

Section IV. Recognition of qualifications giving access to higher education

Article IV.1

Each Party shall recognize the qualifications issued by other Parties meeting the general requirements for access to higher education in those Parties for the purpose of access to programmes belonging to its higher education system, unless a substantial difference can be shown between the general requirements for access in the Party in which the qualification was obtained and in the Party in which recognition of the qualification is sought.

Article IV.2

Alternatively, it shall be sufficient for a Party to enable the holder of a qualification issued in one of the other Parties to obtain an assessment of that qualification, upon request by the holder, and the provisions of Article IV.1 shall apply *mutatis mutandis* to such a case.

Article IV.3

Where a qualification gives access only to specific types of institutions or programmes of higher education in the Party in which the qualification was obtained, each other Party shall grant holders of such qualifications access to similar specific programmes in institutions belonging to its higher education system, unless a substantial difference can be demonstrated between the requirements for access in the Party in which the qualification was obtained and the Party in which recognition of the qualification is sought.

Article IV.4

Where admission to particular higher education programmes is dependent on the fulfilment of specific requirements in addition to the general requirements for access, the competent authorities of the Party concerned may impose the additional requirements equally on holders of qualifications obtained in the other Parties or assess whether applicants with qualifications obtained in other Parties fulfil equivalent requirements.
