

Types of
Anemia

No.
9

The Anemia of the Climacteric,

due to the more or less excessive direct
blood loss, is always materially bene-
fited by the regular use of

Pepto-Mangan (Gude)

This efficient hematinic serves to
restore the sufficiency of the vital fluid,
and thus render the patient more re-
sistant to the continuous drain upon
the vital bank account.

In eleven-ounce bottles—Never sold in bulk
