Fimber of Yesterday's Receipts Were Heavy Exporters for Today's Trade.

PICKED UP READILY

Top Grade Stockers and Feeders in Demand at Advance.

The receipts of live stock at the Union Stock Yards yesterday numbered 106 cars, including 847 cattle, 23 calves, 1639 hogs, 1220 sheep and 393 horses.

Butchers' cattle: Of the number consigned yesterday something over 300 were on sale and only part of these were killing cartie. The balance of the shipment were heavy exports for today's market. The trading of butchers' steers and helfers closed strong at the advance noted on Wednesday. Canners at their closing tone were equally strong. Butcher bulls and cows steady to strong at midweek values. The market was not over supplied all week and the shipments were well balanced. There is a good demand for all top grades and canner cows. Beginning Monday, Nov. 8, the insurance rate against the loss of bullocks after purchase will be 50c a head off cows and 20c off all other cattle.

Stockers and feeders: The top grades rate against the loss of bullocks after purchase will be 50c a head off cows and 20c off all other cattle.

Stockers and feeders: The top grades had a very strong inclination at the close and the good animals present yesterday were readily picked up at the advance quotations. Common and eastern brands, tho not in demand, find their way to the scales at easy prices established in the early week.

Milkers and springers: Back springers are draggy and easy, with little demand, while milkers and forward springers are at top-notch values.

Lambs: Closed active and strong at 10c to 15c higher than last week for choice eastern black faces. Probably 300 sold at \$9.15, with a small lot at \$9.20. This does not necessarily establish these high

eastern black faces. Probably 300 sold at \$3.15, with a small lot at \$9.20. This does not necessarily establish these high prices, as these were above the average good quality. The bulk of the trading for lightweights was completed at \$8.75 to \$9, and \$8.50 to \$8.65 for heavy kinds. Heavy sheep steady at \$4 to \$4.75; light steady to strong at \$5.50 to \$6.50.

Calves: Not enough to make a markat, so the low levels of Wednesday's transactions will have to stand. Very choice veal only will reach 10½c per lb.

Hogs: Packers are loth, wi h weakness apparent on American markets, to pay any higher price than \$8.85 fed and watered, so trading yesterday opened slow and continued so until the afternoon. There was no material change, but the market is unse tied, and the prospects are not favorable, at the least, to any advance.

WILL FEED NO CATTLE AT THE DISTILLERIES Plants Now Closed-May Not Resume for Two Years Owing

to Conditions.

A cattle man said yesterday that there would be no cattle tied up for feeding in Canadian distilleries for a long time. The distillers have pretty may not resume for two fears on account of large accumulation of goods and reduced demands. Of course, the shut down does not cut out the governments usual revenues from filling orders and releasing stuff from bond as called for. The expert busiress (which pays no duty), must have fallen off a good deal by reason of the war. A country like France requires Sheep—Receipts 16 000. Market weak. a large amount of spirits for fortify-large amount of spirits for fortify-ing wines, and a large amount of spirits are also used in Europe for industrial purposes. But these demands are lighter now. The temperance wave and increased stringency of the I cense laws have also interfered with local consumption, and made it more or less precarious The price of the capital stock of some of the distilling companies in Canada, not long ago, was from \$300 to \$500 for one hundred dollar shares.
Transactions in small lots are now said to be taking place at par. The net result of the situation is that distillers have stopped production, but are cont nuing to sell spirits and pay the inland revenue taxes on

them as taken out of bond. **BRITISH CONTINGENT**

French Commander is Pleased With Result of His Inspection.

PARIS, Nov. 4 .- The first British contingent arrived Friday at Guevgueli, in the Serbian theatre, according to a Havas despatch filed Saturday at Saloniki, but delayed. The British forces will act as a separate unit, but in collaboration with the French troops. Guevgueli is just across the Greek border, 40 miles northwest of

Saloniki. Gen. M. P. E. Sarrail, commander of the allies' expeditionary forces in Serbia, returned Friday from a hasty inspection of the French front from Guevgueli to Krivolak. He was favorably impressed with the French positions, which are strongly held on the heights of Babrovo, Gradek, Domir

and Kapou. The French forces advancing northwest from the Greek frontier have not yet effected a junction with the hardpressed Serbian army in the vicinity of Veles. The fighting in this district has been desperate and the Serbs once recaptured Veles after it had fallen to Bulgars, only to lose it again or Oct. 31.
