HAVE SEED FARMS THRUOUT ONTARIO

Provincial Secretary and Department of Agriculture Co-operate in Scheme.

INCREASE CROP YIELDS

Employment of Good Foundation Stock Will Be Encouraged.

Plans were completed yesterday whereby the provincial secretary's department and the department of agriculture will co-operate in a nev scheme to supply Ontario with seed grains of all kinds as well as root seeds. The various provincial institutions will each have a government plot this summer, and there will be a total of 200 acres used in this way. At London, Mimico, Hamilton, Woodstock, Belleville, Whitby, Burwash and Fort William these government farms will be the centre of ac-tivity and great interest. Commencwith the very best seeds availabl now, the department of agriculture will begin the raising of what will be known as "certified seed," guaranteed by the government as being free of disease, and true to vari-The result, it is hoped, will be that the entire amount of seed required in Ontario will be supplied by these farms, and the farms of others who may go in for seed raising under the supervision of the department of agriculture.

Mangold Seed Scarce. Mangold seed has heretofore been imported from Europe, but owing to war shipments are not coming and the supply is running low. It, is therefore the idea of the department to plant enough seeds in Ontario this year to meet the demands of the province in 1920, it taking two years to develop seed from seed. Other seeds will include beans, peas, oats, spring wheat, barley and potatoes.

The provincial secretary will finance the scheme, purchase the seed. supply the equipment and control the actual operations on the farms, while the department of agriculture will give assistance in getting the foundation seed and will give all scientific information. A seed inspector will visit the farms at intervals and give whatever instructions are neces sary and ir the fall will inspect the seeds and grade them. The depart-ment will then attend to the distri-

Any farmer who wishes to aside a portion of his farm for this work may do so and receive the same support which the provincial institu-tions will receive, and at the end of and the farmers of the surrounding district urged to undertake similar work. Then a standard of seed will be grown in each community, farmers can ship in carload lots, to their advantage, and the general results will be very beneficial.

Can Increase Yields. During the past 26 years the average yield has been as follows: Fall wheat, 21.3 bushels per acre; spring wheat, 16.1 bushels per acre; barley, 28.1 bushels per acre; oats, 35.8 bushels per acre; hay, 1.47 tons per acre. With the use of certified seed this can be materially increased, according to Justus Miller, assistant commissioner of agriculture, by roughly 10 per cent, adding hundreds of thousands of dollars' value to the crops. It has been shown that the income of a farmer using certified seed is about \$500 per year greater than that of the farmer not using it.

WILL CONTINUE FIGHT. Acting on a communication from Senator A. Claude Macdonell the

board of control yesterday decided to renew the city's fight at Ottawa against permitting the Toronto and Niagara Power Company to enter on the streets of the city. PROBE GAS POISONING CASES.

The medical health officer and the

works commissioner will investigate control issued the necessary instruc-

RUSSIAN UPHEAVAL HAS ECHO IN COURT

Bolsheviki Responsible for Heavy Losses of Two Toronto

ROUBLES DEPRECIATED

Big Drop in Values Between Times of Buying and Selling Agan.

A case of peculiar interest which has arisen as a result of ascendancy of the Bolshevik Government was heard yesterday before Judge Denton places upon the recent order-in-counin the county court, when Woliom cil governing the delivery of liquor for Nahula and I. Kowalsky, two Russian beverage purposes taking effect April tions will receive, and at the end of laborers, were suing Rotenberg's, Ltd., the season meetings will be called for the return of \$500. According to the statement of the plaintiffs of paid \$500 last July to defendants who were to send 2,000 roubles to the wives of plaintiffs in Russia. After the money had been sent the Bolshevik Government was established money could not be delivered as the Germans were in occupation, and ac-cording to L. M. Singer, who appeared for defendants, the roubles were turned, but on account of the value of the roubles depreciating from about 25 cents to 12.75 cents, \$250 of the original money handed over had vanish ed. Plaintiffs were given the option of taking 2,000 roubles or \$225, which would about be their value in Canadian money. His honor gave judgment for the defendants with costs amounting to \$75. This is the first time such a point has come up for decision, and was watched with keen interest by those firms handling for-

ORIGINAL PRINCESS PAT.

Sergt. Wm. Leith, Home on Furlough,

Well-known Labor Man. Princess Pat, is home on furlough for a few weeks after 42 months over seas. He lives at 23 Brock crescent and before enlisting was one of the best-known members of branch No. 3 of the Amalgamated Society of Carpenters and Joiners. He has been wounded once, the occasion being at the alarming increase in fatalities the battle of the Somme. Another due to gas poisoning. The board of well-known carpenter is Geo. Steele, who enlisted with the Canadian Field

INTERPRETATIONS **GIVEN TO ORDERS**

Ontario License Board States Its Position on Delivery Question.

DELAY AMONG SHIPPERS

Conditions Which Make Delivery Legal Until May 1.

Inspectors of the Ontario License Board have been advised by circular of the interpretation which the board

1. Clause (4) of the order-in-council passed on March 11 reads as follows:

No person after the first day of April shall send, take, transport into or deliver in any prohibited area any intoxicating liquor or cause any intoxicating liquor to be so sent, transported or delivered. The board interprets th

that no intoxicating liquor for beverage purposes can be delivered after midnight on Monday, April 1, to the consumer. In the opinion of the board this clause will still apply where and make direct delivery from brew ery or distillery without using the railway or express companies.

Time is Extended.

March 22 this regulation was passed

order-in-council at Ottawa: Regulation four of the order-in ncil of the eleventh day of March, 1918 (P.C. 589) is amended by adding thereto the following:
Provided that any intoxicating liquor actually shipped before the first day of April, 1918, may be de-

livered in such prohibited area by a common carrier within such period than the first day of May, 1918. that where shipments are made to spection. Ontario, either from outside the province or from one point in Ontario to another point in Ontario where transportation is used to deliver by the Forest Man Had railway or express companies such shipments under this clause must be actually in the hands of the railway or express company for shipment n later than Saturday night at mid-night, March 30, otherwise shipments after that time would be illegal. However, in such cases should any occur while being transported, actual delivery of same will be legal on any date until the first day of May next.

Major G. R. Geary, K.C., Toronto's corporation counsel, who is now overseas, will fight the city's case against the Toronto Railway Company in regard to the Queen street Bates & Co., Ltd., Toronto. Do not high level bridge award, when it be talked into accepting a substitute. comes up before the privy council. Imitations only disappoint.

SMOKE NUISANCE MUST BE ABATED

Chief of Police Will Take Action Against Street Car Company.

NOT COAL, BUT "CULM"

Engineer Analyzes So-Called "Coal" as Nothing More Than Screenings.

Mayor Church is determined that

the "smoke nuisance" on the street cars must be abated, whether it be thru the medium of the police court or the Ontario Railway and Municipal Board. "I have instructed the chief of police to take action against the railway," said the mayor last night.
Dr. C. J. O. Hastings, medical officer of health, reported yesterday that as the local police court could not prosecute the railway for overcrowding its cars, it probably could not prosecute them for allowing gaseous fumes to pour forth from the stoves in the cars. He has recommended that the case be taken to the railway

board.
The city solicitor and the property commissioner are both of the opinion that the company could be prosecuted under the bylaw which provides that dense smoke shall not be allowed to come out of any chimney for more than six minutes in any hour. "We would have to follow the cars in an automobile and time them for an hour," said Mr. Chisholm. He has instructed his smoke inspectors to watch the cars and see if the bylaw is be-

the cars and see if the bylaw is being obeyed.

Soft Coal Screenings.

Speaking to a reporter for The World last night an engineer stated that the "coal" which the company is using in its cars at the present time is nothing more than "culm," or the screenings of soft coal. The railway, he said, dampens the coal to make it burn better. By dampening the "coal," they avoid a superfluous amount of dust, but at the same time increase the amount of smoke and gas. he amount of smoke and gas.

Yesterday was a windy day in Toronto, and as a result the smoke pour-ing from the chimneys of the cars was more noticeable than at any other time since the company began to use soft coal screenings for its

DEMAND FOR POWER IS STILL INSISTENT

Possibility of Changing Window Lighting Regulations in Sight as Yet.

So great is the demand for Hydro power there is no immediate prospect of canceling the order prohibiting use of lights in store windows other than as permitted by present regulations. Even the lengthening of the days has not helped the situation to any great extent, owing to the increasing necessity for power for munition and oth war work. Sir Adam Beck stated yesterday that every available horse-power was required to meet the conditions brought about by the war insofar as the manufacturing of essentials was concerned.

NINETY-FOUR APPLY.

Standard Hotel Licenses Being Issued in Toronto Show Slight Decrease.

Ninety-four applications have been Board for standard hotel licenses in Toronto. This number is four less than last year.
