the capital, is entitled to a better station than it now has."

MR. PUGSLEY WILLING.

A large number of St. John electors gathered in Berryman's Hall on Saturday evening, and patiently listened to Mr. Pugsley's story of the great interest he took in the Province generally, and St. John in particular. At the close of the evening there was a death of strong men in the party in this Province. Mr. Pugsley was willing to resign his position as Premier and cast in his lot with the Liberal party of the Dominion, if the People of St. John asked him to do so. Mr. Pugsley, of course, did not know and did not care who John Sir Wilfrid offered him a portfolio or not. He was willing to work in the ranks of the great party to which he had become affiliated as soon as it attained power. What he would do when it lost the enforcements which pertain to office he did not make known. On Friday next a convention of the Liberal party in St. John will be held to formally nominate a candidate for the vacant seat.

AN IMPORTANT DISCOVERY.

Rome, April 22.—While celebrating the 2650th anniversary of Rome, the founding of which is supposed to have taken place April 21st, in the year 753 B. C., a most important discovery was made yesterday on Palatine Hill. While trying to determine the entrance to the Palatine Acropolis, and anxious to explore the Necropolis, a regular ditch was found, evidently a tomb. It is similar to those discovered in the Roman Forum. It is believed to be connected with the earliest habitation and to have been constructed by the founders of the Palatine stronghold. Minister of Instruction Rava visited the spot to-day and ordered a continuation of the excavations.

Bishop Richardson Will Speak.

The convention of the Brotherhood of St. Andrew is to be held at Winnipeg from May 23 to 26. Judging by the advanced programme, this convention will be one of the best, the list of prominent speakers including the Right Rev. J. A. Richardson, M. A., Bishop Coadjutor of Fredericton; the Most Rev. S. P. Matheson, D. D., Archbishop of Rupert's Land; the Rev. F. McMillan, D. D., Dean of Trinity Cathedral, Cleveland, Ohio; the Rev. T. W. Powell, St. Clement's, Edmonton; Mr. N. Ferrar Davidson, Toronto; Mr. Hubert Carleton, general secretary of the brotherhood in the United States; Mr. G. R. Robinson, St. Louis, Mo., and many others.

NEW BRUNSWICK IN THE BACKGROUND.

How the interests of St. John and the Province generally are subordinated to those of Halifax and the sister Province of Nova Scotia was well set out in Parliament the other day. Dr. Daniel, the brilliant representative of St. John, brought to the attention of the House some important facts in connection with the Atlantic mail subsidies. This contract had been given to the Allans, but the latter had entered into an agreement with the Canadian Pacific whereby the service was to be divided. The Allans were to continue their former service to Halifax, while the Canadian Pacific were to use St. John as their Canadian terminus. The latter company had put new and fast steamers on the line and had made arrangements whereby they claimed that they could land the mails at Montreal as quickly as if they had been put off at Halifax. The Canadian Pacific, whose freight business is all done through St. John, wished to avoid the large expense and consequent delay which the call at Halifax involved, and they also felt that they would give the country a more satisfactory service through the port of St. John. It was here that the predominance of Mr. Fielding in all matters that affect the Maritime Provinces showed itself. He sat down on the project instantly. St. John was to have no chance to prove its usefulness as a port of entry for the mail service. Halifax now had the service and was going to keep it, no matter who suffered. The Government contingent from this Province, including Dr. Pugsley, calmly accepted the dictum of Mr. Fielding and once again demonstrated their uselessness in conserving the interests of the Province they are supposed to represent. The Canadian Pacific, at a loss to themselves, and to the country at large, was compelled to land the mails at Halifax before it could continue to its actual terminal on this side of the Atlantic. Thus it ever is. The interests of New Brunswick are never considered when Nova Scotia requires something different. And this is frequent. The interests of New Brunswick, and indeed of the Dominion, required that the National Transcontinental should come down the St. John Valley to the port of St. John, but Mr. Fielding and his Nova Scotia following were too strong and carried the line as far away from its natural terminus as possible. Millions of dollars are being wasted in doing this, but Mr. Fielding is content in the knowledge that the bribe will tend to hold his Province in line for the next elections. Such conditions as at present exist will continue as long as the Laurier administration exists. The influence of Mr. Fielding is too predominant to be overcome by any opposition which might come from this Province, and the toadying which has gone on in the part of the N. B. Liberals will continue unabated.

The Vacant Seat.

Friends of His Worship Mayor Sears are circulating petitions in the different wards and parishes urging him to be a candidate for the seat for the city and county, vacant through the death of Dr. A. A. Stockton. The petitions made their appearance on Friday and received a large number of signatures.—St. John Globe.

THE TELESCOPE HAT

We have just opened a big line of the above hats in pearls and blacks.

STIFF HATS

The range of these hats is now complete. All the latest styles.

We carry the Franklin Derby, Sphinx, Mallory and Christy's Hats.

J. H. FLEMING

INDIVIDUAL MILLINERY

The one special feature about our millinery that recommends it so high is its individuality. We do not bring out several copies of one style but aim to have each style distinct in itself.

Our styles are all exclusive and original designs embodying the latest Parisian ideas and you may always feel sure of having something that is different when you select one of our creations.

THE MISSES YOUNG

Burpee's Seeds for 1907

My stock of Burpee's Seeds is now completed. Almost everything in catalogue. Wholesale and retail. Prices low.

R. T. MACK, - Chemist & Druggist

PATRONIZE OUR

MADE-TO MEASURE

DEPARTMENT

If you want Real Satisfaction

The enormous growth of this dept. during the past two seasons is the result largely of satisfied customers.

We've had them tell us frankly that they never had such a perfect fit. They tell others, too, so the good work goes on.

We're able to show three or four times as many patterns as any other house in the city, and with this advantage—clothes are selected direct at the mills in quantities.

A material price saving results.

See our samples and leave us your measure. It will be the means of starting a savings bank account for you.
