

3. The "EVANGELICAL CHURCHMAN," an organ of sound Protestant and evangelical teaching, after an experience of nearly two years, has met with a success hitherto unequalled by any religious newspaper in Canada. Already letters have been received from the authorities of the sister Church, in the United States, representing the Boards of the American Church Missionary Society, and the Evangelical Education Society, of New York, and of Philadelphia ; not only commending the paper in high terms, but expressing a desire that the "EVANGELICAL CHURCHMAN" may be made the medium for disseminating Evangelical principles, and Church and Missionary information throughout the United States. All the more urgent is the call on every sound Protestant churchman in Canada to promote its circulation throughout the Dominion.

The Executive Committee accordingly earnestly invite the members of the Church Association, and all friends of Evangelical Truth :—

To make those various branches of the work now undertaken, the subjects of earnest prayer.

To give practical evidence of their sympathy in the good work by subscribing to the several objects, according to their ability.

To pay promptly the annual subscription of \$1, due by each member of the Association.

To induce all who are in sympathy with the good work to become members of the Association ; and subscribers to the "EVANGELICAL CHURCHMAN."

Members, especially in the country, are apt to regard their individual Dollar, as a trifle ; but united action is the truest source of strength, and nothing is more encouraging evidence of a widespread sympathy in the good work than the prompt response of all members to the annual call for their subscription.
