

## Hockey Varsity Wins Junior Game

## Note and Comment

The body of the late Charlie Phair, Jr., arrived yesterday from Trinidad and now lies at the mortuary of W. H. Stone, College-street, encased in a lead casket. The funeral will take place on Saturday at 2 p.m. from the home of the parents, 1812 East Queen-street. The boy was killed in a race at Port of Spain on Jan. 2. The track had, instead of the modern regulation rail, posts at intervals. Charlie was riding the winner and was wearing the wire, when he looked around, his head striking one of the posts and the boy never knew what happened. The corpse was 19 days coming from Trinidad by steamer to St. John, N.B., and by rail to Toronto.

Carl Morris, the Oklahoma giant, is matched to fight old Mike Schreck at Muskogee, Okla., on Jan. 28. Morris says he will stop Schreck in three rounds, after which he will be ready for Jim Barry or Tony Ross. If Morris beats either or both of these heavyweights he says he will seek a battle with Al Kaufman. Billy Delaney says he'll match Kaufman with Morris whenever the latter is ready.

Bill Pappo, Jimmy Clabby and Ray Bronson, the American boxers, sailed from Australia for England last Saturday, but Cyclone Johnny Thompson remained behind. Thompson, the big lightweight, has offered to try out Colin Bell, a new "white hope" at Sydney. Bell is a pupil of Larry Foley, the veteran boxing instructor, and weighs 175 pounds.

Sporting Editor World: When Jimmy Murphy is prosecuting his labor as president of the N.L.U. next summer I wonder what will be his course in case a team quits the field like the Toronto did against the Tecumsehs at the island last summer? North End.

Ed. Baker is one of the practical men who is not content with the methods of the modern wrestlers. It is his opinion that they all fake and he gives a personal experience in connection with Gotoh. The champion had a handout match with Paerelli in the Royal Theatre, Montreal, two seasons ago and, owing to an alleged difficulty about securing a referee, he (Baker) was selected from the house. Paerelli was to stay 15 minutes, and did so, and the crowd thought they were getting the real thing. Baker says that Gotoh could have thrown Paerelli 15 times in the 15 minutes if he wanted to.

A feature about the last bout in Toronto was the absence of an referee in the press notices to the match that Hassan Abdallah won from Rogers, and Dr. Roderic will figure in the official organs when Yankee comes again.

The Gladstone Bowling Club was formerly opened last night when Controller J. J. Ward and Frank Johnston, president of the C.B.A., handed out a small complimentary remarks. Two match games were rolled, and after it was all over everybody wished Herb, Gills all kinds of success.

## OVERTIME NECESSARY FOR VARSITY JUNIORS

Parkdale Forced College Boys To Go Limit to Win by 8-5

Other League Scores.

Varsity juniors were forced to play 10 minutes overtime at Mutual-street rink last night to defeat Parkdale 8 to 5.

Half time score was 2 to 1 in favor of Varsity and full time 5 to 1.

The ice was very heavy, making any kind of hockey almost impossible, and the players frequently oversteered the puck, and what goals were scored were generally butted in. There was absolutely no chance for any combination play, individual work being in evidence all the time.

Varsity were without Smith at point and Pete Campbell at centre, while the other players were greatly missed. Sinclair, formerly of Muskogee, was at forward, and a sturdy little fellow, and has a good shot. Parkdale also made several changes and much of the time the play was a struggle in playing out their schedule.

Varsity were to score, and at half time it was 2 to 1 in favor of the college. Right from the start of the second half Parkdale evened up, the game sea-sawed, and at full time it was five all. Five minutes each way was then played, and Varsity scored in one minute, one minute and a half, and another in one minute, making the final score Varsity 8, Parkdale 5.

Varsity (5): Goal, Laird; point, Hayman; cover, Caldwell; rover, Webster; centre, Goodie; right, Sinclair; left, Clarkson.

Parkdale (6): Goal, Waring; point, Clarke; cover, Bee; rover, Mayne; centre, Duthie; right, Burt; left, Yowry. Referee: Herb Clarke.

## MAJOR LEAGUE BASEBALL CLUBS' TRAINING PLANS

St. Louis Cardinals Will Take the Shortest and Boston Red Sox Longest Spring Trip.

NEW YORK, Jan. 25.—Within a few weeks the sixteen baseball clubs of the two major leagues will be in the southern training camps lumbering up for another pennant-chasing season. For most of the players it means a few weeks of stiff arms and legs, and a reduction of weight, which surely follows the early season work under the hot sun. The preliminary trips of the baseball teams have become a prominent feature of the game for several years, and each season sees a number of promising youngsters tried out, few of whom make good, and many of whom do not.

The recruits are the ones who furnish most of the action of these trips, for they play at top speed at the start in their attempt to make a good impression on the managers. The tried veterans it is different; they have been thru the proceedings many times before, and take things easy at first and do not get into real fast playing until the season opens. The training camps are a place where the elimination of the kinks in their shoulders and arms that have developed during the winter months is made.

As early as Feb. 11 the teams will start south. On Feb. 11 the first batch of the New York Yankees will go to the Proteus for New Orleans, and go from there to Marlin Springs, Tex. Another batch of the Yankees will go by train, and the entire squad will report to Manager McGraw by Feb. 20. After a few weeks of preliminary training the squad will be divided into two teams and play exhibition games on the way north.

By Feb. Manager Bill Dahlen will be at Hot Springs, Ark., with several of the Brooklyn pitchers, and will be joined by the other members of the team by the entire Dodger squad. The Arkansas resort is popular with the ball team, and they will be between sixty and seventy players working out there. The Pittsburgh Pirates will go to West Baden on March 7, and the team will assemble at Hot Springs on March 17. It will then play exhibition games before starting on the big league tour.

April 1. The Pirates made a bad start in the National League race last season, and Manager Fred Clarke will try to have his players in better shape when the coming season opens.

The Chicago Cubs will go to New Orleans on March 1, and will work out with the New Orleans team. The Cubs will also play with several of the American League clubs during their stay in that city. The Boston Nationals will train at Augusta, Ga., and play exhibition games before getting back to the Hub. Cincinnati will train at Hot Springs, Ark., where they will share the ball park with the St. Louis Browns of the American League. Clark Griffith will have the pitchers in hand early, and will have a few weeks' start on the other players. Manager Charley Doan will take the Philadelphia Club to Birmingham, Ala., to train.

The Phillies will play several games with Southern League teams before coming north, and also play with the Detroit team at Birmingham.

The St. Louis Cardinals, under Roger Rosenbaum, will have the shortest preliminary training season of any of the big league clubs. The team will report at West Baden on March 15, but will return to St. Louis after a ten days' work-out.

The New York Americans will take a big squad south to train. The recruits will be taken to Athens, Ga., where the club has established an up-to-date camp, and the veterans will go to Hot Springs, Va., to get into shape before joining the youngsters at Athens.

The Atlanta Braves will work at the camp, the Yankees will go to Hot Springs, Va., to get into shape before joining the youngsters at Athens.

The longest trip of any of the ball clubs will be made by the Boston Red Sox. Owner John I. Taylor will send his club to the Pacific Coast. The training camp for the Boston Red Sox will be at Redondo, California, from Los Angeles. The squad will travel by special train from Chicago. This is not the first time the Red Sox have chosen the southwestern country for a training ground. The teams have always had a winter training in the climate even more agreeable than the south. The Red Sox training plans will include a trip of \$500 miles.

The Washington team will train at Atlanta, Ga., but the pitching staff is to report to Manager McAleer at Hot Springs and work out for two weeks before going to Georgia. Washington's first exhibition game at home will be with Georgetown in April.

## CALIFORNIA RACING DOOMED.

SAN FRANCISCO, Jan. 25.—The doom of the California race tracks was sounded to-day when the state senate passed the Walker's anti-gambling bill. This measure will be adopted by the house to-morrow, and probably signed by Governor Johnson Monday. Only fifteen days are given after the signing of the bill before the law goes into effect.

## Corkery is Refused Amateur Card By Ontario A.A.U.

Several cases of violation of the regulations were dealt with at the meeting of the registration committee of the Ontario Amateur Athletic Union last night. The registration was refused Fred Young of McMaster College, who played professional hockey in Pittsburgh and Toronto. No card will be issued for the present to James Corkery of the Irish Canadians, who entered two races run on Christmas in San Francisco, and a fourth and last race on Monday. The latter was a professional, and competed only at one place.

The transfer of F. H. S. Bowe from the first eight months of 1910 to the Y.M.C.A. was approved. Chas. Watson, who competed when ineligible, will not receive a card until his case is reported on by Dr. Fisher of the Y.M.C.A. League. All boxes are notified that the Metropolitan Turf Club competitions are professional events, and all competitors are barred from amateur meetings.

NOTES FROM ABROAD. The wireless stations necessary to connect the British possessions are only twenty in all. They would cost \$2,000,000 to build and about \$1,000,000 a year to operate.

An international group of bankers have formed a committee to control the tobacco output of Morocco. Colombia has abolished its export duties on rubber and India rubber.

Cuba proposes to increase its import duties on various kinds of paper. The Russian State Bank has grown greatly in importance. Its gold reserve is \$72,755,000, or 120 per cent of its note issue. The paid-up capital is \$25,750,000. The gross receipts of the bank are 18 times greater than 50 years ago.

The sum to be spent in Japanese naval expansion has been definitely fixed at \$40,000,000, to be distributed over five years.

The Japanese cement companies are in a bad way. Market prices do not pay the cost of production.

The Moscow municipal electric railways made a net profit of \$140,455 in the first eight months of 1910, a gain of 450,000 over the same months of 1909. New lines are under construction, and the system promises to be one of the best in the world after completion of the lines proposed.

Canada customs receipts in the first eight months of 1910 amounted to \$47,398,911, a gain of \$5,236,000 over the same period of 1909.

Russian trade in Mongolia has gone all to pieces. The Chinese absorbing it. The Manchurian railways are entirely empty. Mansions of former Russo-Mongolian trade millionaires are boarded up and falling into decay.

On Nov. 8, 1910, the Southern Pacific of Mexico Railway Co. received a concession to build from Guadalajara to Mexico City. The line to Guadalajara was to be completed by Nov. 6, 1913.

Denmark wants to place a foreign loan amounting to approximately \$25,000,000 American currency.

Kobe is the leading shipping and distributing centre in Japan, altho Yokohama is first in the total value of foreign trade. Yokohama is principally an export centre. Yokohama exports four-fifths of the raw silk, while Kobe imports 40 per cent of the raw cotton.

Roughly speaking, Kobe does nearly half Japan's import trade, while Yokohama does nearly half the export trade. Kobe's district has one city of over 1,000,000 population, three with populations of about 400,000 (same as Yokohama), two of over 100,000, and two of over 50,000. That insures wide distribution. The great harbor extension work at Kobe is actively proceeding.

Pay Taxes in Kind. The natives of the Congo pay their taxes in kind, as might be expected in a territory just beginning to be civilized. The value of domestic animals in that country is such that one wishes it were nearer London, in view of the high price of meat here. A bullock is valued at about 15 sh. 6d., a cow 22 sh., a horse 25 sh., a sheep 5 sh. 2d. The camel commands the highest price, viz. 24 sh.

The custom of payment in kind is not so remote as most persons would think. The reverend the late Prof. Flint of Edinburgh, who has been stated that during the time he was professor of moral philosophy in St. Andrews he was accustomed to receive part of the emoluments of his chair in kind from the farms belonging to the university. This would be prior to 1876, in which year he was translated to Edinburgh.—London Globe.

## GLEE CLUB'S CONCERT

Large Audience Enjoyed Splendid Entertainment.

A representative audience of 1400 people gathered in Convocation Hall last night to hear the annual concert of the University of Toronto Glee Club, under the direction of A. L. E. Davis, the conductor. The program was excellently chosen, every chorus number being well sung, while the support of the Toronto string quartet, Ada Twoby, pianist, and F. Race, organist, all greatly enhanced the musical effect.

The first number, Handel's "Trust in the Lord," (Largo), with a Damosch accompaniment by the strings, piano and organ, was especially fine, and was well appreciated by the audience, which included many of the students of the University. The patrons, his honor, Lieutenant-General Sir Frederick Falconer, and many others of social prominence, were present.

Buffalo and Return, \$2.10, Saturday, Canadian Pacific Railway. A special excursion has been arranged by the Central Y. M. C. A. to Buffalo on Saturday, leaving Toronto at 1:15 p.m. Tickets for the round trip are \$2.10 and may be obtained from Mr. Brydson at the gymnasium, the committee, all C. P. R. Toronto offices and South Parkdale station. Tickets are good returning all trains Sunday and Monday, Jan. 26 and 27.
