The award of the arbitrators in the separation of Union School Section No. 24. York, and No. 3, Etobicoke, having been sustained, that part of the section remaining in York Township will be known as No. 32, York, and A. L. Campbell, public school inspector for South York, has promised that a public meeting of the ratepayers of the district will be called as soon as arrangements can be made with the township authorities for the appointment of school trustees. The need of the new section is for a two-roomed school, in which the younger children can be taught, and it is proposed that the school should be built in such a way as to allow of the addition of other rooms in the future, as the growth of the Lambton Park section shall demand.

As yet, however, few young men have enrolled, and ever, few young men have enrolled, and there are many in ward seven whose business ties prevent them from joining any of the regular militia regiments, but who will be welcomed among the ranks of these who are ready to come forward in defence of their country if called on.

Membership in the West Toronto Home Guard entails but one night's drill a week and enables the member to obtain much valuable instruction in practice with the rifle. The lists are open at W. G. Sheppard's, Dundas street.

In response to the strong feeling evidenced thruout the district in favor of a Sunday car service, the committee intend to make a big effort towards success, as it is assured that Manager Royce of the Toronto Suburban Railway Company will do what he can in support. business session.

The ward seven ratepayers are holding their annual meeting and election of officers on Friday evening of this week in the Annette Street School. Several important matters are to come up for discussion, including the decision of the raffway board against the construction of a Bloor street line.

Assessment Protested.

Assessment Protested.

The residents on the southern part of Pinecrest road, formerly Clara street, are indignant at the assessment on their property for the proposed lowering and grading of the street to Conduit street. They caim that the work is not a local improvement and was protested against, and that as a public work the cost ought to be borne by the city. A deputation headed by J. M. McIntosh waited on the city council yesterday to ask that the assesscouncil yesterday to ask that the assess-ment be withdrawn, but it was referred to the board of works, who recommended

#### TORONTO-HAMILTON ROAD BEFORE HIGHWAY BOARD NORTH RIVERDALE

George H. Gooderham, M.L.A., attended the meeting of the York Highway Com-mission in the county municipal build-ing yesterday to ascertain the attitude of the commissioners regarding the proposed highway from Toronto to Hamilton and to find if they intended to take any action in the matter. He announced the amounts levied on the different muni-cipalities benefited and the sums grant-ed by the Ontario Government and Toed by the Ontario Government and Toronto towards the cost of construction.
While the board did not commit itself to
anything definite it was in entire accord
with the scheme. A number of the municipalities concerned have not yet decided on any course, but Mr. Gooderham
was confident that they will express
themselves as favorable to the proposition.

After communicating with them he will report to the next meeting of the commissioners, when their action will probably be decided on.

Your organization is cumbersome and takes you away from the government and King. You do not become subservient to military responsibility and you are not attached to the military of Canada and not subject to control which could command you to march and fight.

"I can guite see that you are all The annual meeting of the North Toronto Riverdale Ratepayers' Association was held last night in Playter's Hall, and a very representative number of the ratepayers were present. The president, Dr. E. A. MacDonald, was in the chair, and from the intended improvements that were being considered he pointed out that tenders had been called for the grading of several new lanes in the district and with the completion of these, there would be no necessity to deposit garbage on the front street? The rounding of the corner of Danforth and Broadview was under way, and rapid progress was being made

"I can quite see that you are all anxious to serve the King; you are full of ardor; but I hardly think you are going about it in quite the proper way. Before you are any use you will have to be disciplined and that is almost impossible in an organization which has so much airly authority as you propose." General Sir William pointed out that there were forty similar organizations in Toronto independent of the government, but he did not think they would last unless placed under military authority of Danforth and Broadnew was under way, and rapid progress was being made in the work. The city had stated that they would have the square at this corner paved before the snow falls so that one of the best corners in the city should result.

Express Deliveries.

In regard to the express companies extending their delivering areas to the paved streets above Danforth, the secretary stated that they were now considering asking the Ontario Railway Board to demand that the companies extend their limits in this district. The secretary reported a very satisfactory year, and that most of the requested improvements had been completed by the city, which was very encouraging. The treasurer's reports showed a very good balance. The election of officers resulted in the returning of President MacDonald and Treasurer J. T. Robertson by acclamation. W. C. ST. BONIFACE DE SHAWINIGAN, Que., Feb. 3rd, 1914.—"It is a pleasure to me to inform you that after suffering from Chronic Constipation for two and a half years, I have been cured by 'Fruit-a-tives.' While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and testines continually tortured me, and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Someone advised me to take 'Fruit-a-tives,' and at once I felt a great improvement. After I had taken four or five boxes I realized that I was completely cured, and what made me glad also was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-tives,' for they are the medicine that cures." became paralyzed. Som ine that cures.
