The Exhibition.

A SUGGESTION.

Successful as were both the Industrial and the Agricultural Exhibitions generally, there was one defect in the Agricultural Show, glaringly great, standing out discordantly and disagreeably amidst the otherwise general excellence of the show. The accommodations and means of displaying the qualities and points of horses, cattle, &c., exhibited were lamentably inadequate. It is conceivable that the place selected for this purpose might have been worse, but it would have been difficult to find a worse place. We have no doubt that a difficulty confronted the management. They wished, it would appear, and properly so, to have everything in close proximity. They succeeded in getting them close, and also succeeded in getting what might have been an admirable exhibition of live stock. We do not know whether Jewell's Place could have been better for the week. It is close to the two rinks, and there would have been space to erect sheds for the live stock and to make a ring for parading and showing the paces and other qualities of the stock.

The accommodation actually offered for live stock was such as afforded little or no encouragement to the owners of live stock. Good as the stock were, the means of exhibiting their excellent qualities were ludicrously insufficient. We do not wish to be unduly hard on the management of this part of the Exhibition. Our criticism is not intended to be severe, but it is intended to be strong, with a view of directing attention to a grave shortcoming, and certainly to stimulate a desire to remedy the evil and suggest adequate provision for the display of live stock next year.

It is, we believe, the intention of both the Manufacturers and the Government to make this event an annual one. If that is so, would it not be well to have a permanent ground, and what better ground could be chosen than the Parade Ground? Fenced in, improved, and with suitable erections, and two armories at hand, if extra accommodation were required, it could be made into an ideal place for agricultural exhibition purposes, and when not required for shows, would be available as a playground for children and youths.

We shall be glad to have this matter discussed, both pro and con, because if there is anything in it, discussion will bring it out, and will also expose whatever weaknesses may be lurking in it.

Our Boys Shine.

At Sydney recently two interesting football matches were played by the Cornwall's team and the Y.M.C.A. In the first match the former won by 4 goals to 1, but in the latter the Y.M.C.A. were victorious by 2 to 1 goal. Messrs. Quick and Roberts, late M. O. B., and several other St. John's boys played with the Y. M. C. A., and their work was excellent. One of the Sydney papers said that the Newfoundland boys opened the eyes of the Sydneyites as to their exhibition of fast play and combination.

Policeman Wanted.

Saturday night as Mr. H. W. LeMessurier and wife were coming up King's Bridge road both narrowly escaped serious injury if not death, only for Mr. LeMessurier's presence of mind. Three teams drove down there at a rapid rate and one of them took the sidewalk. Mr. and Mrs. LeMessurier would have been pinned against the fence but that Mr. LeMessurier hit the horse and made it swerve and both barely escaped. Nightly carmen rush over this thoroughfare at great speed, often encroaching on the sidewalk, and if accidents are to be averted a policeman should be stationed there from 5 to 9 p.m. The light has been out there the past few nights and should be attended to.

McMurdo's Store News

MONDAY, NOV. 7, 10.

We could not help noticing at the Exhibition that our stall was a continual attraction to visitors. Not only when the building was crowded, when of course all the stalls were well patronized, but at times when there were comparatively few present, McMurdo's stall always had the fact that our show in itself was well gotten up and bright, people appear to have been forcibly impressed with the fact that we make and have been making such a number of toilet and household preparations, and those who prove these preparations practically will certainly not be disappointed in their use. Quality is our motto—and we live up to it.

Great Herring News.

Passengers from Bay of Islands by the express to-day bring the good news that herring have struck in very plentiful at North Arm. Three American schooners are there in charge of Capt. Bonia, who is fast loading them up with herring. The crew of the Portia reported seeing herring all the way from St. George's to Bay of Islands.

Worst Case Of Eczema

Cure only came when doctors gave up and DR. CHASE'S OINTMENT was used.

Mrs. Wm. Miller, St. Catherine's, Ont., writes:—"My daughter Mary, when six months old, contracted eczema and for three years the disease baffled all treatment. Her case was one of the worst that had ever come under my notice, and she apparently suffered what no man could ever describe. I had three different doctors attend her all to no purpose. Finally I decided to try Dr. Chase's Ointment and to my surprise she immediately began to improve and was completely cured of that long standing disease. That was four years ago when we lived at Cornwall, Ont., and as not a symptom has shown itself since, the cure must be permanent."

The record of cures which Dr. Chase's Ointment has to its credit have placed it alone as the standard cure for eczema and all forms of itching skin diseases. Do not be satisfied with imitations or substitutes, 60 cents a box at all dealers or Edmondson, Bates & Co., Toronto.

POLICE COURT NEWS.

To-day a drunk and disorderly, picked up on Water Street yesterday, was fined \$2 or 7 days.

A man who was charged with being drunk and disorderly in his own house and also assaulting his wife was fined \$5 or 14 days for the first offence, and for the latter he was asked to find two sureties in \$20 each or go down for 3 months.

Another man was charged with being drunk and disorderly in his brother's house and was convicted and sentence was suspended to give him a chance to quit the domicile.

Some unlicensed dog owners, summoned by Sergt. Oliphant, paid up their fees.

Here is a Real Dyspepsia Cure.

No Indigestion, Gas, Heartburn or Headache five minutes later.

The question as to how long you are going to continue a sufferer from Indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapepsin.

If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapepsin occasionally, and there will be no more Indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Page's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel life is worth living.

Very Sudden Death.

Saturday death overtook Mrs. Frank Maynard of Flatrock in a very sudden manner. Mrs. Maynard who was in her 64th year was proceeding from her barn house to the residence of her son James, when she was suddenly seized, and fell to the ground. Her son who came to his door a few minutes afterward saw her lying in the mud, and ran towards her. On reaching the prostrate form he found that his mother was dead, having evidently succumbed to an attack of heart failure. Only on Tuesday another son Frank, left here on the Bonaville for Montreal. Mrs. Maynard was well known in St. John's.

Fishery News.

The fishermen of Portugal Cove who are following up the trawl fishing are doing well. Miller and crew with eight lines out caught eight quintals on Saturday last and loaded their boat.

At Outer Cove, Mr. Hickey with his crew of three men had 7½ qtls. on Friday last.

At several Courts of Europe, including Britain, brief records of scandals affecting people are preserved, in order that the appearance at Court of those compromised thereby may be avoided. The British Royal records of unpleasant incidents are kept by the Lord Chamberlain's department.

People who invite the King and Queen to dinner must escort their Royal guests into the dining-room first and see that they are placed in the centre of one side of the table, with the principal guests on both sides of them. It is considered etiquette for people to address the King as "Sir" and the Queen as "Madam."
