DOAKTOWN

Misfortunes Come not Singly
As an illustration that, troubles never come alone, Mrs. S. D. Betts of Hazelton has had the misfortune to cut her hand so badly with an axe as to be entirely disabled.

This affliction comes directly after the sad news of her son's death after being wounded the second time in France. By this young man's death Doaktown has lost one of its best, if not the very best young men in the place.

Lively Sports
The woods here are alive with sports. A bunch of seven came to Doaktown last Friday night, put up at the Aberdeen Hotel one night and proceeded to Hopewell Lodge on Cains River, on Saturday with Frank Russell, Lorne Dixon and George Hinton for guides. They were a jolly bunch like so many kids just out from school. One of the sports, Mr. Foster of Toronto, was suffering with a very bad cold, but he takes the medicine a Doaktown quick prescription, viz: fall into Cains River and get wet clear over the ears. He will soon be a well man.

Diphtheria Prevalent
We regret to have to record the fact that diphtheria is very prevalent around this vicinity and Ludlow just now, but it has this redeeming feature: It has been the means of ushering a visit from the noted health officer, John Vanderbeck of Millerton who has always been so zealous in performing his duties in his capacity as a member of the Board of Health.

Good Wages for Woodsmen
There are stirring times here for the woods. In fact the times are so good and men's wages so high that some days in the woods are most of game but we learn there is just as much game in the woods after they came out as before they went in.

Empty Handed Hunters
Rev. S. Stackhouse and a friend from St. John have been spending some days in the woods in search of game but we learn there is just as much game in the woods after they came out as before they went in.

Bagged Big Moose
That noted soldier and hunter, Major Fred H. Messereau, while home on a week's vacation, spent most of the time in the woods hunting, accompanied by his wife and Mr. and Mrs. Lewis of Chatham. He succeeded as he always does in getting his moose, the only difference between this venture and his former ones, being that this time he shot the largest he ever saw. If you don't believe it ask Ben Stewart.

Moose in Danger
This week Mr. Gruber with Bradford McEuff as guide, are in between Stuart Brook and Cains River. This means that about next Monday they will come out with a moose second only to the one Fred Messereau shot, because Bradford has been spotted and never fails to point out a good one for his sport.

No Hair Cutting or Shaving around Doaktown this week because the barber is away hunting.

Profit in Bobcats
Mr. Wathan, our school teacher and hunter, went out with his last Saturday and brought in a Bobcat for which he got a bounty and a price for the hide. He would sooner hunt than eat.

Girls Interested
Our station agent Mr. Chalmers, has his hair cut this week and last and is spending it as he always does in the woods after game. He doesn't have to have them tied to shoot them. During his vacation his place in the office is filled by Mr. Crocker of Millerton. The girls hope that Tom's vacation will last a long time.

The Big Problem
With four \$11.10 a barrel, potatoes, \$4.25 a barrel and beans a cent a piece, and pork so high one dare not look a pig in the face, the task of making a living is getting to be a problem.

Promising Blacksmith
Mr. Chester Mitchell engaged at blacksmith work with Everett Lyons. Chester will make a good blacksmith, as he does all things well.

Preparing Winter
Martin Larsen is busy putting on everybody's storm windows, because he is the only man in Doaktown that can go where a cat can't.

Sight Improved
Our prosperous merchant, Mr. Cummings has had a successful operation on his eyes and we are all pleased to know that he can see as well as ever. In fact he can see all that's going.

Capable Secretary
The Red Cross Society of Doaktown is doing good work. It cannot be overpraised for its progress with such an enterprising girl as Miss Lillian Price as Secretary.

Looking for the "Chevrolet"
We hope to see that "Chevrolet" car come to Doaktown about the time this Advocate of this week gets here. Everybody who subscribed or renewed expects the first drive.

Repairs to Church
The repairs and additions to the Baptist Church are being pushed to completion under the supervision of L. B. Amos with Ernest Crossley of Blissfield as head carpenter and James Gilks as painter.

Finishing House
Alexander Amos has gone to Blissfield to build a fine little cottage. He built this summer by Royal Hurley the popular butcher and meat merchant of Blissfield.

Buying Cattle
Mr. Grey of Fredericton has made his usual fall trip over here, and purchased a lot of young cattle and horses being loaded at Doaktown. He takes them to his farm and feeds them all winter and sells in the spring for Easter beef.

Gone to Toronto

Walter Freeze is in Toronto where he went to accompany his wife home. They are expected to arrive about Thursday.

A Good Trader

John Carr is doing flourishing business in beef. He has bought a number of young cattle some of which he sold on foot and some he butchered and sold the beef. He can get more dollars out of a beef ox than other men, unless it is Mr. R. Hurley. He has a number to market yet.

Mr. Gruber of Spring City, Pa., with his wife and friend, Miss Funk, are here on a hunting trip. They spent the last two weeks at Mazerell Lake with Thos. Weaver, as guide.

Dr. Wier and a friend, Mr. Robinson, of St. John, spent the last few days on Dunganvorn aftergame.
