

sent are difficult to make. Stocks held in Canada are said to be much less than this time a year ago. The local trade is fairly active, prices being well maintained; we quote: Summer makes, 9 to 9½c.; fall makes, 9½ to 10c. Packers are not anxious buyers of dressed hogs. For selected weights, 100 to 150 pounds, they are paying \$4.90 to 5.00 per cwt.; heavy weights bring \$4.50 to 4.75. Products are fairly steady; a number of packers report an improvement in the demand for general lines. Stocks of lard are light and prices firm, tubs selling at 8½c. and pails, 8½c. per lb. In car lots dealers quote long clear bacon, 6 to 6½c., and case lots, 6½ to 6¾c. per lb. Heavy hams are worth 9c., medium, 9½ to 10c.; light, 10 to 10½c. per lb. The recent cold snap has had an effect upon the delivery of eggs. Cold storage and limes are well cleaned up and prices have advanced. We quote: New laid, 17 to 17½c.; limes, 14c. per doz. Trade in dried and evaporated apples is quiet and inactive.

SEEDS.—The movement in the Canadian crop of red clover remains unchanged, country dealers continuing to realize about \$5 per bushel at outside points. The feeling in London as to Canadian Alsike, if anything, has improved. The markets abroad for clover and grass seeds show generally an upward tendency. No change has taken place in timothy seed. The roads having improved somewhat in many districts, deliveries are more free.

WOOL.—The local situation is very quiet. Wool markets abroad have shown no special activity. In the United States there is now little indication that Congress will open a duty on wool; manufacturers there have secured considerable supplies in expectation of the duty, and it is but to be expected that trade will be curtailed within narrow limits for some time. The London wool auctions opened on the 3rd inst., with active competition, and some improvement in merinos and crossbreds. The consumptive demand from the mills in Canada, at present, is weak. Some interest is manifested in the new clip, but as yet it is too early to make any prophecy as to the market.
