Counsel Fullerton Thinks Transfers From Day to Night Care Must Go—The Board of Works.

The Board of Works yesterday afternoon received an inkling of a sudden change in the Queen-street entrance to High Park situation. Mr. Faulkner, who had consented to practically forego damages, has learned of the handsome award to the Sunnyside Orphanage trostees, and now demands damages in proportion. The World is justified in axying that the Assessment Commissioner will recommend to throw up the whole business before submitting to it. He says he would see Mr. Paulkner in the bottom of the Bay first. Just whether he will have to enbunt to enforced baptism. The Board of Control to permit of its fit ration through to the apecial meeting of Council to be called by the Asyot.

"Go and whip somebody," is the sentence that will ring in McCoy's ears for some time to come. He will have to meet and beatt Mahrer, Jeffries and Corbett before Fitz or Sharkey will pay any were attention to him.

son of Brooklyn beat Kid Broad of Cleveland in 10 rounds. It was a bad night for the kids.

The gathering at the Lennox Club last night was, in every way, a notable one. Immediately about the ringside the sable-timed coats, high hats and evening dress of many of the most prominent clubmen in New York predominated, their wearers occupying the \$20-chairs as easily as they had, a night or two before, filled their chairs at the opera. They were of the class that simply aods and smiles when an offer of \$100 or \$500 from one of their number on the chances of one or the other of the contestants meets their views. It was in every way a quiet and ordinary gathering of clubmen, business men and sporting men, to the number of nearly 9000, proving conclusively that New Yorkers are ready, and willing at all times to support squarely-conducted and fairly-contested ring battles.—N. Y. Commercial Advertiser.

The big fight ought to boom things in a boxing way and it ought to smoke out the champion. He will either have to fight Shurkev or get out of the way and let somebody have the title who will defend it. Pitzsimmons can find no fault with the public for demanding that he defend the title. When Corbett was champion no one was as loud in his denunciation of Corbett for not fighting as Fitzsimmons. He was after Corbett held the championship he was never as long without a match as Fitzsimmons has been since the latter won the title. Fitz has now been the champion for almost two years, and has not yet been matched. The sporting public now have a right to expect Fitz to give the Sallor a match or come out manfully and announce his retirement. The situation will then be reduced to a stage where it will be a case of Shoot or give up the gun."

be reduced to a singe where it will be a case of "Shoot or give up the gun."

The idea that such foxy chaps as Charley Mitchell and Dick Burge could be taken in and done for, as report says they were, by a "ringer" for Bobby Dobbs, who locked like a skeleton and trained (?) as Bobby when any emissaries from the Burge camp were around, is enough to make a horse laugh. It proves that the flyest crook can often be made a "jay" and a farmer. It seems that Burge had arranged to have Dobbs "lay down" for him, but when they got into the ring Bobby found that Dick was a dead easy proposition and instead of taking a punch and going out, as it is alleged he agreed to do, he put it all over Dick, who, sooner than be defeated fairly, fought as foully as he could and was disqualified for so doing. Mitchell threatened at the ringside to "make disclosures," but when he cooled down be thought better of it, and since he has kept his mouth closed as tight as a clam at low water. He evidently feels that frequently discretion is the better part of valor.

At the present time few, if any, of the bookmakers at Oakland and Ingleside are winners on the season. Yet majority have held their own, which is pretty good, considering the breaks they have had. Ed Purser is getting on his feet again, and is sure to be heard from before the season is over.

Toronto Fanciers Win Prizes—It Was a Complete Success and Closed Yesterday.

Peterboro, Jan. 12.—The Peterboro Dog Show, which opened yesterday, was a great success in every particular. Nearly all the classes were well filled, and the Guality of dogs was such that the work of the judge was very difficult. Mr. J. Lacey of Bostot was sole judge and gave general satisfaction. The exhibit of colles was a feature of the show. There were 25 entries in this class, and the animals were the finest specimens ever exhibited in Canada. The fox terrier class was also full, and in this were represented the Gooderham and Macdonaid kennels of Toronto. The cocker spaniel exhibit was completed yesterday, and Mr. Lacey left for home last night.

Hamilton to Build Two.

Hamilton, Jan. 13.—Hamilton is to have at least two yachts to compete for the honor of defending the Canada's Cup against the American Challenger. Two syndicates have been formed, and are now laying their plans for building. One is beaded by Captain J. H. Fearnside, and the other by Billy Burnside, two of the best-known and most experienced yacht-owners and sallors of this part of the country. Mr. Burnside's success with the Maud B. a few years ago, and subsequent achievements, stamp him as a man well able to look after a cup defender, and Mr. Fearnside has had long and varied experience. He was one of the crew of the Canada, the present holder of the cup.

Cornell, Pennsylvania, Columbia, Wisconsin expect a Canadian crew to enter the Intercollegiate Rowing Association again next June. Cornell has already stated that it will not row two different races over two different courses, so it is evident it will not row Yale and Haryard at New London, unless the other races are decided there too. The Ithacans prefer the Poughkeepste course, but little has been done yet in regard to arranging any of the details. The captain of the Corneli crew denies that he has been requested by Haryard to name a date for a race in the spring.

"Buffalo will not build a yacht to compete in the races to be held under the auppices of the Chicago Yacht Club for the purpose of selecting a challenger to race for the Canada's Cup," said a prominent local yachtsman yesterday. "And why should she?" he asked. "What glory would she get out of it, even if her candidate was selected and should then be so fortunate as to defeat the Canadian defender? Even in that event the cup would go to the Chicago Yacht Club. It looks to me like the Chicago Club wants to reap a lot of glory with the minimum expense to itself. Yes, I know the Toledo and Roclaster are reported to be bent on building candidates for the Chicago trial races, but I doubt if they vill do, so when the time comes for action."—Buffalo Express.

Gossip of the Turf.
Piggott is now the most popular jockey iding in California, and has a staunch folriding in California, and has a staunch following.

There has been general complaint about the starting in the west, and one day last week such plungers as Riley Grannan. Ed Purser, Charles Quian, Abe Stein and Fred Cowan did not show up at the track.

Tom Ryan has had spiendid success recently at the 'Frisco tracks, and has turned loose half a dozen good things. Dunois, Don't Skip Me, Wing and The Wooer were all seen in front during the last two days, and, as usual, were well backed. This stable lost heavily to Dunois the day Sly beat him, but nothing but a bad start beat Ryan's horse.
