

IT PAYS TO ATTEND THE BEST

**CENTRAL
BUSINESS COLLEGE**

Corner Yonge and Gerrard streets, Toronto, is undoubtedly the largest and best equipped Business College in Canada ; investigate before you decide what College to attend. A poor selection means failure, a good selection means success. We never offer inducements like the payment of railway fare, cheap tuition or guaranteeing situations, in order to secure patronage. Thorough work is the great magnet which draws students to the college. Our former students who are now occupying some of the best positions in Canada and the United States, speak in glowing terms of our Colleges, and the result is that our schools in Toronto and Stratford are well filled with energetic young men and women from the homes of representative business, professional and agricultural men throughout Canada. COMMERCIAL, SHORTHAND, PENMANSHIP and ENGLISH courses. Students admitted at any time. Catalogues free.
