## NOTICES OF MOTIONS.

Mr. Pelletier-On Thursday next, Enquiry of Ministry-whether it is the intention of the Government to provide for the establishment of Public Schools of Navigation and Seamanship with Board of Examiners at the different seaports of the Dominion, or at any one of them.

Mr. Bodwell—on Monday next, Committee of the Whole,—to consider the following Resolutions:—

1. That it appears from the Public Accounts for the year ending 30th June, 1870, that the Railways under

Government management in Nova Scotia have not paid the working expenses.

2. That it is inexpedient that the management of the Railways of the Country, especially such as are not important as great national works for defensive purposes, should be in the hands of the Government, as such roads can be much more economically worked as commercial undertakings in the hands of private parties or companies.

3. That it is desirable to dispose by tender or otherwise as the Governor in Council may direct of all the Railways in Nova Scotia and New Brunswick not forming parts of the Intercolonial Railway now under the management of the Dominion Government, to such persons or companies as will undertake to work them under the laws

which now exist, or may hereafter be passed governing Railways.

Mr. Renaud—On Thursday next—Enquiry of Ministry—Whether it is the intention of the Government during the present year to make the Port of Cocagne, County of Kent, N. B., an Inland Port, in compliance with the petition of the merchants and principal inhabitants of Cocagne.

Mr. Fortin-To-morrow-Enquiry of Ministry-Whether the Government have received any communication from the Governments of Ontario or Quebec, respecting a proposed settlement of the surplus debt and assets of the late Province of Canada.

Mr. Delorme-On Monday next-Enquiry of Ministry-Whether it is the intention of the Government during this Session to bring down any measure to amend the Act on Banking so as to allow the Banks of the Dominion to continue their circulation of small notes.
