DEATH OF ONE OF BAWLF'S MOST RESPECTED CITIZEN'S

(From Bawlf, Alta., Sun)
Mr. Arthur McIlveen one of Bawlf's most highly respected citizens passed away after a lingering illness at his residence on Tuesday, June 20th.

The late Mr. McIlveen was born near Watford, Ontario, 46 years ago and settled in this district, where he resided until his death.

Mr. McIlveen was a member of the Presbyterian Church but always took an active part in the Methodist church here. He was also superintendent of the Sunday School and was always a willing worker. Funeral services were conducted in the Methodist Church on Wednesday at 7.30 p.m. by Rev. W. L. Bradley under the auspices of the Masonic Lodge. Mr. McIlveen leaves to mourn his loss his sorrowing widow, four children and two brothers, Frank of Bawlf, and Lundy of Vancouver.

There was a most beautiful masonic emblem from the local lodge.

Interment took place at Banff. The pallbearers were Messrs. D. Davies, W. A. Sargent, Chas. Sarjeant, C. Davies, Geo. Hanna and J. C. Paulson.

DEATH OF MR. JOHN SMITH

John Smith, one of the pioneer residents of Brooke township, died at the home of his daughter, Mrs. Thos. H. Sols, at Sarnia, on Saturday, July 1st, in his 85th year. Mr. Smith had been in failing health since last fall, the end coming calmly and peacefully through mere exhaustion of strength, he having enjoyed good health up to a year ago. Being one of the early settlers of this section, Mr. Smith had a wide acquaintance, and was held in high esteem for his sterling qualities and noble Christian character. For over 25 years he was connected with the Sunday school of the Walnut Methodist church as superintendent and had given aid in Sunday school work at the old Victoria church on the 10th line east during its existence there. He was a member of and life long supporter of the Walnut church, and with reluctance gave up active participation in the affairs of that body since going to Sarnia to reside with his daughter.

Mr. Smith was born in Port Robinson, Welland county, and came to Brooke when 17 years of age, with his parents, George and Rosina Smith. He helped to fall the timbers to clear the roadways near where they settled, lot 26, 10th concession, and later cleared himself a home on lot 22, same concession, on which he continued to reside until seven years ago, maintaining a continuous residence there for 56 years.

He was married three times. His first wife was Mary Barclay, and to them were born two daughters, the late Mrs. John Edgar and Mrs. Thos. H. Sole of Sarnia. Mrs. Smith died in July, 1872, and two years later he married Margaret Campbell. To them were born two sons, George D., of Sarnia, and John C., of Port Huron, Mich. Death again entered his household in 1882 and bereft him of his second companion. In 1885 he married Sarah Warren, who predeceased him in death nine years ago. To this union were born three sons, William W., and Ray, both of Brooke, and Peter K., of Hamilton; one brother, David, of Bothwell and one sister, Mrs. John Moyer, of Petrolia, also survive him.

Mr. Smith was laid to rest in the Alvinston cemetery on Monday followed by a large cortege of mourners and friends. The services were held from his old home, and were conducted by Rev. T. A. Steadman, pastor at Walnut, assisted by Revs. S. J. T. Fortner, a former pastor, and Rev. D. Allen, presiding elder of the Free Methodist church.

OBITUARY

(From the Empress, Alta. Express)
Donald Gillespie, born October 25, 1863, died June 5, 1922.

On the morning of Monday, June 5, Mr. Donald Gillespie passed away at his home here. For the past year he suffered from poor health and last fall it was found necessary to move to town where he could receive constant medical attention. For the past seven months he had been confined to his bed. Periods of sinking and relief alternated during the winter. At times he was oblivious to all surroundings, again he seemed to recognize faces but wandered in his thoughts. A few weeks before his death he rallied and gained complete consciousness. This was the best he had been for months. It however, was only for a few days, and from then until he passed away he recognized no one.

During his entire illness Mrs. Gillespie was his only nurse. Friends and neighbors were very kind, staying with her at night and rendering much other assistance. During the week preceding his death, friends were with her regularly, but on the Sunday, he seemed a little better and that night Mrs. Gillespie stayed with him alone. About eight o'clock in the morning she noticed a decided change for the worse. Unable to rouse him she called in a neighbor, but he had passed away.

Mr. Gillespie was a pioneer of the district. In March, 1911, he settled 14 miles south-west of town and in December of the same year was joined by his wife. His brother, John, who passed away in February, 1919, located within three miles of him. The well-attended funeral, which took place in inclement weather, showed the esteem in which he was held by his neighbors.

The service was held at the home on the afternoon of June 6th and the body interred in the local cemetery. Mr. Gillespie is survived by his widow who for the time being is living with friends in the vicinity, and two brothers, Peter and Angus, of the old home town, Thamesville, Ontario. The last named brightened his brother's long period of suffering with a short visit just before Christmas. The only relatives in the west are two nephews who reside at Al-sask, Sask.

Deceased was a brother-in-law of Mrs. W. M. Styles of Watford and was well known to many in this district who will regret to hear of his death.

DEATH SUMMONS

W. W. FAREWELL

Whitby, June 27.—After four-score years of crowded life, William Wallace Farewell, one of the earliest pioneers of Wellington county, passed peacefully away here yesterday.

Of United Empire Loyalist stock, Mr. Farewell was born at Oshawa 78 years ago. With the adventurous spirit of that far-flung race, in 1869 he joined the rush to the California gold fields. Eight years later he hewed out a clearing in the "Queen's Bush," where his sons, Rev. F. L. Farewell, Principal of Ontario Ladies' College, and Dr. E. R. Farewell of London, Ont., were born. Attached to the farm his own labors had cleared, he steadfastly declined to enter upon any phase of public life. Mr. Farewell was a staunch Liberal in politics.

Following the funeral service tonight in the Assembly Hall of the Ontario Ladies' College, he will be buried tomorrow in the cemetery at Drayton, Ont., beside his wife, who died three years ago.

The above clipping is from the Toronto Globe. Mr. Farewell was a cousin of Mrs. W. H. Luckham. His son, Rev. F. L., who was Provincial Organizer of Sunday Schools for Ontario, previous to his appointment at the college was known to many in this district through his work in that capacity and while in Warwick was a guest of Mr. and Mrs. Luckham.

OVERWORKED NERVES

The Most Successful Treatment is Through the Blood

The early stages of nervous debility are noted by restlessness and irritability in which the victims seem to be oppressed by their nerves. As the trouble advances, common symptoms are a tired feeling; weakness in the knees and ankles; headaches and sleeplessness. The matter requires immediate attention, for nothing but suitable treatment will prevent a complete breakdown.

The nervous system governs the whole body, controlling heart, lungs, digestion and brain, so that it is not surprising that nervous disturbances cause acute distress. For troubles of this kind Dr. Williams' Pink Pills succeed when other treatment fails, for these pills make new blood, enriched with the elements on which the nerves thrive, and in this way reach the root of the trouble. In proof of this is the statement of Mrs. Dockerill, Stratford, Ont., who says:—"My daughter, Matilda, was suffering from nervous debility, and the usual remedies did not seem to help her. I was advised by a friend to give Dr. Williams' Pink Pills a trial, and soon we found they were doing her a great deal of good. She complained of pains in the stomach, and severe fluttering of the heart, with a general weakness. Under the use of these pills she continued to gain, and I believe they have saved her from going into a decline."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SCHOOL REPORT

Report of S. S. No. 17, Brooke. Promotion exams. Number on roll 16. Class IV, Jr to Sr.—Ada Coristine, Fred Kidd. Class III to IV—Raymond Kidd (honors), Goldie Lucas (honors), Elsie Coristine (honors), John Rundle. Class II to III—Norman Kidd (honors), Mary Shirley (honors), Victor Kidd (honors). Class I to II—Margaret Lucas (honors), Marjorie Coristine (honors), Alex B. Coristine, Garnet Rundle. Primer to Class I—Albert Shirley (honors) Primer A—Irene Rundle. Primer B—Doris Brain.—Mary B. McLaughlin, Teach.

RED HOT JULY DAYS

HARD ON THE BABY

July—the month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Jobs Depend on the Safety of the Forests

DON'T

- DON'T take any chances with fire in Ontario's forests.
- DON'T throw away cigarette or cigar butts, pipe "heels" or burnt matches until you are dead sure they are out.
- DON'T neglect to drown out your fire with lots of water.
- DON'T build your camp fire against a rotten log or stump; nor on windy points; nor near moss patches; nor at the base of a tree.
- Build it in a former fireplace, or on a flat rock, or on a spot cleared down to the true soil below, or by the edge of the water.
- DON'T forget that the upper layer of ground in the forest consists of partially rotted wood which will burn.

RIVER DRIVERS, shanty men, pulp loggers, and all men who work in the lumber woods, on the river or at the mill—get this: Your job depends on keeping forest fires from burning up the bush.

Every time you leave a camp fire or a smudge burning you are taking chances on a forest fire that will do you out of a job. Every time you throw away a burning match or a cigarette, or drop the "heel" of your pipe on the ground, you are taking a chance. In summer time, moss, dead wood, dry leaves or the regular wood-fibre soil of the forest are all ready to burn. Millions of feet of timber and pulp are being burnt up that way every year.

Ontario's forests are not growing fast enough to keep up. Forest fires will do you out of a job if they keep on a few years more. Watch yourself.
