This is without doubt the strongest Development Company yet put on the market, the high standing of the directorate assuring stockholders that their interests will be economically and judiciously handled. Your subscription, if small, is united with others until the sum is reasonably safe to operate with. You are promised no enormous dividends so as to entrap your money. You assume no liability beyond your subscription, but we believe that this is a choice investment, and the probability of large returns, compared with the possibility of only a small loss at the greatest, is such that the plan will commend itself to anyone.

## OPTIONS AND INTERESTS.

The management has secured the following interests in both British Columbia and Ontario:—Options on three promising locations near the famous "JUMBO" mine, Rossland, B.C. Two locations in Rainy River district, one of which will be examined minutely as soon as transportation admits it in the spring, whilst the other is under negotiation. Two properties in the wonderful Slocan (silver) District, B.C., one in the White Water Basin, being under option, held by us, the other in which an interest is being negotiated for at present. Locations in Jack Fish Bay, having an area of about 500 acres, which will be carefully examined by our experts with a view to purchase. A location in Boundary Creek District, B.C., which is well mineralized, and which will be reported on in the early spring. In the event of good reports work thereon will be pushed rapidly, and if thought advisable by the management purchase will be proceeded with; besides several other partially developed properties in the Lake of the Woods, Trail Creek, Slocan and Boundary Districts are receiving the attention of the management. The demand for the first issue of shares at the low price of ten cents has been unprecedented, and the list will close in a short time at that price.
