3 OTTAWA ST., HULL, P. Q.  
"For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again. One day while lying in bed, I read about "Fruit-a-tives" the great fruit medicine; and it seemed just what I needed, so I decided to try it. The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

### TWO THINGS THAT HURT THE EYES

**Reading by Intense Light**  
A person has been known to say, "I have ruined my eyes by reading too much." Not so—the eyes were made to use. One sure way to permanently injure the eyes is reading by intense light. The light should come through ground glass to soften it. Never use clear glass for either gas or electricity. Oil lamps give out a soft light, therefore clear glass chimneys.

**Reading by Dim Light**  
Take our advice—do not read or sew by a dim light—it will be a direct strain upon the sight centers of the brain. On these two things hang the fundamental laws of sight economy. Never use cheap or pick-up glasses—come to us for advice about things optical. Everything needful here.

## What are Peps

Peps provide a new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.
