Cooper Called Down At the Council Meeting South side of Piccadilly street, Richmond to Wellington: Daniel Murphy, against a tile sewer, Cartwright street, Princess avenue to Central; John Stokes, against a cement walk, west side of Ridout, Bathurst to York street; C. P. R. and T. H. Smallman, against a cement walk on east side of Adelaide street, Central avenue to Ald. Cooper Called Down

in an hour,

ing flowery on several occasions. As it was, an adjournment was not made until 10:15. The report of the board of works was exceptionally lengthy, but it consisted largely of clauses that went through without debate. The council unanimously approved of the clause recommending that the London Street Railway Company be requested to put on additional cars between 5:30 and p.m., and thus avoid the overcrowding experienced at present.

When the clause was reached recommending that \$1,400 be offered, without prejudice, to the Warren Company, for repairs made to the asphalt pavement last summer, Ald. Stevely asked if the committee had made any offer of settlement to the Warrens last year, and if so, what was the amount named. Ald. Forristal said no offer had been

made by the city.
"Well," said Ald. Stevely, "what did you think the account would amount Ald. Forristal said it was thought the bill would be in the neighborhood of

Better Pay the \$1,600.

Ald. Stevely could not understand work. why the committee should recommend \$1,400 for the company. He understood that men employed by the city had made the measurements of the repairs, and he felt that the council had better pay the \$1,600 claimed by the Warrens, or else it would have to pay a great deal more in the event of a law-

had measured the repairs some time after the account was disputed, and he made the total exceed \$1,600.

But Ald. Forristal did not see the matthought it would be an outrage if the plied to any statement that he was ter in the same light. He said he city had to pay the Warren Company's bill. Ald. Forristal said that if he had the matter to settle with the company he would fight them as long as he had

Ald. Gillean, being a new member of in the matter, but as city employes had utterly untrue. I may add that the man made the measurements of the repairs, who says I did anything to forward he felt that the best thing the corpor- the interests of my son tells a deliberation could do would be to pay the ac- | ate falsehood."

In reply to Ald, Gillean, Ald, Gerry pointed out that the man employed by knowledge of the matter, he could say the city did not do any of the measur- that Ald, Cooper's statement was "uning, but simply stood by while the fair and unjust." measurements were being taken by the Warren Company's men. Neither did tee was finally carried, Ald. Cooper, he assist in making up the total measurements for the repairs. He simply pointed out the places repaired.

if I know it," said Ald. Gerry. On the vote being taken, the clause of the committee report recommending to advertise for applicants. an offer of \$1,400, was adopted. Clause 15 of the committee's report

related to Ald. Garratt's idea for the Improvement of the roadways outside recommended that in future no roadway outside of the area be graded, graveled and rolled until such time as structed on it. The strongest objection health. offered to this was by Ald. Cooper, who considered it one of the most unfair Hyman re the Canada-Middlesex railpropositions ever brought before the council, and added that the city was 'going too fast altogether with curbs and gutters, and was running the debenture debt up too rapidly."

Would Save Money.

Ald. Garratt, on the other hand, maintained that the adoption of the clause would not prove a hardship on any ratepayer. It would result further in a big saving of money to the city. The clause was adopted, Ald. Cooper, Matthews and Abram voting nay. When the area to be effected by Ald. Garratt's motion was considered, Ald. Carson moved an amendment, the object of which was to omit certain blocks phans, No. 1. on which the owners had already paid for improvements, such as block pave- and Labor Council, asked for the andefeated on the same vote as the motion, with the exception that Ald. Car- plication for an electric light at the son was with the minority, making the show of hands 7 to 4. Thus the area east corner of York and Wellington streets, thence west to west side of Ridout street, thence north to north side of Central avenue, thence east to aid of the relief department of the oreast side of Waterloo street, thence der. Granted on the usual terms. south to north side of Princess avenue. thence east to east side of William station, wrote the council that its offer street, thence south to north side of to him of a settlement for injuries he Queen's avenue, thence east to west south side of King street, thence west to east side of Wellington street, thence south to the place of beginning. Also Dundas street, from Ridout to Egerton | criterion. Referred to No. 3. street, and Richmond street, from Horton to Grosvenor streets.

A Warm Discussion.

committee's report gave rise to a warm discussion, which concluded with a lively set-to between Ald. Greenlees and Ald. Cooper. The clause related to assistance for the city engineer, and recommended that one assistant be ap-

Ald. Cooper Objects.

Ald. Cooper claimed the engineer now had all the assistance he required in the office. If any further appointment was to be made, it should be a firstclass street commissioner. Ald. Cooper charged the engineer with allowing sidewalk inspectors to give levels, and said if this could be done it would relieve the department of a great deal of

This brought a most emphatic denial from Mr. Graydon. "Inspectors were never allowed to give levels," he said. Ald. Cooper went on to say that he objected to going out of London for an engineer's assistant. He didn't want the city to go to Toronto "to bring a fresh Englishman into the engineer's office," and he objected also to Ald. Ald. Greenlees said a civil engineer Greenlees voting to place his own son

All were referred to the board of works.

E. L. J. Stein asked to have the Ham-

to grant the request.

The report of No. 3 committee was adopted, with the exception of the last clause, the council empowering the committee was adopted to the committee of th

mittee to purchase certain supplies in-stead of leaving the matter with the chairman and fire chief. Under the head of inquiries, Ald. Cooper asked if the contractors on the Nurses' Home were being hurried. Ald. Stevely answered that the work was proceeding

answered that the work was proceeding very slowly.

Ald. Garratt's motion to have competitive plans submitted for all buildings to be erected by the city was laid over.

One of the closing acts of the session was the passing of a resolution to have a group photo of the mayor and aldermen hung in the council chamber, this men hung in the council chamber, this being semi-centennial year.

Ald. Wyatt was the only absentee.

Arrangement With the United States.

Washington, March 7. - The Berlin advices through the Associated Press indicating a purpose on the part of the German foreign office to renew its efforts to secure something in the nature of a reciprocity treaty the United States, have attracted much attention in official circles here, as it has been known for some time past that this was in contemplation. In fact, this matter has taken shape semi-officially through the presentation to Secretary Hay of resolutions adopted by the American Board of Trade of Berlin favoring such an ar-

Emperor William himself has foreseen the growth of much ill-feeling between Germany and the United States as a result and he has specially charged Baron Sternerg to do everything possible to avert this by negotiating a treaty with this place the Government that American producers on the same basis

as those of Europe. The ambassador already has cautiously broached the subject here, but he is so well acquainted with the state of feeling in the United States Senate towards reciprocity that he has not been able to report that the prospect is favorable for the consumption of a German-American reciproc ity treaty. The present disposition of the executive is to refrain from entering on further negotiations for trade treaties until the Senate has formally indicated its disposition towards the formidable array of reciprocity conventions which have for o many months awaited action by that body and unless the special session which begins for business purposes tomorrow develops a change of heart on the part of the senators towards these pending treaties, there will be no addition to the docket of executive business in the shape of a German-American reciprocity treaty.

BICKLE'S Anti-Consumptive Syrup is agreeable to the taste, and is a certain relief for irritation of the throat that causes hacking coughs. If used according to directions it will break the persistent cold, and restore the air passages to their normal healthy condition. There is no need to recommend it to those familiar with it, but to those who seek a sure remedy and are in doubt what to use, the advice is—try Bickle's

SEINING IN CHAMPLAIN

Vermont State Wants Canadian Government to Prohibit It.

Burlington, Vt., March 6. - The attempt made by the State of Vermont, backed by the North America Fish and Game Protective Association, to have Canada prohibit the seining of fish in Mississquoi Bay, Lake Champlain, has failed, and an appeal will now be made to President Roosevelt, asking him to use his influence towards prohibiting the importation of fish caught in the lake with seines. Hon. Raymond Prefontaine, Canadian Minister of Marine and Fisheries, in a letter to the North American Fish and Game Protective Association, says it would not be justifiable to deprive the Quebec fishermer of the rights they have exercised for

so many years. The letter was in reply to a petition signed by the Hon. L. J. Tweedie, Premier of New Brunswick, as president of the North American Fish and Game Protective Association and recently presented to the minister by a deputation of that association, which informer Lieutenant-Governor cluded

Nelson, of Vermont. The fisheries minister in his letter ilso said:

"Canadian prohibition was enforced about ten years ago, under a mutual arrangement with the adjoining states, but it came to the knowledge of the department that in spite of our action and the understanding arrived at, Vermont State issued a considerable number of licenses, and thus strengthened Canadian fishermen's opposition to the restriction ever since." The United States fish commission

plants annually in the waters of Lake Champlain some 20,000,000 of pike and Kaiser Wants to Make Some perch. These fish all spawn in a little corner of Mississquoi Bay in Canada, and since the laws of Canada permit the taking of fish during the spawning season and netting is allowed, the fishing of the whole lake is being 'destroyed it is claimed.

TO HONOR SHAKESPEARE

All Countries Invited to Aid in Erecting a Memorial.

London, March 7.—The Shakespeare memorial provisional committee, which Prof. I. Gollancz is secretary have issued a statement, in which they say that as the direct outcome of the decision of the London county counci provide a site for an adequate Shakespeare monument, a movement has been set on foot to realize the long-discussed point of a Shakes-peare memorial in London, Mr. Richernment of a set of new trade treaties ard Badger has offered to start the fund with a first subscription of £2,-000, a additional sum of £1,000 for a specific purpose, and £500 for the general working expenses of a public ap-While the London county coun il have expressed willingness to provide a suitable site, they feel that they cannot in their corporate capacity re-solve themselves into a committee for movement. Accordingly a number of those interested in the proposal have held meetings during the past year, and the provisional committee has

been formed. This committee will in due course give place to a general memorial committee, to consist of leading men and women of the day in all parts of the empire and in the distinguished representatives of other general memorial countries. committee, which is to be constituted at a public meeting at the Mansion will deal with the ultimate form of the memorial on lines indicated by the promoters of the movement though this must necessarily depend upon the amount of money collected. The provisional committee further savs:

jurors

"The erection of a monument in London — the original proposition — is but the least of the objects in view. The committee have larger views in their desire to do honor to Shakespeare. They would rather aim at the establishment of a great Shakes. peare house, to be devoted primarily to the furtherance of the study and interpretation of the poet's works, generally. Therefore, if the response is adequate, it is hoped that there may be erected in London a Shakespeare house or institute, with a Shakespeare library, a lecture theater, and a central hall, to receive a fitting statue of Shakespeare, statues of other famous men being added from time to time. To carry out this suggestion large funds will be necessary. It is hoped that the appeal may come home to everyone, not only to the rich, but also to those of limited means. The memorial should represent the world's homage to the poet, the world's tribute to his genius. In order to collect funds it is proposed to organize a 'Shakespeare 'ommemoration,' to be observed in all parts of the world during "Shakes-peare Week." Volunteer workers in different countries and localities will
