SHOWERS OF ROCKS.

Explosion of Gas.

Coffeyville, Kas., July 25.—Shortly after midnight a series of subterranean explosions occurred at a natural gas well situated a short distance from this city. People were awakened and found the town brightly illuminated and the earth trembling, while showers of rocks could be seen bursting from the gas well. These were hurled high in the air, and, descending, crashed into the cottages in the neighborhood. Daylight brought a dismal sight. For 30 acres around the well the earth was torn np as if by a volcano. Huge boulders lay about, while several holes, many of them 15 to 30 feet deep, showed whence they came. Houses had been shattered, barns tippled over, and masses of earth appeared where before the ground was level. The phenomenon is unaccountable.

VARSITY ADDITIONS.

Good Progress Made With the Gymnasium and Laboratory, With the completion of the gymnasiu and the erection of the chemical laboratory the University of Toronto will have valuable

ons to its facilities for preservation of health and the promotion of learning.

The work on the laboratory is being pushed

The work on the laboratory is being pushed forward by Contractor Robertson, who has 60 men employed. When completed the building will be a fine work of architecture and fitted in every way needful for the study of chemistry.

The gymnasium being already used in part is supplied with the latest and best appliances for athletic sports of every kind. One of its special features is the excellent swimming bath.

Cheese at the Industrial. industry is the increased prominent ry exhibits at the Toronto Industria Last season the space provided i Exhibition. Last season the space provided in the Dairy Building proved utterly inadequate for the reception of the numerous exhibits, competition in this department having been stimulated by the liberal special prizes given by the Eastern and Western Dairymen's Associations of Ontario and the Quebec Association. This year the prize list for cheese has been doubled. Heretofore premiums have been awarded for August-made cheese alone, but this season prizes equal in amount are also to be given for June cheese, both colored and white. The Eastern Dairymen's association of Ontario contributes \$50 of the amount. In order to furnish the requisite space open during the entire fair instead of only one week as in the past. All entries must be made by Aug. 11. A great many have already made application, and among the names of intending exhibitors are 19 from Prince Edward Island, forwarded by Mr. T. J. Dillon of the dairying service of that Province.

Auction Sales, There was a large attendance at Suckling's auction rooms yesterday, when some important sales were made. The general stock of S. N. Percival, Smith's Falls, \$13,000, was gold to Nicholas Garland at 65c on the dollar. The drv goods stock of W. H. Smillie, Nia-gera Falls, \$14.300, was sold to N. B. Gould of Port Hope at 65c on the dollar. The general stock of Wilson Bros. of Barrie, \$14,000, was purchased by Powell & Co. of Barrie at 65c on the dollar. The grocery stock of J. J. Thomas, Youge-street, \$1612, was sold to J. W. Broderick of Exeter at 35c on the dollar.

The Committee on Works will meet a 10.30 this morning to receive the report of Engineer Keating as to the proposed running of trolleys in McCaul-street. The Engineer recommends a double track, and to afford ample room for vehicle traffic a nar-rowing of the boulevards. The Executive Committee will meet to receive the report of the Board of Works. The council is sumnoned for 11 a.m.

The Merry, Merry Milkmen With Their

Yonge-street wharf presented a lively apearance yesterday afternoon at 2 and 2.30 o'clock, the cause being the annual excursion of the Toronto Milk Dealers' Association with their wives, friends and sweethearts to Long Branch. They went by the steamers Greyhound and Eurydice at 2 and 2.30, extra trips at 4.15, 8 and 10. A full orchestra provided music for dancing and singing in the pavilion in the afternoon, and in the evening the electric lights and music made up a scene of gaiety which has not been equalled by any excursion this season.

St. Joseph's Annual Piente. The annual picnic and games of St. Joseph's Catholic Church, which have been held for Catnoic Church, which have been held for several years past an the Civic Holiday in August, will be held on the same day, Aug. 13, this year in Ex-Alderman Small's beautiful grounds opposite the Woodbine Driving Park. The various committees in charge of this festival have made every arrangement tending to the pleasure of visitors and the successful issue of the picnic.

Cholera and all summer complaints are so unck in their action that the cold hand of death supon the victims before they are aware that langer is near. If attacked do not delay in etting the proper medicine. Try a dose of Dr. D. Kellogg's Dysentery Cordial and you will et immediate relief. It acts with wonderful apidity and never fails to effect a cure.

Balmy Beach.

Never has this beautiful summer resort looked so attractive as this year. Every cottage and room available has been taken.

St. Alban's choir are camping at the bottom of Balsam-avenue and the singing at their evening prayer is much appreciated.

The Church of England tent held a congregation last Sanday of 200. Rev. H. G. Baldwin preaches to-night (Thursday), Rev. Prof. Wrong next Sunday evening. The cars will run direct to Balsam-avenue in a

dent two weeks ago, is about again by the aid of crutches.

The boating accommodation this year is perfect, and the residents boast that there are not better boathouses anywhere on the lake.

Now that the daily papers are delivered at the Beach, the people feel that the breakf ast table is as good as if they were in the city.

The cottagers expect to have some electric lights shortly, which is about the only thing needed to make this pretty spot one of the most desirable resting places near Toronto.

Camps are dotted all along the lake shore,

Mr. James Lumbers gave a large garden party in his beautiful grounds a few nights ago.

Where can I get some of Holloway's Corn Cure? I was entirely cured of my corns by this remedy and I wish some more of it for my friends. So writes Mr. J. W. Brown, Chicago.

Suburban Notes. Suburban Notes.

In ten cases which came before Judge Morgan at the Court of Revision at Toronto Junction, the total reduction was \$16,000.

Henry A. King & Co.'s special wire from Hubbard, Price & Co., New York: The market up to noon was narrow and inclined to weakness, particularly the Grangers, on reports of damage to the corn crop. Sugar was kept steady by those having its manipulation in charge. There is a large short interest in the stock. Stocks in good demand in the loan crowd. The strength of sterling exchange favors even larger shipments of gold than was thought probable this morning. Bills are in scant supply. During the afternoon the market was dull and uninteresting, failing to rally, but without any evidence of liquidation.
