

**Longevity in Canada.**  
 Ontario, Quebec, Nova Scotia and New Brunswick had a population in 1871 of 8,486,900. There were 141 upwards of 100 years of age; 1389 under 100 and above 90; 13,000 above 80; 51,422 under 80 and above 70; 112,788 under 70 and above 60; 181,818 under 60 and above 50. In the same year there had only been 47,314 deaths, while the births amounted to 117,561. These facts testify to the healthiness of the climate, although for three or four months there are considerable extremes; yet this is only a small matter compared with the foggy atmosphere and rainy seasons of the British Islands.

**MARKING PENS.**—A novelty has been introduced in this line in the shape of a glass pen which will not corrode or wear or spatter, and the ink flows freely of the point. This pen and a bottle of Payson's Indelible Ink should be in the possession of every house-keeper.

It is reported that Mr. F. J. Dickens, the son of the great novelist, Charles Dickens, will take up his permanent residence in Ottawa.

**BRANFORD.**—Epps's Cocoa.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. —Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled — "James Epps & Co., Homeopathic Chemists, London." 1/6-9m

**Special Notices.**

**THE GREAT SUPERIORITY OF DR. WHEELER'S COMPOUND ELIXIR OF PHOSPHATE AND GALLIC ACID** consists in its being purely physiological in its action in restoring all forms of debility by supplying the waste of tissues resulting from mental and muscular exertion, and thus preventing nervous prostration and general debility. For building up constitutions of low vitality from serf-indulgence, or consumption, or impaired by dissipation and bad habits, it is unequalled, as it immediately imparts energy to the digestive apparatus, and creates healthy blood, toning and vitalizing all the organs of the body in the same manner as our daily food. Phosphates are the only compounds of Phosphorus assimilated by the system, and are Nature's agents for maintaining the vital powers.

Before Taking After Taking

**Specific Medicine**

Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which, in many cases, are produced by over-indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is more especially recommended as an unfailing cure for seminal weakness, spermatorrhoea, impotency, and all diseases that follow as a consequence of self-abuse, as Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other Diseases that lead to insanity or consumption, and a Premature Grave, all of which, as a rule, are first caused by deviating from the path of nature and over-indulgence.

The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one.

The Specific Medicine sold by all Druggists at 21 per package, or six packages for \$1, or will be sent by mail on receipt of the money, by addressing

**SLATE ROOFING PAINT!**

**AGENTS WANTED IN EVERY TOWN.**

A Roof may be covered with a very cheap shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING. The expense of slating new shingles is only about the cost of simply laying them.

**The Paint is Fire-Proof**

against Sparks or Flying Embers, as may be easily tested by anyone, and appears from the fact that Insurance Companies make nearly the Same Tariff as for Slated Roofs. For Tin and Iron it has no equal, as it expands by heat, contracts by cold, and never cracks nor scales. For Farms it is particularly adapted, as it will not corrode in the most exposed places. Roofs covered with Tar Sheeting Felt can be made water-tight at a small expense. The Slate Paint is

**EXTREMELY CHEAP!**

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron. No Tar is Used in this Composition, therefore, it does not effect the water from the roof, if turned off from the eaves before the first few rains. On Decayed Shingles it fills up the holes and pores, hardens them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tin or felt roofs, and STOPS THE LEAKS. The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.
