CONVENTION CALLED.

The three district boards went into secret session early this afternoon, and at the conclusion of their deliberations the following official call for the delegate convention of the anthracite districts of the United Mine Workers of America, to be held here next Monday:

"Wilkesbarre, Pa., Oct. 16 To the Officers and Members of All Local Unions in Districts 1, 7 and 9: "Gentlemen, — At a meeting of the executive boards of districts 1, 7 and , it was unanimously agreed to issue a call for a delegate convention and recommend to that convention that all mine workers now on strike return to their former position and working places and submit to the commission appointed by the President of the United States all questions at issue ers of the anthracite coal fields. In pursuance whereof, you are hereby notified that a convention will be held in the city of Wilkesbarre, Pa., beginning at 10 a.m., Monday, Oct. 20. The purpose of the convention will be to act on the proposition submitted by the President of the United States. Local unions will hold meetings not later than Friday night and name delegates to attend said conven-

"The basis of representation will be one vote for each 100 members or less, and an additional vote for each additional 100 members or majority fraction thereof. Chambers said he knew a sufficient amount of evidence to unseat Mr. Sutherland, and said he did not want to be called himself, but he would like know what Mr. Jackson would say about getting that evidence, on the understanding that he would not be called on to give evidence at all. He wanted \$1,500.

Q.—How much did you promise to give him? A.-I gave him \$375, and promised to give him \$375 more if he gave evidence to substantiate the eight charges he gave me, and also if he could furnish the evidence as to what person among the Conservatives used the fund that came from London in the last election, and he gave the name of Alf McCoubrey as the man who had handled the fund

from London. Chambers gave him eight names of people in East Oxford and West Oxford who had been paid money by McCoubrey, and who could tell if they were subpoenaed, and he subpoenaed them the same day.

After argument by counsel Judge Street delivered judgment on the charge. He dishelieved the evidence of Fournier and Keeler, and dismissed the charge, Judge Britton, concurring. Charge No. 60 was next opened

fore the election he was offered \$5 for his vote by Lyman Sinden. As there was not time for Mr. Blake to conclude his cross-examination of this witness, the court adjourned until tomorrow morning.

Large Sales Are Advancing Figures Grain Prices Higher

New York, Oct. 16 .- The formal anuncement that the coal miners' presdent had agreed to submit their diffiulties with the coal operators to the board of arbitration appointed by President Roosevelt removed any lingering doubts which existed in Wall street about a satisfactory solution of the controversy. Speculators accordingly began to figure on the beneficial effects on general business which would follow the active resumption of min-

tion was viewed there with great cheerfulness intensified the optimistic feeling and caused very heavy buying of the general market. London created a strong and active market for American securities, and supplemented with some large buying orders here. Prices opened with a rush upward and huge blocks of stocks were bought at rising prices. The opening in the coalers was wide, and 6,000 shares of Pennsylvania were purchased on a fractional spread. Initial gains were well over a point throughout the active list, and after a temporary setback the rise was renewed with vigor and advances of two and even three points became numerous. The buying movement embraced all of the usual favorites, and was centered in various groups, heavily at times, particularly in the Penn-

sylvania group. The pronounced strength of the market brought out the usual crop of rumors regarding special stocks,particularly Norfolk and Western, which of the heavy buying throughout the list

heavy buying at other points. Monetary conditions today were more favorable than for borrowers, and there were more liberal offerings of time money below recent rates. Prominent features in the day's movement were the Pacifics, Louisville and Nashville, Sugar, Illinois Central, the highpriced coal stocks and St. Paul. The latter was marked up above 190 on a revival of reports of closer relations with Union Pacific, and that stock was

conspicuously strong. Sterling exchange rates today were somewhat steadier, owing to a rather smaller volume of commercial bills. Trading was in immense volume in the closing hour, and many blocks of a thousand shares and upwards were taken, one block of five thousand shares of Norfolk and Western changing hands at 80, the highest of the day. Prices all around were quite generally lifted, and the closing was very

active and strong.
