

ABSOLUTELY UNSHRINKABLE

We Guarantee It.

Every garment, bearing the Stanfield label—no matter what its price—is absolutely unshrinkable. We guarantee it, and back up that guarantee with "money back if it shrinks."

Stanfield's Unshrinkable Underwear

fits like a new skin—fits every part of the body—in warm, snug, and comfortable. Made of the famous Nova Scotia wool—in all weights to suit all temperatures from Halifax to the Klondyke.

Insist that your dealer gives you Stanfield's—the Underwear that will not shrink.

While we cannot recommend cheap and weak \$3.00 and \$5.00 sets of teeth. After patients have been used they persist in having such, we can supply them much easier than the best, which in such work is none so good. If patients desire satisfaction in dental operations and repairs always the best!

5-17 Grand Valley, Gaspe Co.

RECKLESS COURAGE

Of Both the Russians and the Japanese

AT PORT ARTHUR.

Brilliant Charge and Counter Charge With Bayonets.

London, Nov 17—The Daily Telegraph correspondent with the Japanese army before Port Arthur describing the attack of the Japanese on the eastern fortified ridges on Oct 30th, says: "The terrific and continuous bombardment, night and day, from Oct 27 to Oct 30, culminated in wonderful practice, quite beyond criticism. With appalling rapidity countless bursting shells mingled their smoke into a dense oscillating mass of vapor, laden with earth and gleaming with flashes of fire, the climax being reached at one o'clock with a tremendous fire of shrapnel across the broken breastworks of the fortresses. Suddenly every gun ceased fire, and the Japanese Infantry rushed out from their parallels over the hills had ceased reverberating with the thunder of the cannonade, from seven separate quarters against the Rib Lung, Ke kwan and Pan lung fortified ridges. The attack was simultaneously developed. Without a single premonitory faint, fully 4,000 troops dashed out pell-mell with fixed bayonets, waving standards and rending the air with shouts of 'Banai!'

The correspondent details how the various Japanese attacks were checked by the big moats and the terrible Russian fire which rapidly depleted their ranks, notwithstanding a clever covering fire of Japanese artillery, and says: "It was most remarkable, even incredible, but fully substantiating surmises of their ability to withstand the fire of the heaviest Japanese ordnance, how the Russians despite the previous bombardment, replied from their fortress guns, although 1,800 five hundred-pound shells had been fired that day, not shouting thousands of smaller projectiles. It is estimated that the days bombardment cost the Japanese \$20,000 representing nearly twenty per cent of the total cost since the opening days of the siege in August. Before half an hour had elapsed, the Japanese abandoned the attack against the south Ke kwan fort.

"By four o'clock the Japanese fire had diminished in intensity

The letter of Miss Merkley, whose picture is printed above, proves beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and inflammation, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared, and in eleven weeks I was once more strong and vigorous and perfectly well.

"My heartiest thanks are sent to you for the great good you have done me." Sincerely yours, MISS MARGARET MERKLEY, 27 1/2 Third St., Milwaukee, Wis.—\$5000 worth of original of above letter proving genuineness cannot be produced.

A MINE HORROR.

Fourteen Men Killed by an Explosion.

NEAR FERNIE, B. C.

Winnipeg, Nov 19, (Special)—A Fernie, B. C., despatch says that fourteen miners were killed at Carbonado mines, near Morrissey yesterday afternoon, as a result of a terrible explosion of coal gas.

The disaster occurred in No 1 mines, ten miles west of Fernie. The work of rescue was kept up all the afternoon, and all the bodies were recovered.

The dead are—Mr Jenkins, Lewis Carlin, Peter Kenny, Albert Johnson, Patrick Boyle, Wm Platt, Mike Gustick, Anton Preyensch, Venessa Venekia, Martin Tomcsak, Anton and John Bronszo, two brothers, Joseph Suchy and James Greenman.

The wife of the Jenkins, one of the victims, arrived from the old country only on Thursday.

D. Darcy was the only man to escape from the mine, and he had an experience he will never forget. He was a driver and was on the way out when the terrific shock came. Darcy heard a noise, in the interior of the mine, followed by a mighty rush of dust and gas. He made his way out to the tunnel mouth, where he was rescued by friends. He is suffering severely from the shock.

"After dusk the Russians sortied and recovered the ground lost between the east and the south Ke kwan forts. They recovered the 'P' forts, at 10 o'clock in the evening. By General Inohnoy's gallantry restoring the mine, and despite 250 casualties, expelled the Russians by sheer dash and courage. Indeed his personality won the hill for the Japanese.

"After having captured the Caponies (covered galleries) of the east Ke kwan fort, the Japanese engaged in a bloody fight in the underground passages, slowly winning the vitals of the fort inch by inch, despite the bombs and mauling guns of the Russians defending the casemates.

To Break Up a Cold

Right quickly nothing works so nicely as Nervine taken real hot. It sends a flowing warmth all through the body, and when rubbed on the throat and chest loosens up the cough and relieves tightness and soreness in the chest. Nervine is used as a preventive and cure for colds, coughs and winter ills in thousands of homes because it goes right to work and brings relief without delay. It is the best of the world with half the power and merit of Nervine; it's invaluable in every house. In large bottles, price 25c.

FATAL ACCIDENT

To Son of the Late Rev. J. Barker.

VICTORIA, B. C., Nov. 16.—Charles H. Barker, son of Nanaimo's foremost barristers, is dying at his home in the coal city as a result of a fall from a precipice fifty feet high. He and Mr John Teague spent last Sunday deer hunting, Barker getting a fine buck. Hampered with the heavy pack, night-fall found the hunters still on the mountain, and, missing the trail, Barker, with his deer, went plunged down a abyss. Teague made his way down to him, but found his companion unconscious. He stayed by him all night in a howling wind and rainstorm, and at daylight went in search of help. Barker was carried to town on Monday afternoon. His skull is fractured, three ribs are broken, his jawbone is smashed, and serious internal injuries are added to the total of his cuts. These, with the exposure which he has undergone, make his case apparently fatal. Barker was returning officer in the recent election, and the official count on Thursday was conducted by him.

Mr Barker was a New Brunswicker, son of Rev Joseph Barker, at one time Congregational minister Sunbury county, and at the time of his death Presbyterian minister at Escuminac Que. Mr. C H Barker taught in the Sheffield Academy when a youngster, and went west twelve or fifteen years ago. He took up the legal profession in British Columbia and was doing well. He was about forty-two years old and had many relatives in this province. His wife was formerly Miss Bertie Russell, of Newcastle Northumberland.

If You Are Losing Weight

Your system is out of order and Ferrozone is needed to start a re-build-process. Ferrozone makes new tissues, forms wholesome blood, strengthens the nerves and keeps your physical condition up to the proper standard.

"I lost fifteen pounds through La Grippe" writes Cyril Lash of Hartford, "but soon regained my former weight and improved my health by using Ferrozone. It's the best builder and finest tonic I ever used." Price 50c per dozen—it assures health.

A NEW LIFE SAVING DEVICE

A Contrivance Designed to Prevent Accidents From Open Switches

A device for the prevention of accidents at open switches is being installed on the I. C. R. It is known as the "Hughes" electric switch circuit breaker." The idea of the new contrivance is that whenever a switch is opened at a station the semaphores are put up and cannot be got down until the switch is closed again. This is claimed to make it practically impossible to have accidents from misplaced switches. No train shunting in a yard could get in until the switches were closed, unless no attention was paid to the semaphores signals.

It is said that rain, snow or frost will not affect it, and that it requires no attention, does not get out of order and any breakdown after five minutes instruction knows how to handle it.

We Offer \$1,000

For a Disease Germ That Ligozone Can't Kill.

On every bottle of Ligozone we offer \$1,000 for a disease germ that Ligozone does kill. We do this to assure you that Ligozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless against germs in the body. Ligozone is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless against germs in the body. Ligozone is the only way known to kill germs in the body without killing the tissues, too.

Ligozone—like an excess of oxygen—is deadly to vegetable matter. Ligozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Ligozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Ligozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases. These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Acts Like Oxygen. Ligozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is an absolutely certain germicide. The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

Ligozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it. The results are inevitable, for a germ disease must end when the germs are killed. Then Ligozone, acting as a wonderful tonic, quickly restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Ligozone, and it cures diseases which medicine never cures. Half the people you meet—wherever you are—can tell you of cures that were made by it.

Germ Diseases. These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Trainmen say that a device of this kind is very much needed and that this contrivance gives promise of working satisfactory and proving a means of saving lives of employees and the travelling public.

The patent was invented by a couple of I. C. R. employees in Quebec and has been tried successfully at Moose Park, between Levis and Montreal.

The I. C. R. authorities believe the apparatus will be a useful addition to the road and the general manager has ordered four more to be installed at different points on the eastern and northern divisions. Men are now at work installing the switch at Oxford Junction, Macaan, Trois Pistoles and Millstream.

Resolutions endorsing the device have been passed by Stadacona Division G. R. C., at Quebec; Drummond Division, H of L. E. Hadlow, and Moreau Lodge, B. of R. T. South Quebec.

The switch has been patented in Canada and the United States.

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectation easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

SELLING OUT

Having decided to sell out our Clothing Line to replace same in some other line of goods, I will sell for one month, regardless of cost, that entire line consisting of

Children's, Boy's and Men's Clothing and a Few Ladies' Coats.

Below we give a few extracts of our reduced prices:

- Children's Suits, worth \$2 25 and \$3 00 for \$1 75 and \$2 25
- " " " 3 50 " 4 00 " 2 50 " 2 75
- Children's Knee Pants, good value, for only 50c.
- Boy's 3 piece Suits, well worth 4 50 and 6 00 for 3 00 and 4 50
- " Reefers, former prices 2 75 " 3 25 " 2 00 " 2 50
- Men's Grey Oxford Suits, " 8 00 for 4 50
- " Cheviot Brown & Bl'k Suits " 8 00 " 4 50
- " All-wool English Cloth " 12 50 " 8 50
- " Overcoats, Grey Oxford " 10 00 " 6 00
- " " " " " 12 00 " 8 50
- Boy's and Youths' " " worth 5 00 and 6 00 for 3 50 and 4 00
- Men's Pants, all kinds, from 75c. up
- Ladies' Winter Coats, former price \$2 50 for \$1 00
- " " " " " 5 00 " 3 50
- " " " " " 6 00 " 4 00
- A few Misses' Coats worth 4 50 for 3 00
- " " " " " 2 25 " 1 60

Furs.

Come and see our Ladies' Fur Collars, Boas and Caps, all reduced.

The \$2 00 line for \$1 50, the \$3 00 line for \$2 00, the 3 50 line for 2 25, the 4 50 line for 3 00 the 6 50 line for 4 75.

Men's nice Persian Lamb Caps worth \$9 00 for \$6 00.

We will also sell during this sale some of the heavy Dry Goods such as

White and Grey Shaker Flannel Blankets, full size, worth \$1 25 for 90c

Grey Wool Blankets, worth \$2 50 for \$1 90; and worth \$2 25 for \$1 40.

Comforters, single, worth 90c for 65c; double, worth 1 60 for 1 20; and 2 00 for 1 45.

Double width Elderdown, 56 in., worth \$1 10 a yd. for 75c

Heavy Rod Flannel, 56 in. wide, " 1 20 " " 85c

Heavy Grey and Black Cloth, suitable for Ladies' or Children's Coats, good quality, former prices 60, 70, 85, and \$1 50 per yard, now for 40, 50, 60, and \$1 10 per yard. Heavy Blue Serge, 56 in. wide, for Skirts or Children's Suits, worth 60c a yard, for only 45c a yd.

It would take too much space to enumerate every article. Come and see for yourself what bargains you can get from us during this month. Remember the place

H. J. E. Martins',

DALHOUSIE, N. B.
