terday's Session of the County Council -Appointment of Property Comm sioners-Other Liems of Business.

The little parliament of the county of York resumed business in their council cham ber yesterday at 2.30. They looked as if they at business from the word go, or, in fact, as if they could tackle a rivers and streams bill or a boundary award with the best of them.

Warden Davis took the chair, and after routine a letter was read from Robert Roddy, city clerk, fixing this afternoon at

2 o'clock for the meeting of the joint com-mittees on the court house matter. A petition was read from many rate-payers asking that a new concession line be opened up from Queen street, Sunnyside, to the Humber, on the north side of the railway, so as to avoid the crossing so dan-

rous to life and property. Mr. Turner gave notice that all toll gerous to life and property. Mr. Turner gave notice that all toll gates on the county roads be abolished as soon as the debt on the same be paid. Mr. Porter gave notice to move for a committee to negotiate with the several road com-panies of the county to find out on what terms they will remove their toll gates or on what terms they will sell. Tr. McConnell moved that the council state the terms on which they will permit the Toronto street railway company to ex-tend its line from the foot of Dufferin street to the village of Brockton. The motion was lost by an overwhelming majority. Dr. McConnell introduced a by-law to confirm a by-law of Brockton in regard to the opening up of a new street in that vil-lage. The by-law went through all its readings and was adopted. The warden, Mr. Richardson, reeve of Scarboro, and Maxim Jones, reeve of Whitchurch, were appointed commission-ers on county property for the current year. It was decided that the council would

resolve itself into committee of the whole at 11 o'clock to-day to receive members of the city council to confer with them as to choosing a sight for a new court house. Mr. Yuill, seconded by Mr. Vanzant, moved that the committee instructed to wait on the attorney general in re the re-duction in the number of members in the county councils be also instructed to urge on him the necessity of having all school motion was withdrawn. At the evening session W. H. Doel of Riverside addressed the council in favor of the incorporation of that village. He strong-ly opposed the annexation of the village with Toronto. He charged that the city in that case would only make make River-side her nuisance ground. The city would swallow them up and they would be help-less. He strongly urged the county coun-cil to pass a bylaw to incorporate them as a separate and independent corporation. He was followed by Dr. Spiers, who op-posed incorporation and denied that the city had ever made a cesspool of Riverside. P. McDonald and J. W. Potter spoke in favor of incorporation while E. A. Mc-Donald, W. Barrett and Capt. Hood urged the council to have nome of it. The matter got the hoist till the June session.

At the end of the Connecticut legislat-ure's first fortnight the senate had been in session sixty minutes, the house three hours twenty-five minutes. The funeral of old John Argue took place from the city hall yesterday afier-noon. It was attended by the mayor, aldermen, officials and citizens generally. The gardens of Under Cliff, Isle of Wight, are, like our Florida, full of spring lowers. It is nothing uncemmon for single carnations to go on blossoming there throughout the winter, and for fuchsias to continue in flower out of doors long after The Toronto Presbytery took no action in the matter of filling the vacant pulpit of St. Andrew's church at Orangeville yes-terday, as the congregation is unable to nidwinter.

A Nashville merchant, speaking of wo-men who will not buy goods on Friday, told a Banner reporter also of a man whose home is not far from Nashville, who, if he meets a red-headed man when he starts for his business in the morning, Prof. Desgalles says the trouble he has had in the west has been through accidents to his teachers, not through any breach of faith on his part. "Have you got that razor you shaved me with the day before yesterday?" "Oh, yes, sir," replied the barber, with much exuberance and delight at the favorable appreciation and tender interest evinced in his instrument, rubbing his hands and reaching it down. "Here it is, sir." "Ah, well," said the visitor dryly, after a little hesitation, "then-yes-then-I'll take chlorform, please." On the occasion of the presentation of a Richard III. (in costume). a feeling that the lynching was justified comes the belief that the outrage was the result of a murderous plot by a few men for mercenary motives. At first it was thought that the best men in Ouray took part in the lynching. It now transpires that only the lowest element partici-pated. It is said that the aid of Judge Lynch will again be invoked to set-tle the matter. The most of the lynchers seem to be known. No sooner had the

fact was not at first known, but it has leaked out from one of the lynchers. When the vigilantes broke into the room in which the prisoners were confined, Mrs. Cuddigan was in bed. They dragged her into the street. She had on nothing but a night-dreess and her stockings. They pulled the stockings from her feet and made her walk barefooted over the snow and ice, just to see how she would like the treat-ment which she had forced upon little Mary Matthews. They led her thus over the ice and snow for a distance of nearly half a mile, then, when they strung her There is systematic mining for gems in the United States only in Paris, Me., and Stony Point, N.
