ENDS LIFE WITH CARBOLIC.

James Hackett, a Fire Department
Engineer, Sudden Death.

James W. Hackett, an engineer on
the fire department, committed suicide
at his home, about 6.30 last night, by
drinking carbolic acid.

It was his day off. He spent the after-
noon at a theatre with his son, aged 12.
The family dined at supper when he
saw from the table, saying he was
going to the drug store. He returned in
a few minutes, and went directly up-
stairs, saying good-bye as he went.
The top of the stairs he drank out of a
vial and threw it downstairs. He was
found in his room in great agony. Dr.
Noble was called, but his efforts were
of no avail, and death occurred in half
an hour.

No reason can be given for the act,
except that he had been complaining of
neuralgia in the head. Last July his
son, the one he had to the theatre, was
run over by a street car and lost a leg.
The action for damages against the
company was being tried at the
present assizes.

The deceased was 45 years old and
had been a member of the fire depart-
ment for about ten years. He was
assistant engineer at Bay-street station
for a year, engineer at Richmond-
street for eight years, and at Berkeley-
street since December, 1905.

He was a member of St. John's Lodge,
A. F. & A. M., the A.O.U.W., and an
Organist.

He leaves a widow, three daughters,
the married, and two sons. The funeral
will take place Monday. Undertaker,
Harry Ellis took charge of the remains.

His comrades on the fire department
were greatly shocked at his death. He
was popular with all who knew him,
and was very well thought of by the
public.

FOUND DEAD.

Macedonian Employed in Packing
House Expires in His Room.

Dimitri Stolan, a Macedonian, who
lived at 227 Niagara-street, was found
dead in his room yesterday morning.
He retired Thursday night in his usual
health. He was 35 years of age and em-
ployed by the Harris Abattoir Com-
pany. Death is supposed to be due to
natural causes. Coroner McCollum may
hold an inquest to-night.

The twenty-fourth anniversary of the
opening of St. Philip's Anglican Church
will be celebrated to-morrow, the ser-
mon being taken by Rev. Canon Dann,
rector of St. Paul's Cathedral, London.
The Ven. Archdeacon Sweeney
will occupy the pulpit. Rev. Canon Dann
will lecture on Monday evening, in St. Philip's Church,
Canon Dann will lecture on "Fire-
and the Irish."

TORTURING SCIATICA.

A Severe Case Cured by Dr. Williams' Pink Pills.

Pierce darting pains—pains like red
needles being driven through the
flesh—in the thigh; perhaps down the
leg to the foot; or in the back, or
No. 6 the victim can realize the
torment. But the sufferer need not
be discouraged for there is a cure
in a sure cure. Dr. Williams' Pink
Pills. These pills make new blood,
this new blood feeds and strengthens
the nerves and drives them from pain.
The pain is banished to stay banished.
The cure is complete. Mr. Charles
B. Maclean, a prosperous farmer near
Brookville, Ont., has been cured of a
severe case of sciatica and wishes
other sufferers to hear of his cure
from sciatica. In the morning while
getting up he would find his legs
agonizing pains in his hips. Some-
times these pains extended down one
leg, sometimes down the other, often
down both. The pain was terrible.
Imagine the agony caused by a red
hot spike being driven through the
flesh. That was just my feeling when
the sciatica was at its worst. Often
while carrying water to the horses
the pain became so acute I had to
drop the pail in the middle of the
yard. I followed doctor's treatment
but with slight relief. I then tried
rheumatic plaster and it did not
seem to help me at all. They had
been so highly recommended I per-
sisted in the treatment and gradu-
ally noticed a change in my condi-
tion. The pain became less severe. I
felt stronger and my appetite im-
proved. I think I used the pills
about four or five months before
I was completely cured, but though
that was two years ago I have not
since had the slightest return of
sciatica. I think Dr. Williams' Pink
Pills are a marvelous medicine and
so does my wife, who used them as a
blood builder. I am the secret of health.
—Dr. Williams' Pink Pills the secret
of good blood. That is why they
cure sciatica, rheumatism, St. Vitus'
dance, heart palpitation, indigestion
and the ailments common to women
dealt or by mail at 50 cents a box
or six boxes for \$2.50 from Dr.
Williams Medicine Co., Brockville, Ont.

SURPLUS TOTALS \$300,000
WITH \$7,000,000 REVENUE

Announcement Made by Mr. Fer-
guson at First Day's Session
of the Legislature.

Apart from Hon. G. P. Graham's as-
sumption of the opposition leadership,
and the premier's announcement of an
extra \$240,000 grant to rural public
schools, there was little noteworthy in
the legislature yesterday. The gal-
leries were sparsely filled at 3.30 when
the house opened, and some minutes
were occupied with the presentation of
petitions against the obnoxious clause
66 in the Municipal Act, which is evi-
dently the number of the house in the
constituencies. It deals with liability
petitions for defective roads. Other
petitions related to wire fence legis-
lation. Messrs. Whitney, Fraser, Bowyer,
Hoyle, McColg, Fox, MacKay, Devitt,
South (Soo), Gallagher, Pease, Thomp-
son (C. Simcoe), Lackner, Smyth, Ma-
haffy and Sutherland performed this
service for their constituents.

A preliminary vote on the estimates
for \$610,000 was passed through com-
mittee.

G. H. Ferguson (Greenville) moved
that the house "thank his honor for the
eloquent speech his honor addressed to
us."

"He spoke for 45 minutes and im-
parted the news that the government
surplus would be over \$300,000, the
revenue being in the neighborhood of \$7,000,000."

"It was his day off. He spent the after-
noon at a theatre with his son, aged 12.
The family dined at supper when he
saw from the table, saying he was
going to the drug store. He returned in
a few minutes, and went directly up-
stairs, saying good-bye as he went.
The top of the stairs he drank out of a
vial and threw it downstairs. He was
found in his room in great agony. Dr.
Noble was called, but his efforts were
of no avail, and death occurred in half
an hour."

No reason can be given for the act,
except that he had been complaining of
neuralgia in the head. Last July his

CONSUMPTION'S
CURE NOT HEREDITARY

Such is the Decision of the British
Medical Association.

The old theory of Consumption being
hereditary has been completely
expelled by the investigations of the
British Medical Association. Con-
sumption is purely and only a germ
disease. But lung weakness and con-
tracted chest, which is commonly con-
sidered as a hereditary condition, is
attestational or inherited, from specially
favorable soil and conditions for the
development and the development of con-
sumption germs or tuberculosis. One
of the world's most famous physicians
spent his life studying this disease
and finding a cure. As a result he
gave to the world the most remark-
able and successful cure for tubercu-
losis, which is the cause of consumption.
Thousands upon thousands owe their
lives to this cure. Space permits only
one paragraph to be devoted to it.

"Several years ago my wife was
seriously ill of lung trouble and
could not get up. At that time a noted physician
told me that the next dread that I
would buy for her would be a
shroud. She used Pychicine and is
now reasonably well."

"Another case that came under
my notice was Mr. Gahagan, who
was an extreme case, and ap-
parently, so far as I could judge,
a hopeless case, and yet he is now
so much improved as to be away
on a visit. Previous to going he
was gaining at the rate of 3-4
pounds per week, and was again
quite well and able to walk about.
The doctors absolutely gave him
up."

REV. C. E. BURRILL,
Baptist Minister.

Forest. Pychicine is a world-famed remedy
for the cure of all those troubles that
lead to Consumption, such as coughs,
colds, catarrhs, night sweats and all stomach
and wasting diseases. At the drug-
gists, 50c and \$1.00, or write Dr. T.
L. McCollum, Ltd., 173 King-street W.,
Toronto.

The Law is Enforced.
He congratulated Hon. Mr. Foy on his
courage in dealing with various mat-
ters. There was a class of crooks who
were really the attorneys-general
of the province and he was not a
policeman. The occasion was the
second anniversary of the day when the
province had so emphatically condemn-
ed the late government. He wished he
could describe that tragedy.

Mr. Graham, with brevity and
some dignity, "owing to the peculiar
circumstances," moved the adjournment
of the debate till Tuesday.

Mr. Hoyle asked for an order of the
house for a return: naming the coun-
ty which have adopted the "alternat-
ive method" or selecting jurors under
the amendment of 1903 to the Jurors
Act; giving a comparative statement
of the expenses incurred under the
old and new system in said coun-
ties from the years 1903 to 1906, both
inclusive, and the number of persons
in which the "alternative method"
has been repealed, and return made to
the old system of electing jurors.

Mr. Preston (Brant) will ask: Is it
the intention of the government to in-
troduce a bill for the present season
measuring for the redistribution of seats
in the legislative assembly?
Is it the intention of the govern-
ment to permit persons who have been
located under the Veterans' Land
Grants Act to surrender the same for
the purpose of being located under
those who have not yet located?

For Public Ownership.
Laurier Club Members Endorse the
Principle—Dr. Spence's Theories.

At last night's meeting of the Lau-
rier Club Mr. Denton spoke of Hon. G.
P. Graham's promotion and referred to
many of the things he considered the
ablest leader of the party in the province.
Mr. Denton said the Liberal
government had never fallen to the
disgrace of a minority government.

Dr. James Spence read a paper en-
dorsing municipal control of public
utilities. This, he argued, should
be extended to the railways. He
said that much of the typhoid fever could
be traced to the impurities of the
water supply. He said that the
blood from these private shambles,
which, after running in the sewers,
was conveyed to many other districts
of the city. He also advocated a
control of the city's milk in such a
way that all that came within its limits

for sale or consumption would be in-
spected and known to be clean.
The discussion that followed was
highly favorable to the principle of
public ownership.

SCOTCH CONCERT.

Mansey Hall Audience Enjoys a
Splendid Program.

Nowhere was the birthday of Robert
Burns celebrated with greater enthusi-
asm and higher appreciation than at
the Mansey Hall last night. As usual
the Canadian Society furnished a
concert which gave voice to Scottish
feeling, and the hearty applause ac-
companied it to its continued popu-
larity and success. The feature was
the "Royal Scots" Concert Co., who
were assisted by Miss Helen Kirkby
Ferguson, the Sisters Jeffrey, Mr.
Ruthven Macdonald and Piper George
Murray. Altogether the 14th anniver-
sary of Scotland's national poet testified
to the strong national spirit of his
countrymen and the assured popularity
of Scottish brotherhood.
