## OVER THE TOP AGAIN

The latest Victory Loan is a huge success. The record of Canada both in the trenches of France and at home will become one of the greatest in history. Many have given their lives to this end, and those at home, who have done their best, must, perforce, live carefully to carry out their obligations.

## DENTS AND AIR FORCE TROT OUT BIG SQUADS

Many New Men With Dentals—Air Force Will Be Strong.

The railbirds were out early for the first hockey practices at the Arena yesterday, but much disappointment was shown when the Kitchener team failed to appear. The amateur champions of the world will not be down until about the middle of next week. Two senior and a like number of junior clubs took to the ice yesterday. Royal Air Force and Ashantlantis were the newcomers. The former will play in the senior series, and the latter in the junior series.

Dentals, runners-up for the senior honors, were out in force yesterday. Bill Box is the manager this year, and it looks as if Bill will have no trouble in rounding out a squad. He had a host of players out yesterday. Leut. Mack Sheldon, who left with the Siberian draft, was missed. Charlie Stewart, who was in the team, was also out. Leut. Box, Leut. Rennie, and Jimmy Stewart are the members of last year's good team that turned out for the first practice. Smilie and Jerry Lafamme are expected to do stunts today.

Several new ones are with the Dentals. Gilt Smith, of Riverside and Crescent, is a member of last year's team. He is also a member of the corps and worked with the Dentals in the last year. Verner Forbes, who has been four years in the corps, is also a member. Frank Sullivan, late of U.S.S. and a couple of new ones. Murray Rutherford, from Aurora Lee and Stan Brown, from the St. Michael's College star, were also noticed. Dunlop, late of Cobalt and Williamsburg, who has been four years overseas and a member of the famous P.C.L.I. Regiment, is a newcomer. This is a healthy looking squad.

The Royal Air Force were the first out and will not have a full turnout for a few days. The Flyers have some like looking men, and expect to cut a wide dash in the senior ranks. They will not take any other series.

Leut. Mack Sheldon, the sensational goaler, was in the net. Bruce Duncan of Cobalt is a good looking defence man. A young brother of Reg., the pro Capt. Hawes, from Victoria, is also in the team. A lot of speed; Dixon, late of Cobalt, and Bill Duncan from Cobalt, were forwards. Mosse Hetherman, well-known in the good old days, and late of New York, Mickey Roach, New York Wanderers, and McCarthy, from the same club; Donner, Crescents; Robbie Collett, late of a McGill rover; from Regina; Bow, from Victoria; and Parkes, a junior from Montreal, are expected out today.

St. Patrick's will practice next week and some surprises are expected when they trot out. A railbird had it yesterday that Jerry Lafamme will throw in his lot with the Irish and help them this winter.

T.R. & A.A. may take another crack at the senior game. They would expect to land some of the soldier players that would be demobilized.

The Excelsior Rugby team will practice tonight on the auxiliary floor at West End Y.M.C.A. All players are expected to meet at the corner of Dovercourt road and College street at seven o'clock, and to bring gym shoes.

Central Y. Rugby team will hold a signal practice on the gym floor from 7 to 8 this evening, in preparation for their important game with Excelsior on Saturday. The following players are requested to be out at 6.45 p.m.: Schatz, Sullivan, Young, Dye, Burch, Everett, Smith, Connacher, Canniff, M. Burt, S. Burt, Yates, Laurie, Secord, Snyder, Britnell, Hyland and Armstrong.

Rupert Milam will be out with the Dentals today. Gordon Murray, the former Varsity star, who has been overseas, is another who is expected to join the Dental squad within the next few days.

The Arlington Rugby team practice tonight at 7 o'clock sharp. All players are requested to attend, as this is the last practice before the crucial game with Beches on Saturday.

### C.W.A. Officials Elected Members of Victoria Club

A meeting of the Victoria Bicycle Club was held on Wednesday evening in the club room, Dundas street, Mr. J. Fisher, president, in the chair.

The secretary, Mr. Harry Alexander, dwelt at some length on the protest against McKay and Bonin in the recent Victoria Loan road race.

Mr. Alexander said he did not favor McKay or anyone else and had no regrets for his action in the matter, and said it was a deplorable state of affairs that the Wheelmen's Association had not promulgated a complete set of rules to govern the rules to govern cycle racing. The action of the secretary was endorsed by the members, and he was instructed to help the executive to frame a complete set of rules to govern the sport. Ten new members were enrolled, and included P. A. O. Johnston, chairman of the Wheelmen's Association, Robert Falconer, Austin A. Briggs and E. S. Skirrow. These officials were enthusiastically received as honorary members of the club, and the secretary was complimented on his good judgment. The following delegates were returned to the Canadian Wheelmen's Association for 1919: Messrs. H. M. Alexander, Robert Falconer, F. A. O. Johnston, A. A. Briggs and E. S. Skirrow. It was decided to issue complimentary tickets to the press for the forthcoming smoker and presentation of prizes of the Classic and Victoria Clubs.

### Junior Champions Are Out for the Season

The opening of the hockey practices generally brings along a surprise, but the fans were hardly ready for the bomb that was dumped into the winter game camp yesterday. It was known that Ashantlantis, from the British Forgings plant, had snared some of the De La Salle team, but most followers of the game were looking for the junior champions to bob up with a strong squad. When the big change exploded it was found that De La Salle were left flat, and they have announced that they are out of the hockey for this year. The green shirts were popular and had a host of followers.

With De La Salle out, it means that the first junior fixture for the S. P. A. Christmas tree fund, Barrie were willing to play, but wanted permission to use men of last year's team, and now over age. This will not be allowed. Billy Breen's Woodstock team want a fly at the cup. If they follow up their word, they will be down here to practice next week. Aura Lee and Ashantlantis are already practising and will play in the series.

## HOST OF JUNIORS AT FIRST WORK YESTERDAY

Aura Lee and Ashantlantis Busy Putting on Relay of Players.

Aura Lee and Ashantlantis were the only juniors to practice yesterday. The team from the British Forgings plant trotted out a big enough squad to round out two teams and in this lot were five of the players that appeared on the champion De La Salle team last year. This was the blow that broke the camel's back and resulted in De La Salle dropping the game for this season.

Corbett Denny, the pro player, was in charge of the squad. Two goalies were seen in Rodden, who subbed for De La Salle. Cain and Spring, the De La Salle pair, were on the defense. McClelland and Green, who left the champion team, were on the forward line. Stewart, last year with Beches, Kelly, from Riverside, Knox, New Linkard, Murray, Beches, Lynden, Technical School, and the others. More new players are expected out today.

Verner Forbes is over age and Bill Marden must dig up a new goaler for his team. He has enough of the background of a strong team, and if he can get a first-class net guardian he will be able to beat. Three goal, artists began here today. Hagarth, one of the best junior defense men, developed in late years, will again be with Aura Lee and was out yesterday. Conacher is expected to make a good running mate for him. He looked good last night. Billy Burch, Rutherford and Lout are members of last year's team out again. Louis Hudson can still play junior and will likely turn out later. Frank Sullivan, U.S.S. was also out. A few of the new ones were: Pearce, McMaster College; Rodden, the De La Salle goaler, and working as a forward, Wm. Stratford; Richardson, Chesley, and Hiltan, an unknown.

The Dents expect to take their annual jump to New York some time in December. The American government is expected to lift the ban on artificial ice rinks this month and the ice surfaces will be in full swing again.
