

FOR CHRISTMAS

These are the days when shrewd people are making selection of the piano they wish delivered to their home on the day before Christmas, and these are the days that the Bell Piano is being secured in such numbers that we fear we shall be unable to meet the pressing demand for this instrument, despite the fact that our large factories are working over-time until 9.30 each evening.

Already the list of our holiday Bell Piano purchasers contains the names of many of Toronto's most representative citizens, who can afford to have and are satisfied only with the best.

wholesome

policies on a

We do not think we exaggerate at all when we say that the Bell Piano is in at least one or two important features the superior of any other piano manufactured. This is not our own opinion only, but that of numerous purchasers who are thoroughly competent judges. The tone baffles description, for it has wonderful sweetness and clarity, combined with great power and timbre, while the features of the illimitable quick repeating action, which is exclusively used in the

Bell Piano, appeal to every musician.

Mr. A. S. Vogt, the talented Conductor of the Mendelssohn Choir of Toronto, the Organist and Choirmaster of the Jarvis Street Baptist Church, Toronto, and teacher of piano-playing at the Toronto Conservatory of Music, Moulton Ladies' College, St. Margaret's College, etc., and a gentleman of the widest musical popularity, after a critical examination of Bell Pianos, writes us as follows:

"I take this opportunity of congratulating you upon the excellence of the pianos being manufactured by your firm. A critical examination of the many details which enter into the manufacture of a first-class instrument has convinced me of the superior character of the Bell Piano. The touch, tone and general finish of the pianos of your firm combine to make the Bell Piano an instrument of which the manufacturers

Bell Pianos are made, guaranteed and built to last a lifetime by the largest makers of pianos in Canada.

GUILD CONTROLS OUTPUT

Kamilton Company Makes Startling Claim Before Tariff

Hamilton, Nov. 24 .- (Special) .- The ariff commissioners spent a busy day They will complete their work here Saturday at noon. The stove malufacturers put up a strong plea for more protection. They complained that there had been an extraordinary increase during the past two years in the number of stoves imported from the United States. They complained particularly of the way the Americans were cutting into the trade of the west. One reason was that the Americans enjoyed more

was that the Americans enjoyed more favorable freight rates.
The Grocers' wholesale company made the most startling claim. They said that they had been refused goods by the Redpath Sugar Refinery, which said that its whole output was conrolled by the Wholesale grocers' Guild, and that it would be necessary for the wholesale grocers to join that guild to get goods. The starch manufacturers, canners of vegetables, and so forth had been forced by the guild to decime orders from the wholesale grocers, and for this reason the grocers asked that all these articles should be placed on the free list.

all these articles should be placed on the free list.

Mr. Campbell of the International Gas Appliance Company asked that cotton used for Auer light purposes be admitted free, and that a specific duty of two or three cents be placed on mantles. The F. W. Hore Company, wanted the minimum specific valuation-placed on spokes, shafts, and poles for waggons, and carriages. F. F. Dalley & Company and the Robert Ralston Company asked for protection from foreign makers of shoe polish. They also want Carnauba wax placed on the free list. Dixon Bros., asked that the duty be reduced on strawberries, cranberries, plums, peaches, almeria graduty be reduced on strawberries, cranberries, plums, peaches, almeria grapes, and nuts. J. L. Nichols, Toronto, and other picture dealers asked the commission not to pay any attention to the lithographers who want a duty of fifteen cents a pound placed on chromos, oliographs etc. F. W. Hand & Company complained that the Canadian manufacturers of fire works were shut out of the United States by a high tanff, the American manufacturers could the American manufacturers could bring goods into Canada free in bond. They asked a 30 per cent duty. The manufacturers of undertakers' supplies, manufacturers of undertakers' supplies, represented by Semmens & Evel, said that finished coffins could be imported into Canada at a 25 per cent duty, while Canadian firms had to pay that amount for raw material. R. Campbell & Sons requested a 35 per cent duty on Rockingham ware, jet ware, etc. Mr. Campbell also complained of freight rates. From Liverpool to Montreal the rate per hundred pounds was 21 cents, and from Hamilton to Montreal 32 cents.

Manufacturers of cigars and ciga makers were the first to be heard. They argued on lines different from the Lonthe three stamps—black, red and green—denoting that the cigars are made of foreign-mixed and Canadian leaf respectively, should be retained. While not opposed to the use of Canadian leaf, they said that experiments would have to be be conducted for years to obtain a satisfactory article. They asked the commission to recommend the establishment of experimental farms for it could be brought to a state suitable for making good cigars. They would be satisfied with the reduction of the excise for the present. A. B. Petrie asked for protection against foreign cream separators. The drawn steel manufacturers wanted a 30 per cent. duty on finished steel shafting, and free importation of cold steel for man-

THE STRONG MAN W

Every day we have evidence that the weakling has no place in the busy hum-drum life of to-day. It takes nerve and strength to go up against the obstacles we are now forced to encounter, and this the weakling lacks. Look about you and see the successful man of to-day-it matters not whether he be a merchant, lawyer or laborer—with head erect, eye clear, strength in his every movement. He is ready to tackle any problem with that enthusiasm

I can make just such people of weaklings. I care not how long they have been so, nor what has failed to cure them. Let them wear my

Dr. McLaughlin's Electric Belt

every night as I direct, and in place of the weak-nerved, debilitated being I will show you a strong person, full of vigorous life, with nerves like steel and ready to look any one in the face and feel that he is the equal of the best of them and can do what they can do.

You will say this is promising a great deal. I know it, and can show you evidence that I have done it for thousands of weak people, and every one of them has spent from \$50 to \$500 on drugs before they came to me as a last resort. Are you weak or in pain? Are you nervous or sleepless? Have you Rheumatism, Weak Back, Kidney Trouble, Weak Stomach, Indigestion or Constipation? Are you lacking in vitality? I can give you the blessing of health and strength. I can fill your body with vigor and make you feel as you did in your youth. My Electric Belt is worn while you sleep. It gives a soothing, genial warmth into the body. This is life—vigor.

Ottawa, Ont., Sept. 7, 1905.

Port Arthur, Ont., Oct. 8, 1905.

Dr. McLaughlin:

Dear Sir.—The Beit I purchased from you in August, 1903, oured me of heart disease and I am able to work and tend to business as well as ever and my pulse is quite normal. I highly recommend your Belt for indigestion and all stemach troubles, from which I also suffered greatly. If your patients would pay attention to the advice you give them they would not be long alling. With best wishes, I remain, yours very truly, be long alling.
