

Missionary Service at Cochrane St. Church.

Yesterday was observed as Missionary Sunday in Cochrane St. Church. The Rev. C. A. Whittemarsh, M.A., conducted the opening exercises at the service of the morning, the Rev. Dr. Curtis being the preacher, who took as his theme, Paul's wonderful message and heart to heart talk with the Ephesians which had the genuine ring of the true missionary spirit with it, based on the text found in Acts 20th Chap, verse 24. The learned Doctor is a forceful and thoughtful speaker and made an earnest plea for the great cause of missions. In the evening a platform meeting was held, presided over by the Hon. H. J. B. Woods, P.M.G., who in a short opening address told of the work being done by the missionary society and anticipated a splendid future for missions after the war terminated. The report was presented by Mr. Arthur Mews, who spoke of the work being done by the General Missionary Society and its claim on the generosity of our people. Newfoundland contributed last year for missions \$16,537 not including \$1,406 raised by the Women's Missionary Society whose work Mr. Mews complimented and paid a splendid tribute to their devotion for the mission cause. After a solo rendered by Mrs. Farndale, the Chairman introduced the speaker of the evening, the Rev. J. S. Sutherland, M.A., of the Presbyterian Church who after congratulating the officials and others on the splendid new school building, proceeded with his address basing his remarks on the "Kingdom of God in modern missions." The speaker reviewed the history of missions down through the ages and contrasted the work being done at the present time and that of years ago. This is no time for apathy and indifference on the part of the Christian Church. The Church must be aroused to its opportunity. God's interest in men is intense, all must have a knowledge of the truth, and carry out the principles and precepts of Jesus Christ. There must be a constant development and growth of the missionary cause on the part of the people in our Christian Churches. The glad evangel of the Gospel must be proclaimed, then we can expect as a result a better world and a better people. Mr. Sutherland's address was listened to most attentively, the large congregation present and was pronounced one of the best addresses delivered on this important theme of missions. The choir helped to make the service a success by their splendid rendering of the anthem, "Thou Lord in the beginning," with solo by Miss Vincent. The congregation joined heartily in the singing of the well known missionary hymns.

Presentation at the Station

Messrs. Frank Keating and H. Barnes left by last evening's express en route to Detroit, Michigan, where they both have secured good positions. Mr. Keating is a son of John S. Keating, Esq., Deputy Minister of Finance, and will take up work as lithographer. They were both members of the B. I. S. Athletic Association a large number of whom were at the station to see them off. Mr. J. P. Crotty on behalf of the members presented Mr. H. Barnes with a handsome gold watch and chain, showing that the Association appreciated his valuable services as Treasurer the last three years.

Lieut. Harvey and the Figure 7.

In connection with Lieutenant Gerald Harvey, who was wounded at the Dardanelles, the figure 7 has a striking significance. He was wounded in the right arm, between the elbow and shoulder, by shrapnel. After the leaden missile had been extracted a cut was left in the injured member, as a result of the probing of the doctors, having a perfect resemblance to the figure 7. Shortly after being discharged from hospital in the Old Country Lieut. Harvey became interested in a proposition or small investment amount, the outcome of the lucky digit referred to.

Killed in Action.

Mr. W. H. Stirling, of H. M. Customs, received word from Sydney this morning informing him that his nephew, Mr. Don McNeil, had been killed in action on April 19th, and that particulars would be given when received.

Sunday

The Corn Aches
You apply a little Blue-jay plaster. The aches instantly, and it never will return. You can prove that in one minute. A million women prove it every month. A corn will never pain again after Blue-jay once goes on it.

Monday

No Corn Pain
On Monday you won't know you have a corn. It is gently disappearing. You know that corn is done for. You know it won't come back. You may also know that soreness will not follow. For Blue-jay is a gentle and efficient.

Tuesday

The Corn is Gone
In 48 hours Blue-jay ends 91 corns in 100. The other 9 per cent are tough corns which need another application. Such has been the history of 70 million corns, since Blue-jay was invented. And any user will assure you that such results are certain. Prove that fact tonight.

MADE IN CANADA. 15c and 25c at Druggists

Enlisted in Canada.

Messrs. W. Watson and Jones who left here some time ago for the Canadian Northwest to take up farming, and were engaged there for the past twelve months or so, have now enlisted in a Highland Regiment at Edmonton, Alberta, and are now in training there. Mr. Watson who was very popular in this city, and whose services as a reciter at the different social events was very much appreciated, desires to be remembered to all his old friends in the city. He was a clerk at Steer Bros. dry goods, before going west, while Mr. Jones worked at Hon. Geo. Knowling's.

HEARTS ABLAZE.

The Broadway star artists of the Vitagraph Company present a powerful human interest story at the Nickel Theatre to-day entitled "Hearts Ablaze." Among the clever artists in the cast are Julia Swayne Gordon, L. Rodger Lytton and Leo Delaney. This is one of the finest pictures ever shown at the Nickel, and no doubt it will attract large audiences. The acting is perfect while the photography is of the best. Bert Stanley and Jack Lane will be heard in new songs. Wednesday the "Romance of Elaine" will begin. This is a great serial, better than all others and certain to please all. Friday Charlie Chaplin will be seen in a two part comedy entitled "A Jitney Elopement." This is one of Charlie's best, and everyone should see it. All the performances at the Nickel this week are extra good.

C. M. B. C.

For many years past the first Sunday in May has witnessed the opening of the Harbor Mission work which is carried on by the Class, and yesterday saw the opening of the work for 1916. The members of the Class met at the Cathedral at 8 o'clock for the Corporate Communion. The celebrant was the Rev. J. Brinton, Chairman of the Class, and a goodly number of men were present. After leaving the Cathedral the Class assembled on the wharf of Messrs. Bowring Bros. where the service for the launching of the boat was recited by the Rev. Canon White, Rector of the Cathedral. In the course of his address the Rector referred to the good work that was being done by the Class in making the sailors and fishermen who visit St. John's feel that they were not forgotten by their fellow churchmen, and in giving them notices of the times of service in the different city churches, and in furnishing them with a generous supply of sound and healthy literature. He also pointed out to the men that the watchword of the present movement was "Service," and that throughout the length and breadth of our far-flung Empire men and women were vying with each other in their efforts to serve, and that the Empire was being powerfully served in service for God. At the conclusion of the service the boat, under the captaincy of Mr. Billiard, moved off from the wharf and Captain Saunders started the dock work amid the hearty cheers of the Class. The usual meeting of the Class was held in the Synod Building in the afternoon and the address was given by the Chairman of the Class. The meeting of the present session, and before its close a hearty vote of thanks was tendered the Chairman for the many helpful words he had spoken to the Class. On Sunday next the present session will close with a service for men in the Cathedral in conjunction with the Church Lads' Brigade, and the address will be given by the Rev. Canon White.
