

DR. COOK, EXPLORER, MARKED FOR DEATH BY TREASON PLOT

Plans Hatched by Indian Agitators Uncovered in Chicago Court Covered Big Area of Action

Chicago, Oct. 19.—Dr. Frederick A. Cook, the Arctic explorer, and a crew of 19 sailors were among those marked for assassination by the leaders directing the alleged plot to foment a revolution in India, according to testimony given by Sukumar Chatterji, a Hindu priest, in Judge Landis' court at yesterday's session of the trial of Gustav Jacobson, wealthy Chicago real estate dealer, and his three co-defendants, charged with conspiracy.

Wholesale murder and the kidnapping of numerous persons was part of the program outlined, the witness testified.

This part of the plot, Chatterji said, was revealed to him in Manila by George Paul Boehm, one of the defendants.

"Boehm said that he had planned to kill Captain Cook and his crew, who were to make an expedition in the region of the Himalaya mountains," he said, testifying. "Boehm went to assume the names of the other sailors, who were to be killed," he testified. "It was Boehm's plan to go through India under the name of Captain Cook and foment a revolution among the natives against England."

In cross-examination Chatterji admitted he had been imprisoned for six months in solitary confinement in India, before he confessed and was brought here. Thomas Tunney, acting captain of New York police department, testified to an agent of the United States made to him by Heramba Lal Gupta in New York March 10, 1917, and his testimony was corroborated by George C. Barnett, a New York detective sergeant.

"He told me that Captain von Papen, the military attaché of the German embassy in the United States, paid him between \$15,000 and \$18,000 in a suite of offices at Lower Broadway," said Tunney. "He said he received the money in six or seven payments, and it was to be used in making a trip to the Orient. He said later he went to China and Japan and purchased firearms and ammunition for use in the revolt in India. Gupta told me that von Papen said he would buy additional firearms and ammunition in the United States and ship it to the Orient by way of the south sea. Gupta told me he returned to this country in June, 1916, after having been followed by detectives and over to China and Japan. He said the wife in Japan he was given police protection on one occasion in the home of a high public official."

"He told me the headquarters of the conspiracy were in Berlin."

ENTIRE AUSTRIAN REGIMENT WANTS TO JOIN SERBIANS

Will Join Yugoslav Legion in Reorganized Serb Army

New York, Oct. 19.—Newspapers here today publish the following dispatch from Washington:
"An entire Austrian regiment, with officers at its head and carrying their own arms, has volunteered to reorganize along the Russo-Romanian front, according to cables received today."

"The report stated that the regiment was composed entirely of Moldavian men from Bosnia. The colonel declared that they were all Yugoslavs and surrendered voluntarily in order to enlist in the Yugoslav legion now being formed out of the reorganized Serb army."

"The recent agreement between the Serbian government at Corfu and the Yugoslav committee in London in regard to the establishment of a Yugoslav state is being received with enthusiasm by the Slav population in Austria-Hungary, the colonel stated. The officers of the regiment declare they expected fresh desertions especially among the Czechs and Croatian soldiers."

ALSACE-LORRAINE NOT SATISFIED WITH HUN RULE

Posters of Hindenburg Torn Down in Several Towns

Washington, Oct. 19.—Advices reaching here today, from Switzerland, say the people of Strasbourg, Metz and other places in Alsace-Lorraine, responded with a general outburst of anti-German feeling to attempts to float part of the German war loan and celebrate the birthday of von Hindenburg.

In spite of the terror that the Prussian military authorities have produced in the country on the birthday of von Hindenburg, Oct. 2, many posters bearing the likeness of the marshal were scratched out and torn down overnight in Strasbourg. At Metz the official advertisements and posters of the new war loan also were torn down and so far the outraged German authorities have failed to find anyone to punish. These reports are regarded as more contradictory evidence to Foreign Minister von Kuehlinmann's repeated assertions that the people of Alsace-Lorraine do not wish to be separated from Germany.

PRO-GERMANS INTERNED Alien Sympathizers on New York Docks Removed.

New York, Oct. 19.—Fourteen employees of the Tietjen-Lang drydock in Hoboken were taken into custody today by agents of the department of justice and interned at Ellis Island. They were charged with being alien sympathizers who were in a position to harm ships. Fifty-eight men employed by the same company were interned yesterday.
