

Have The Louden Line On Your Farm

You will find most of the up-to-date farms throughout Canada are equipped with the Louden line.

You have to look no farther than the farms and dairies of the O. A. C. for a practical demonstration of its worth.

The Louden Barn Equipments

are recognized standard and leaders in their particular kind in the world.

If your barn is to have the most "practical" up-to-date equipment, you need to instal the Louden goods.

The Louden catalogue of perfect barn equipment is as good as a text book. Send for it.

Address your request for one to:
