feat for the first time in a league game this year before St. Albans. A main factor in bringing about St. Alban's win was their play in the field, which was clean and snappy, misplays being very few, while the home team made more than one error that materially alded in adding to the score. No large individual scores were made, the best from all points being Sellers' 30 for Rosedale. Balmes and T. Swan also did well for the same team. For the winners Garrett's 28 was the best, with C. Edwards and W. Rebinson closely following. Hancock and Matthias also materially assisted the total. Black for the home team carried off the bowling homors, getting seven wickets for 41; T. Swan got one for 16, and Wookey two for 24. St. Albans bowlers pretty well divided up the wickets, Robinson getting two for 21, and J. Colborne three for 23.

EATON'S DAILY STORE NEWS

The EATON PIANO at the Summer Home

The entertainment and pleasure derived from a piano at the summer home are most enjoyable.

At the summer home the hard usage and often climate conditions put pianos to a very severe test and in this respect the EATON Piano stands out prominently, for it is made to stand the climate of Ontario and climatic conditions have no effect on its beautiful tone or high grade action. And that is but one of the many striking features it possesses. Elegant in design, responsive action, powerful pleasing tone, and perhaps, most important of all is the remarkably low price. People paying a high price for pianos naturally expect an instrument of merit that equals the amount of expenditure. In the EATON Piano are high grade qualities found in pianos at twice this cost.

We give three months' trial, which enables you to become thoroughly acquainted with this piano and also put it to a thorough test; if the results are unsatisfactory, we refund your money. We give ten years' guarantee, which shows our confidence in its durability. Have it demonstrated to you in Music Hall, third floor. Exceptionally low price 185.00
