### Corns Go Blue-jay to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then comes the cure and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plastic. The action is the same.

**Pain Stops Instantly**

### As the North Sees It.

(Tweedgate Sun.)  
OUR LATITUDE.  
We note the feeling of dissatisfaction among the people in respect to the way in which the National debt... and Canada have expressed their views as to the further... on the basis of actual public merit... Newfoundland honours are easy... There is no change in the market... value of a Newfoundland title... Recently there has been no quotations... The market fluctuates feverishly during... May, June and January 1st.

### HOW THE NEED, TITLE LIST STANDS.

The crop of titles in Newfoundland is not a very large one—perhaps the largest on account of the Great War... at any time in our history. Our... in the past was not to give... a K.C.M.G., but now nothing less than a Baron will do. Previous to 1918 we had on our honour programme Sir E. P. Morris, K.C.M.G. now raised to the Peerage, 1918. 1st Baron, Edward Patrick Morris, P.C., K.C.M.G.

### ORDER OF BRITISH EMPIRE.

The compiler of these figures reminds us, however, that the institution by Mr. Lloyd George of the Order of the British Empire has naturally involved a large increase in the number of titles, and he adds somewhat significantly, "Mr. Lloyd George has made 47 civilian Welsh Knights." Grouping all the orders conferred by Mr. Asquith and Mr. Lloyd George, the average of the former for each of the nine years of his Premiership was 640, that of the latter, for the first four years of his administration is 844 annually. Without a doubt Mr. Lloyd George has, by his generous allocation of titles, given happiness to a large number of people. The craving for a title is very general, more so to-day than ever before in the history of the country; and the difficulty which must have confronted the Prime Minister from time to time would be not to find willing acceptors, but rather to limit the number of appointments. The Man chester Guardian recalls in this connection a great English ecclesiastic who gave the three best living in his gift to his three sons-in-law. When he was taxed with this he grew indignantly indignant, and said it would be a cruel injustice if a deserving clergyman were to be excluded from preferment because his wife happened to be the daughter of a pretent.

### Old "Mobe" Bids Farewell to Halifax.

E.R. TRAINING SHIP GOES TO PHILADELPHIA TO BE SCRAPPED.  
The Niobe passed out Halifax harbor for the last time last evening, August 9th, says the Halifax Morning Chronicle of 10th inst, when she left for Philadelphia in tow of the American tug Germantown and Swansea. In a few weeks the former Canadian cruiser will be no more as the work of scrapping her is expected to start immediately on her arrival in Philadelphia.  
During the past week the Niobe has been in the stream and Halifaxians have been having their last view of her. The two tugs arrived here on Tuesday from Philadelphia and lost little time in getting started with their tow.  
Halifax will certainly miss the Niobe for she has graced this harbor for many years. Her appearance to-day is somewhat different from that of when she arrived here to become part of the Canadian Navy. At that time she was a cruiser of the finest type, but during the war when she was turned into a receiving and training ship she was closed in.

### World Shipbuilding Blow Pre-war Level.

World shipbuilding to-day is actually below the pre-war level, says a statement just issued here recently by "Lloyd's Register of Shipping." The decrease in production has been steady since the fall of 1919, and the volume of new orders continues to be far below completion of orders in hand.  
While the returns for the quarter ended July 1 show that the aggregate of contracts in hand is nearly \$30,000,000 gross tons more than the total of July 1, 1914, the report states, so many suspensions of work have been directed by those who placed the orders that the actual volume of construction actively under way is slightly below the pre-war figure.

### THAT CORN

STAFFORD'S CORN CURE  
is used. It is easy to apply. Price 15c. Postage 3c. extra.

Wholesale and Retail Chemists and Druggists, St. John's, Nfld.

### Tremendous Story at The Nickel To-Night.

A MOTION PICTURE THAT WILL STRIKE HOME.  
A motion picture that will strike home to many young American married couples is "Dangerous Curve Ahead!" Goldenwyn feature, written by Rupert Hughes, which is at the Nickel Theatre to-day. Miss Helene Chadwick, called the "most photographed girl in America," has the principal role.  
The story of the play concerns the early married life of a small-town girl who was the belle of her community before her marriage to an easy going domestically inclined husband. Inwardly chafing under the restraints imposed by the cares of her home, and the rearing of her two children, she seizes the first opportunity to taste again of the butterfly life in society, while her husband is away on business.  
How she avoids the Dangerous Curve, and is brought to her senses by the illness of her little child, eagerly resuming the yoke of domesticity, is dramatically portrayed.  
The picture is well acted and splendidly photographed, several innovations being resorted to that alone lift the film from the commonplace. Miss Chadwick does the best work of her career in the picture, and she is ably supported by Richard Dix, "Lefty" Flynn, of Yale athletic fame, James Neill, Edythe Chapman and Kate Lester.

### Everybody Should Know

How to judge the value of Soap. Here is a very easy way. Buy a bar of Sunlight Soap, the best soap in the world, best because it is purest and will not injure even a baby's tender skin. Then buy a bar of any other soap, put the two bars on a shelf in your kitchen for two months. At the end of this time have the two bars of soap weighed. You will find Sunlight Soap has lost no weight, whilst the other soap will be an ounce or more short. This test proves that Sunlight Soap is all soap, whilst the other soap was part water; no why should you waste money buying inferior? Buy Sunlight Soap and get the worth of your money.  
Another test is to wash one of your blouses or one of your husband's shirts with Sunlight Soap, and another blouse or shirt with some other soap, and see which blouse or shirt will last longer. You will find that clothes washed with Sunlight Soap will last much longer than clothes washed with other soap; therefore use Sunlight Soap which doesn't hurt your clothes. Tell your washer-woman to use it because it is the best soap procurable.—Jy6.w.t

### What is the "Pioneer"?

"The Pioneer," the largest floating cannery in the world, has complete wireless outfit, and quarters for crew and cannery workers.  
It will make possible direct communication between Labrador and Newfoundland through the present wireless station at Fogo Island, on the east coast of Newfoundland. Messages at present must be repeated through Belle Isle. This project contemplates the use of wireless as necessary in improving the shipping business.  
The above clipping taken from a recent issue of the Boston Herald does not disclose where the floating cannery will operate nor is anything known of the "Pioneer" locally. The reference to messages from Labrador having to be repeated through Belle Isle is incorrect as last season the station at Battle Harbor was improved and messages are now sent direct to Fogo.

### Ladies Keep Your Skin Clear, Sweet, Healthy With Cuticura Soap and Cuticura Talcum

No More A-roving.  
Admiral Sir Percy Scott, who recently threw a bombshell amongst the naval experts by declaring that the era of the battleship was past and done with, can tell many a good story of sailormen.  
One that he is fond of relating concerns a petty officer in the Royal Navy who came up for discharge at the time when he was commander of a ship.  
As is usual in such cases, Sir Percy shook hands with the man, and casually asked what he proposed doing on his return to civil life, adding that he (Sir Percy) supposed that he would choose some sort of occupation that had to do with seafaring.  
"Not me, sir," exclaimed the man, emphatically. "Not me! I'm going to buy an anchor, sling it over my shoulder, and start walking straight inland."  
"With you and walk, and finally, when I come to a place where the natives say to me, 'What on earth is that queer-looking thing you are carrying?' I'll just settle down and stay there for the rest of my life!"

### The Maritime Dental Parlors.

Your duty to your teeth is essential to health and happiness. You cannot afford to neglect them any longer; but you can afford to join our great clientele to whom we tender courteous and invaluable services. Call for free examination.  
Painless Extraction... 50c.

80 Years in Practice in Newfoundland.  
BROKEN PLATES REPAIRED.  
Well equipped Dental Offices can now repair plates. A broken tooth is no reason why a plate should be discarded. A new tooth, or several of them, can be vulcanized onto the old plate and make the service absolutely as good as ever. If you meet with an accident that injures your plate in any way, consult your dentist about repairs before you discard it for a new one. You can often prevent a needless expense. jne27.tu.th.t
