The Evening Telegram.

IF it is only because they are so interesting—apart from the practical opportunities they offer—the small advertisements in the People's Paper, the EVENING TELEGRAM, are well worth studying.

THE NICKEL.
MONDAY AND TUESDAY.
The Violin's Requiem.

A Kaleid Film de Luxe. A romance of Madrid in the days of 1820. Pathetic in its appeal; the story of the dying musician—his bitter memories of the past—and its affecting finale, will attract all Nickel-goers. The old man's dream reverie is particularly touching.

The Operator at Lonedale.

A vividly interesting film, with a brave girl as the central figure. Spectators will be unable to see without a thrill this account of the adventures and escapes of the heroic defender of the pay-money in a lonely country station.

The Krimmel Waterfalls, Austria.
(Beautifully colored).

The most picturesque of the Austrian cascades, seen at moonlight; very pretty.

Jiggers Wants A Job.

A Gaumont comedy of the unemployed.

WHEN PURCHASING A MOTOR ENGINE

Don't listen to the man who tells you that the Gasoline Engine is the ONLY ONE, or to the man who says the Kero. Oil Engine is the ONLY ONE. They are both good, when used for the work they are most suitable for.

We don't bind ourselves to any particular make, because we want to be honest with the purchaser and give him the Engine which will suit him best.

We Sell **GASOLINE** and **KERO. OIL ENGINES**, and always have them in stock.

Be sure and find out from us which Engine will suit you best before buying. We have had the experience and know what will suit your work.
