

MONTREAL MINING EXCHANGE.

STOCKS A LITTLE BRISKER - VIRTUE STILL LEADS - MONTREAL-LONDON WEAK.

Montreal, Nov. 28

There was an improvement in the general business to-day over yesterday's; and although there is plenty of room for still further improvement, yet taking everything into consideration, external affairs, and internal affairs, the time of the year, etc., with the present financial impediments, there is not any great cause for complaint, although we would like to see a more general and widespread interest taken in mining matters by the general public.

Conditions warrant a fuller appreciation of existing enterprises and the general outlook is sufficiently promising even for the most sanguine; there are also numerous bargains floating around the room which will well repay the investor, and which in all probability will not go a-begging much longer.

The strong spot on the market was still Virtue, which gained another half a point, selling at 52 and 52 1/2, the trading, however, was not heavy, 1500 shares changing hands. As Virtue was the strong point, Montreal London was the weak, selling as low as 42, and closing with a weak undertone, the tendency being downward.

Payne was strong, selling at 114 1/2 for a thousand shares, and Big Three was also firmer, 500 shares selling at 10 1/2.

Among the other issues traded in were Iron Colt and Fern, the former selling under the old basis for 3 1/2 cents to the amount of 1050 shares. A broken lot of Fern sold for 3 1/2, viz: 641 shares.

So far Kenneth has been a dead issue as far as trading is concerned; we hear that work is progressing favorably on the Tamarac, which is a property owned by the Kenneth Mining Co. During the last few weeks about 8000 tons of pay ore have been mined. Nearly 30 men are at work on the mine.

Mr. Monroe was elected as member this morning to the full privileges of the Mining Exchange.
