BIRD NOTES
(Contributed by Melvyn Smith Ornithological Club.)

The wonderful unfolding of the life and beauty of spring time is now fully upon us. Our gardens have many attractions, something new to observe each day. Some of the earliest spring flowers have already spread their blossoms and past, only to be replaced by others, each in its turn bringing its own special charm of beauty.

Interesting as our plant life is, what a vacancy there would be if there were no birds with their happy chirps and songs to hon and fly about the garden, to say nothing of the real duties they perform in protecting our trees and plants from destruction by insect pests.

As with the plants, so it is with the birds, each spring day brings something new for observation. Gradually our feathered friends that spent the summer of last year are returning, each new arrival adding to the delight of our surroundings. We have already welcomed the Robin, Bluebird, Song Sparrow, Flicker, Phoebe, Goldfinch, Purple Martin, Wren, Chipping Sparrow and Yellow Warbler. These suitable places for them and nest out nesting material, such as horse hair, sheet's wool, bits of string cut into short lengths, cotton batting, etc.

There are many other visitors which only make a short stop, and then pass on north to their favorite nesting spots. Among these so far observed in the garden are the Junco, Ruby-Crowned Kinglet, Golden-Crowned Kinglet, Sapsucker, White-Throated Sparrow, Lark (flying over) and Hermit Thrush.

REWARDS TOTAL NEARLY \$1,000.
ST. CATERINES, April 27.—Lincoln County Council in special session this afternoon decided to offer a reward of \$250 for information leading to the detection of parties responsible for the death of Porter Adams, who was run over and instantly killed by an automobile at Queenston over a month ago. The estate of the deceased also offer \$500, and the Provincial Government adds \$225.

ADVERTISERS OF FAIR RENTALS AGAIN ASK FOR LEGISLATION

New Proposal Launched Proposes That Municipal Councils Exercise Judgment.
PESTERED BY LAWYERS
Dr. H.A. Stevenson Intervenes Between Disputants and Ends the Fray.

TORONTO, April 27.—Fair rentals advocates in the Ontario Legislature are not satisfied to accept defeat on that issue just because Hon. Walter Rolfe's bill to regulate house rentals came to an untimely end. Yesterday a new proposal was launched on the floor of the House which will give municipal councils the right to exercise judgment as to whether rentals are exorbitant and give councils the right to submit instances of extortion to the county court judge.

Fine For Landlords.
J. C. Ramsden, Liberal member for Southwest Toronto, was the mover of the bill, which was seconded by Peter H. McKeown, member for Kenora, and given first reading. According to its provisions, a tenant, if he thinks he is being charged an excessive rental, may apply in writing to the county court, which court may make a resolution declaring that in its opinion the complaint is one that should be heard.

If the resolution passes, but not otherwise, the case can be heard before the county court judge, who has the power to fix what he deems to be a fair rental. The judge's decision, according to the proposal, would be final, but either party could apply for a new order after six months. The proposed penalty upon the landlord for failure to comply with the law is not more than \$100, plus \$5 a day for each day the offence continues.

Pestered by Lawyers.
Today's dry proceedings of the House were enlivened somewhat by a heated debate between R. L. Brackin, Liberal member for West Kent, and H. P. Hill, Conservative member for West Ottawa, at the conclusion of which, Dr. Hugh Stevenson of London arose to demand how long the Legislature was going to be "tormented by these lawyers." Mr. Brackin demanded from H. P. Hill a withdrawal of his references of a week or two ago, anent R. T. Harding, ex-governor, counsel at the timber probe. Mr. Brackin accused Mr. Hill of "hiding behind the skirts of the attorney-general" in refusing to withdraw, and the member for Ottawa called Mr. Brackin a "political chameleon," but it only resulted in the House being adjourned.

SPECIAL COMMITTEE WILL INVESTIGATE FAULTS OF BRIDGE

Street Railway Men Want Extra Compensation For Sunday Service.

ST. THOMAS, April 27.—A special committee was named by the street railway department tonight, to investigate the conditions of the floor of Wilton bridge. Manager Johns of the street railway finds that the rails are still faulty, but not in such position as to cause any immediate alarm, and he suggested that permanent repairs be made to that portion of the structure abutting and covered by the tracks. The committee repudiated the account given by the Hydro-Electric Commission for the repair of the line at Wellington St. crossing, alleged to have been pulled down by one of the municipal cars. The committee finds that the line demolished belonged to the L. and P. S. and was not the property of the Hydro-Electric Commission. The account was filed.

Sunday Service Wages.
The manager intimated that some of the men were desirous of getting additional compensation for the proposed Sunday afternoon service. Mr. Johns suggested that the question of arranging special rates be left over until it was ascertained that the Sunday service was a financial success. Chairman Walker made no pronouncement as to when the Sunday cars would be in operation. Ald. Walker assured the committee that if the weatherman had only intimated to him that Sunday last was to have been like those of the good old summer time, he would have supplied transportation to and from the park.

The Financial Report.
The monthly financial report shows the revenue to have been \$2,350 for the month, and the deficit \$1,884. The cash fares were \$941, ticket sales \$1,337. The expenditure reached \$4,265. The pay rolls amounted to \$2,077, operating cost \$1,284, barn wages \$541, track \$482, line \$307, overhauling car \$8 \$257, salaries \$206, rolling stock \$674, watchmen at crossing \$55.

RIBS FRACTURED AND COLLAR BONE BROKEN
Thirteen-Year-Old St. Thomas Boy Injured Playing Ball.

ST. THOMAS, April 27.—Playing ball in the millard of George Oldrieve last evening, Fred Mann, the thirteen-year-old son of Mr. and Mrs. E. W. Mann, had two ribs broken and his collarbone fractured under peculiar circumstances. The lad was watching, and the boy at bat, striking at the ball, hit him in the ribs. The ball came along about the same time and struck young Mann with considerable force, breaking his collarbone and knocking a piece out of it.

"GOOD ENOUGH" NOT KNOWN
A trade journal, writing of an hour spent in the large piano factory of Heintzman & Co. Limited, at Toronto, says: "A stroll through the piano factory of Heintzman & Co. Limited, would lead one to believe that the motto of their whole organization is: 'Nothing is good enough, it must be perfect.' Attention to detail, no matter how small, marks every production of their line of Upright and Grand pianos. This, doubtless, is explained by the large success that has come to Ye Olde Firm, whose handsome warerooms are at 243 Dundas street, London, and where a full range of the firm's beautiful instruments are to be seen."

FOUR SINN FEINERS ORDERED BY MILITARY COURT TO BE SHOT

Protests Sent by Cork Corporation to Harding and the Pope.
CORK, April 27.—Four men are to be shot tomorrow morning at the military barracks here. They are Patrick O'Sullivan, Maurice Moore, Patrick Ronan and Thomas Mulcahy. The men were convicted of levying war against the British crown forces. The corporation and the harbor board of Cork have passed a resolution, saying that as the British high court in Ireland and the British ministry recognize the state of war existing, the corporation will contravene civilized warfare and the dictates of common humanity. Copies of the resolution have been sent to the United States president and Pope Benedict.

ST. MARYS CHURCH PROBLEM REFERRED TO COMMISSION

Situation Which Has Resulted in Disagreement To Be Investigated.
CHATHAM, April 27.—The St. Marys Church problem, which created a very heated discussion at yesterday's session of the London and Hamilton Synod of the Presbyterian Church, was this morning, on the recommendation made in the final session of the synod by the special committee appointed to consider the matter, handed over by the synod to a special commission for further study with the instruction that the commission "issue a finding as soon as possible," and giving to the commission full syndical power to deal with the matter. The commission will be comprised of ten members, and the moderator of the synod may preside over its deliberations. A hearing, it was understood, will be conducted in St. Marys as soon as convenient.

An overture from the Maitland Presbyterian calling for investigation of the work took up most of the session. It was decided on motion that the overture in question be received by the synod and be sent down "simpliciter" to the general assembly, which will meet in Toronto in June.

The financial condition of the synod was read, showing a balance on hand of \$701. The report showed, however, that receipts for the past year had not increased to any appreciable extent. The amount required for expenses for the coming year will approximate \$1,300, and to raise this sum a levy of 15 cents per unit was recommended. The report and recommendation was unanimously adopted.

An overture from the Bruce Presbytery through the synod to the general assembly, urging a more rigid and strict inquiry into intending candidates for the ministry. The synod went on record recommending the Rev. R. T. Coburn of Hamilton for the position of clerk of the general assembly, made vacant by the death of the Rev. Robert Campbell.

At the close of the session Dr. Carriere extended his thanks to the delegates for their presence, and then imparted the benediction. The next meeting of the synod will be held in London in 1922.

Y. M. C. A.
Builds Body, Mind, Citizenship

Every dollar of the United Welfare Fund allotted to the Y. M. C. A. will be spent on the upkeep and the promotion of work that it is doing.

The "Y" always has done and will continue to do a great deal for the boy and young man.

Gymnasium instruction, swimming, athletics of all kinds make up the physical curriculum of the Y. M. C. A.

Educational clubs, social training, clean games provide the mental stimulant for a growing generation.

RAILWAY BOARD TO RELINQUISH CONTROL OF THE STREET RAILWAY

Formal Announcement Made by Chairman Ingram At Toronto Yesterday.
EFFECTIVE MAY 1
President Currie in Conference With Board—McCrea Bill Up Today.

TORONTO, April 27.—Chairman D. M. McIntyre of the Ontario Railway Board, had nothing to say with respect to matters under discussion today at conference between the board and Manager King and Secretary Tait of the London Street Railway.

"We gave the company to understand some time ago," said the chairman yesterday, "that we would return the railway to them on or about May 1. Certain decisions were reached which will be made known in due course."
On May 1, the Ontario Railway Board will hand back to the London Street Railway Company, its plant and equipment in London. Such is understood to have been the formal decision reached today at a conference between President Currie of the company and members of the Ontario Railway Board. It was the understanding that the railway board's operation of the line would cease at the end of the year, and May 1 completes the year.

During the conference, it is understood the McCrea bill, which is to be the subject of discussion before the railway committee on Thursday morning, was talked over.
Ald. John Bridge, G. A. Wenige and P. J. Watt are expected here from London to protest against the bill. Ald. John Ashton, who is also a member of the street railway union executive, may also be here.

ENTOMOLOGISTS VISIT PELEE ISLAND NEXT
Dominion Officers Investigating Operations of European Corn-Borer.

ST. THOMAS, April 27.—The conference held by the American entomologists and the Dominion representatives here, on Monday and yesterday, touching the subject of the Canadian officers' investigation in this district for some days past, was finished last evening, and the United States officials left for Pelee Island. The engagements of the Canadian entomologists are directed for the while to the ravages of the European corn-borer. The visitors consisted of S. Phillips, T. R. Richardson, W. H. Crafts, Boston, Mass., C. Landien, Lynn, Mass., and R. A. Howell, Berlin.

To Build Summer Cottages.
Mrs. Emily Page, London, and Del Page, New York, have purchased a couple of lots at Erie West, Port Stanley, through R. J. Miller, and will erect summer cottages.

Miss Helen Hutchinson, who was so severely hurt in the auto accident near Union Saturday evening, is improving. Business Looking Up.
About 20 men will return to the Pere Marquette shops at the end of the month, and more will come after if business continues as satisfactory as that in evidence during the past week. The M. C. R. has no orders so far to increase the force in its local departments.

STREET RAILWAY MEN TO WITHDRAW FROM THE ONE BIG UNION
Winnipeg Story Says Such Action Will Be Death-Blow.

WINNIPEG, April 27.—The Winnipeg Free Press tonight says: "Impending withdrawal of the street railwaymen's unit from the One Big Union, coupled with the resignation of Victor Midgley, general secretary, is regarded by international labor men as the death blow of the One Big Union. The street railway conductors and motormen are holding a mass meeting tonight, ostensibly to consider the new wage schedule, the old one expiring at the end of this month. It has developed, however, that the street railway company has refused to negotiate with the One Big Union for a new agreement."

The story says the company is prepared to continue its present agreement with the men, and that the men are anxious to renew, but that if the men continue their One Big Union affiliation a dispute will arise which will go to the joint council of industry. The men, it is stated, probably will take a secret ballot on the question of continuing with the O. B. U. or forming an independent organization.

HAD PREMONITION MOTHER WAS DYING
HAMILTON, April 27.—John Almas of Detroit, son of A. E. Almas of this city, who returned here half an hour before his mother died, stated that he had been awakened from sleep in Detroit, and saw his mother standing beside his bed. He took this as a premonition that something was wrong with his mother, and started for Hamilton right away.

CONTINUED SALE
of High-Grade Ladies' Ready-To-Wear
Suits, Skirts, Coats, Dresses, Blouses, Millinery, etc., which must be sold in eight days, beginning Thursday, April 21. Women are always interested in a sale of wearing apparel; they will be doubly interested in this one. Our prices defy comparison.
