Aldermen by Acclamation.

The following 'aldermen were elected by acclamation: Ald. Prefontaine in Hochelaga, McBride and Stevenson in the West, R. Costigan in St. Antoine, Ald. Marsolais in the East, Savignac in St. Louis, Robert in St. Mary's, and Hurteau in St. James. The latter is in Egypt. In the Board of Trade Mr. Edgar Judge, the present treasurer, and Mr. R. M. Esdaile will contest for the treasurership. Mr. William W. Ogilvie president, Mr. James A. Canthie, 1st vice, and John Torrance, 2nd vice have been re-elected by acclamation.

Rigid Observance of Lent.

Rev. Dr. Douglas is reported as pro-ressing favorably, though he did not spend very good night, but Dr. Roddick stated

the question of Sunday observance. The ministers who took part in the debate all expressed the same opinion, that is, that the Sabbath day can't be properly kept holy if the street cars are running and if Sohmer Park is opened on that day. It is always the same old story. People want to make Montreal a wearisome city like Toronto, something as gloomy as a cemetery, but it will not take. We were not born Puritans. Sunday was certainly never instituted to stultify people, and we still bear in mind that interview of The New York World, when Cardinal Gibbons said that the Sabbath day is not exclusively.

donald and Crawford also received a vote of thanks for the interest in the society they displayed during the year. The Secretary-Treasurer's report showed that the society has a balance on hand of \$73.91.

A vote of thanks was unanimously passed to the Ontario Government for the efforts to further the farmers' interests, and for the large amount of information they give the tarmers throughout Ontario in the printing of bulletins issued during the year.

The election of officers then took place as follows: President, William Grubb, New York World, when Cardinal Gibbons said that the Sabbath day is not exclusively dedicated to rest and prayer, but that it is also a day of innocent recreations and honest amusements. On Sunday French-Canadian families visit one another, and as our compatriots have not the means to our compatriots have not the means to divide the surface of the su must, at least, be left them, to early emilies, all have not sufficient revenue to secure comfort and pleasure at home, we must be left the public gardens and the parks, where air, cheerfulness and recreation are to be found."

Rigid Observance of Lent.

Lent will be observed this year by the Roman Catholics of the archdiocese of Montreal. There were rumors circulated that owing to the many cases of sickness prevalent that the Lenten regulations would be generally dispensed with, as they were some years ago, owing to the prevalence of grip. Of course the religious authorities still have the power to grant dispensation owing to illness, as is done every year.

on Monday. At the meeting of the Board of Works to be held on Monday, Engineer Keating will The annual meetings of the West York submit the estimates of the Works Department for 1894. The amount asked for is bridge on Friday and Saturday. There was \$408,300. This is \$6690 less than was

bridge on Friday and Saturday. There was a good attendance of the progressive farmers present on both days.

A delegation from the Ontario Agricultural College was present, composed of J. Hugo Reed Professor of Veterinary Science, Guelpit, T. G. Raynor, B.S.A., Rose Hill, and W. H. McNish, Lynn, County Leeds.

Mr. William Watson, jr., of Pine Grove occupied the chair at the morning meeting, Mr. A. T. Orth of Woodbridge at the afternoon meeting, and Thomas F. Wallace at the evening.

Among those present were: John Benton 1988, 1989, 2000. This is \$6690 less than was granted last year. For roadway purposes \$34,500 is wanted. Repairing poses \$34,500 is wanted. Repairing poses \$34,500 is wanted. Repairing poses block pavements is going to come high, likewise sidewalk repairs. The engineer considers new corporation stables are a necessity in the West End, and asks for \$5000 for, that purpose. One of the best features in the estimates proposed is the purchase of a suction dredge at a cost of \$18,000. Competent men say this machine will soon pay for itself.

For the Waterworks Department Mr. Keating wants \$127,309 for construction and \$163,689 for maintenance.

ESTABLISHED 1845.

Choice spring wheat, also red and white winter for sale in car or cargo lots. Samples sent and prices quoted on application. 38 Church-street, Toronto.

Schwartz, Dupee & Co. wired Dixon: The wheat market to-day was narrow but firm. The trade was mostly local, and the strength due mostly to reports of a cold wave. Predictions on the visible for March vary from an increase to a small decrease. Export clearances in wheat and flour amount to over 500,000 bushels, consisting mostly of flour. Exports for the week \$,300,000 bushels, one million larger than last week. The increase was largely in wheat from the Pacific coast and flour from the Atlantic seaboard. Cables were lower. Local stocks will probably show an increase of 400,000 to 500,000 bushels on Monday. Corn was dull but firmer on account of the prospects of bad roads and a let-up, in the country movement. Receipts continue light. Cables were lower. There is more demand for No. 3 to load on vessels for shipment at the opening of navigation. Oats were up fractionally helped by an advance in cash, by covering of shorts and by a fairly good spring demand. Receipts were only 35 cars; the estimate for Monday 116. Provisions regained a part of yesterday's decline on a very small volume of business. On the slight advance product was offered quite freely by packers and especially lard for January and February deliveries, if hog receipts are not too large the first days of next wees, we may rally a little further, affording a good opportunity for selling. F. J. Lewis & Co. received the following despatch over their private wire to-day from Kennett, Hopkins & Co.

nett, Hopkins & Co.:

CMICAGO, Jan. 20.—The market has been very dull, with shorts disposed to cover on the liberal exports for the day and week and prospects of colder weather on Monday. Cables have been easier. There is a good lot of flour being exported, but it is mainly on consignment. Certainly there is little demand for wheat for export. Stocks in India and Russia, Argentine and Australia are so much larger than ordinary and offered below our prices that it shuts out America to a large extent. Primary receipts of wheat

Extract from the Report of the Superintendent of the Canadian Section of the Manufactures Building at the World's Columbian

. The Toronto Carpet Manufacturing Company presented an imposing array of Axminster and Ingrain carpets, rugs, etc., which were pronounced by the judges of award to be fully equal to the productions of the best mills of the United States, and awards were accordingly made for both descriptions of carpets. There can be no doubt that this Company's goods will in future more seriously affect the importation of similar lines from abroad; the Canadian product has grown rapidly in the public favour, and besides being equal in quality and design to the imported article, it can be obtained at a much lower figure."
