## GIRDER FALLS WITH HEIR TO AUSTHIAN AND HIS WIFE ARE SHOT DEAD BOUND TO HAVE BIG

Frenchman, Seriously Hurt, Is Archduke Francis Ferdinand and Princess of Hohenburg Assassinated in Bosnia, Recently Annexed, By Law Student.

## FIRST EFFORT MADE WITH BOMB

SARAYEVO, Bosnia, June 28.—Arch Duke Francis Ferdinand, heir to the Austria-Hungarian throne, and the Princess of Hohenberg, his morganatic wife, were shot dead in the main street of the Bosnian capital by a student today, while they were making an apparently triumphant progress through the city on their

annual visit to the annexed province of Bosnia and Herzegovina. The arch duke was hit full in the face and the princess was shot through the abdomen and throat. Their wounds proved mortal within a few minutes after reaching the palace, to which they were hurried with all speed.

First Effort With Bomb. Those responsible for the assassination took care that it should prove effective, as there were two assailants, the first armed with a bomb and the latter with a revolver. The bomb was thrown at the royal automobile as it was proceeding to the town hall, where a reception was to be held, but the arch duke saw the deadly missle coming and warded it off with his arm. It fell outside the car and exploded, slightly wounding two aide-de-camps in a second things the empire must in a comparatively short time be governed by an car, and half a dozen spectators.

Fusillade of Bullets. It was on the return of the procession that the tragedy was added to the long list of those that have darkened the pages of the recent history of the Hapsburgs. As the royal automobile reached with shattering the speed regulations of a prominent point in the route to the palace, an eighth grade student, Gavrio Prinzip, sprang out of the crowd and poured a ing the case the court stated that as fusillade of bullets from an automatic pistol at the arch duke and the princess. Both fell mortally wounded.

The sympathy, not only of the ruler but of the people of Europe, has been expressed today to the aged Emperor Francis Joseph, whose much-needed rest at his summer residence at Ischl has been broken by the terrible crime. He left Ischl, where he was recuperating from his recent illness, for Vienna this norning. The imperial train stopped at Amsletten, where the emperor was joined by Archduke Francis Salvator and
