**Hints to Home Decorators.**  
The decorating of the home is a fine art, the best results can only be obtained by careful study of surroundings the following hints may be helpful:  
If your room faces North use a Warm Coloured Paper such as Brown, Yellow, or Red.  
For rooms which get a good deal of sunshine, paper of cooler shades such as Greys and Blues may be used.  
Care should be taken to Harmonize Your Wall Papers with the Paints. Fawns and Tans usually blend nicely with natural wood finish or grained doors and wood-work.  
Remember Green is Nature's Colour for a Decorative Background, and Green Papers of the softer shades which contrast well with rugs, curtains, and pictures particularly if the latter have gilt frames.  
Small Rooms may be made to look Larger by the use of Striped Papers.  
On low ceilings only use a narrow bordering, or perhaps better again a drop ceiling of white paper which joins up almost unnoticeably with the white ceiling, and so gives the room the appearance of more height than it really has.  
It is important to buy your Papers at TEMPLETON'S who keep a Splendid Selection of the Newest Patterns at Prices which defy Competition.

**STEWART'S Home Made Bread,**  
THE BREAD MY DADDY LIKES.  
Daddy is evidently not one of those back number lords of creation who believes that woman's place is in the home—and only there. His taste in a wife is an up-to-date woman who will prove herself a real companion. He knows that if she is a slave to her kitchen she can't enjoy the poise or have the interest in world affairs that a little extra leisure would make possible; and so he is pleased to eat MRS. STEWART'S HOME MADE BREAD—the loaf with the home made flavor.  
The smiling, well-nourished kiddie doesn't look as though suffering because mother is progressive enough to buy good bread made by a bread specialist, instead of wearing out her life in the kitchen.
