NERVES AND FAINTING SPELLS

Sent Woman to Bed. Great Change After Taking Lydia E. Pinkham's Vegetable Compound

Sarnis, Ontario.—"After my girlie was born I was a wreck. My nerves were too terrible for words and I simply could not stand or walk without pains. I suffered with fainting spells until I was no longer any good for my household daties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition at that time. My neighbor said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound? I am sure it will do you good and will save those doctor's bills.' So I was advised by my husband to try it after I told him about it. I am very thankful to say that I was soon able to take a few boarders for a while as rooms were scarce at that time. My baby is 17 months old now and I have not yet had an operation, thanks to your medicine. I have recommended the Vegetable Compound to a few people I know and have told them the good it has done me. I know I feel and look a different woman these last few months and I certainly would not be without a bottle of your medicine in the house. You can use this letter as you see fit, as I should be only too glad for those suffering as I have to know what it has done for me."—Mrs. Robert G. MacGasson, R. R. No. 2, Sarnis, Ontario.

A recent canvass of women users of the Vegetable Compound report 38 out of 100 received boueficial results. This is a researchable proof of its merit. C

Canada's New Link With Alaska

T is not many years since Alaska awas one of those countries whose geographical location was indicated with a grandiloquent sweep of the arm northwards. It has always been a land of mystery, romance and adventure. It has provided the theme for the thrilling tales of novelists and the stirring poems of northern bards. But even though the day of the chechako and the soundough is done, the brief but active span of the Dangerous Dan Magrews and the Lady Lou's, matters of historical reference, the lure of Alaska has not waned, but is as appealing as ever to the hearts of men and women wherein a bit of romance lurks, and that means to everyons.

Alaska is no longer a far off country. It is a very near neighbor to Canada. It will be even mearer this summer. Mr. J. E. Delrympic, Traffic Vice-President of the Canadian National Railways, has announced that commencing on June 2Ind, the company will inaugurate a weekly steamship service between Prince Rupert and Alaska and that the-oil-burning steamships, "Prince George" and "Prince Rupert," which have already established a reputation as being among the best-appointed vessels on the Pacific Coast, will be engaged in this new service.

Going northward the ships will reach Prince Rupert at 10.30 on Wednesday morning, following the Monday of saling from Vancouver, and tourists will be given as no popertunity to see something of this new Pacific port, as the steamer does
