The Battle of the Ballots.

At this writing considerable doubt and uncertainty exists regarding the actual standing of the political parties in Canada, in consequence of the elections held all over the Dominion yesterday. The Grits claim that the Government is defeated and that Laurier will have a good working majority of Liberals when Parliament meets. But, in the absence of complete returns from Quebec, Ontario and the West, the question admits of much speculation. It is true that, according to present accounts, the three French Cabinet Ministers, Angers, Tailon and Desjardins, have been defeated in Quebec. It must be remembered, however, that, although this is a very serious blow to the Government, it is not a decisive one. The three seats were held by Grits in the last Parliament, and were secured by the Ministers in the hope of capturing them from the enemy. Not half of the constituencies of Ontario have been heard from; but of those reported, the Liberal seat has a majority. But little news has come from Manitoba and the Northwest; but such as has come in has been good for the Conservatives. The most pleasing item of information comes from the West, that is the election in Winnipeg of Hugh John McDonald, by a good majority, over the author of the Manitoba school act that caused all the trouble, the infamous Joseph Martin. Another satisfactory incident of the general result is the defeat, in Beauharnois, Quebec, of that contemptible Grit creature, Y Israel Tarte. According to present advice, the Conservatives have returned a strong majority; the City of Halifax elected a Conservative and a Grit; Mr. Kenny is defeated. New Brunswick has returned a Conservative majority. The City and County of St. John reported in the last Parliament by two Conservatives, returned two Grits. This was in consequence of a third ticket being in the field, six members running for two seats. At the same time, New Brunswick won two seats from the Grits; Charlotte and Carleton. So far as this Province is concerned, it is satisfactory to know that it elected a majority of Conservative representatives, three to two. That is a gain of one representative over what we had in the last Parliament; but it is actually a gain of two seats formerly held by Grits, one in Prince County and one in Queen's. The members elected for the last land are: for King's, McDonald, Conservative, with a majority over McIntyre, Grit, of 28 votes; East Queen's, Martin, Conservative, majority over Welsh, 284; West Queen's, Davies, Grit, majority over Jones, 307; Lincoln, Prince, Yeo, Grit, majority over Hunt, 24; West Prince, Hackett, majority over Perry 74. It will thus be seen that, had the other Provinces done as well proportionately as this Island, the Government would have been handsomely sustained. Until the full returns are in from every riding in the Dominion, nothing more definite can be said.

stood from the following plank in their platform: "We renew and emphasize our allegiance to the policy of protection as the bulwark of American industrial independence and the foundation of American development and prosperity. This true American policy forbids foreign products that encourage home industry. It puts the burden of revenue on foreign goods; it secures the American market for the American producer; it upholds the American standard of wages for the American workman; it puts the factory by the side of the farm and makes the American farmer less dependent on foreign demand and price; it diffuses general thrift and founds the strength of all on the strength of each. In its reasonable application it is just, fair and impartial, equally opposed to foreign and domestic monopoly, to sectional discrimination and individual favoritism. We denounce the present Democratic tariff as sectional, injurious to the public credit and destructive to business enterprise. We demand such an equitable tariff on foreign imports which come into competition with American products as will not furnish adequate revenue for the necessary expenses of the government, but will protect American labor from degradation to the wage level of other lands."

In the face of the foregoing declaration of principles how foolish it would be for Canada to depart from the National policy. It must be plain to everyone who gives the question the slightest thought that, were the free trade principles advocated by the Grits to obtain, Canada would be at the mercy of our protected neighbors to the south. With their highly protected industries and free access to our markets our manufacturing and mercantile interests would be thrown out of employment, and the capital invested be lost. Not only that; but reciprocity would be out of the question; for the Republicans, notwithstanding that they place a reciprocity plank in their platform, will never make any advances in that direction until they are convinced they will thereby reap some benefit. But if the tariff barriers on the Canadian side were thrown down they would have nothing to gain by offering us reciprocity, from the very fact that they would already have free access to our markets, which is all they want. It must, therefore, be evident to everybody that the only hope Canada might have of obtaining reciprocity with her republican neighbors, if she so desired, would be by standing by the National Policy and keeping up the barriers that protect our home industries and preserve our home markets.

St. Dunstan's College.

The closing exercises of St. Dunstan's College, for the academic year 1895-6, took place in the Lyceum, before a large audience, on Thursday evening last. His Lordship, Bishop McDonald, presided over the exercises, and the Rev. Peter Curran, Rector of the Cathedral, presided over the exercises of the College, and Rev. D. J. G. McDonald, of Summerside; his Hon. Lieutenant Governor Howland; D. J. Kane, Esq., U. S. Consul, his worship Mayor Dawson, and Judge D. O. M. Beadin, occupied the seats of honor. 18. The musical selections by the college orchestra were of a very high order and were hearty and well-merited applause. Mr. P. P. Doyle read his prize essay on "The Future of the Young Men of P. E. I." It was well written and contained much excellent matter for serious consideration. It was listened to with the greatest attention, and the Hon. the Lieutenant Governor, and his essay was a model of correct and

concentrated philosophical thought. The address to the graduates was delivered by Rev. D. J. G. McDonald, of Summerside. In thought and diction it was excellent, and its eloquent delivery elicited rapturous and repeated demonstrations of applause. The address dealt with the matter of education, from a literary and philosophical point of view and enunciated in emphatic and unmistakable language the essential constituents of a thorough mental and moral training. The Rev. orator then reviewed the history of old St. Dunstan's and showed how her aim had always been to impart a sound Christian education such as he had enunciated. He next passed in review the galaxy of her graduates who had won distinction in the different professions and in all walks of life. Complimentary addresses were then delivered by his Honor the Lieutenant Governor, his Honor the Mayor, the U. S. Consul, Judge Beadin and the Rev. Rector of the College. The last named paid a high compliment to the excellence of the work done in St. Dunstan's by his first Rector, the Father Augustus. The interesting proceedings were then brought to a close by the singing of the National Anthem. Following is the prize list:
