TWENTY-SECOND YEAR

THE FIGHT IS NOT YET OVER

Winnipeg People in Mass Meeting Will Ask Dominion Government to Intervene.

TIME LIMIT SET BY THE N. P. R.

The Tribune Still Has Hope That the Bargain May Be Blocked.

Winnipeg, March 14.—(Special.)—Major Arthur had called a public meeting to be held to-morrow night for the discussion of the railway deal. Among the speakers will probably be J. H. Haskin, ex-Minister of the Interior, and other prominent men. The meeting will be held at the Grand Hotel. A large attendance is expected, and the meeting will be of an interesting character.

N.P.R. Places Time Limit. A St. Paul dispatch says "It is announced here to-day on the best of authority that the Northern Pacific Railway Company have notified the Manitoba Government that the company consider time to be essential to their contract, and that the government must be prepared to take over their lines in Manitoba before April 1."

The Tribune to-night says there is still a hope that the railway measures may be opposed on the people of this province contrary to their will. If they make themselves heard at Ottawa by every means in their power, Parliament may refuse to make itself an accomplice in a successful measure brought down by the Government. The people's representatives will be justified in passing.

An Offer From Carnegie. It is reported that Carnegie has offered Winnipeg \$100,000 for a Public Library on the same conditions as the Ottawa grant.

COOK CHARGES TO BE INVESTIGATED.

Ottawa, March 14.—(Special.)—In the Senate to-day Hon. Mr. Drummond gave notice of a question with reference to the case of Judges.

Hon. David Mills said that, after confidential communication with some of the leading men at the bar, he had prepared a bill fixing the salaries at what he thought they should be. He had submitted the bill to his colleagues, and it was not yet decided upon.

Mr. MacDonald (British Columbia) will inquire whether Yukon Commissioner Ogilvie has been recalled, and who succeeds him. Sir Mackenzie Bowell moved for the committee to inquire into the Cook charges. The committee was appointed.

MADE ONE BY MEGAPHONE. Minister Shows Ceremony to Bride and Bridegroom in Small Room.

St. Catharines, Ont., March 14.—(Special.)—Joseph Lutz and Miss Belle Reed, society leaders of this place, were married yesterday by a priest, who used a megaphone, because the bride and bridegroom were just recovering from smallpox in quarantine.

The doctor and his bride appeared at the window, and the pastor stood on the opposite side of the street. He showed the ceremony by megaphone, the contracting party were suffering in the same manner. Dr. Lutz is well known town surgeon. His bride is the daughter of Judge H. H. Reed of this place.

The wedding was to have taken place two weeks ago. Preparations had been made for the wedding when here in St. Catharines. The day before the wedding the bride developed smallpox. This wedding was postponed. Two days later Dr. Lutz developed the disease.

Both were both afflicted with a mild form of the infection, and to-day were well enough to appear together before the window long enough to be married. The ceremony was arranged by telephone, the license being placed in the hands of the Rev. Dr. Meredith. Dr. Lutz offered the minister a twenty-dollar bill, but he declined until he should be vaccinated. The couple will go south after they are freed from quarantine.

Robert Kent, who has been arrested by Constable Lawrence on Wednesday morning, was examined yesterday and found to be suffering from smallpox. He was released, and the man will be handed over to his family. The man made an effort to escape, but the deep moon prevented rapid transit and he was soon caught.

Valuable Pictures—Mr. C. J. Way, R. C. A., who has achieved European renown for his landscape painting, has been commissioned by the Government to paint a series of pictures of the Canadian coast. He is now in St. Catharines, and is expected to leave for his work in the near future.

Human Body in a Scoop. A New Haven oyster steamer, was wrecked in the harbor at Clinton today, when it brought to the surface the body of a man about 50 years old, of florid complexion, dressed as a sailor. The body had been in the water only a short time. There were no marks of violence.

Cook's Turkish and Steam Baths, 204 King W. corner, cold, coughs and rheumatism cured. 17th of March is fast approaching. Place your order for ham and corn at Dunlop's, and be assured of getting it. 17 King West and 440 Yonge Street.

Perfection Smoking Mixture, only kind that smokes cool. Try it. Alive Bazaar. Gets \$1500 a Year. Barrie, March 14.—W. O. McCarthy, son of Dr. McCarthy, has secured a commission in the Canadian Mounted Police. His service is for three years, and his pay is \$1000 a year. He calls on March 22.

Patents. Peterson and Co., 100, King Street West, Toronto, also Montreal, Ottawa and Washington. Cure of a Cold in a Few Hours. Dr. Evans' Laxative Grip Capsules; no griping, no griping, money refunded if they fail. See Bingham's Pharmacy, 130 Adelaide Street East, Toronto. Dr. Manuel Garcia for 5c Alive Boli and

CASHIER WAS FATALLY SHOT

Bold Attempt to Rob a Bank, But Which, Not Successful.

THE ROBBERS WERE CAPTURED.

Critics Who Heard the Shots Fired Came to the Rescue, But the Cashier Died.

Harrisburg, Pa., March 14.—Charles W. Ryan, cashier of the Harrisburg National Bank, was shot to death by Henry Rowe and Weston Kelper of Lykens at noon today, in a daring attempt at bank robbery. The robbers were captured by a party of citizens soon after the crime and were brought to the Harrisburg Jail, together with F. B. Straley of Lykens, who is suspected of being an accomplice. Rowe and Kelper drove to Harrisburg from Lykens this morning, and hitting the outskirts of the town, they entered the bank with revolvers. Each had a revolver and they ordered the cashier to open the cash drawers, to the amount of \$2000, and placed it in a sack. The cashier, however, refused to do so, and the robbers, in a rage, shot him in the back of the head. He died instantly.

Just when it seemed that the robbers would successfully get away, Cashier Ryan stood forward in an attempt to knock up the revolver of the man with the money. In the scuffle several shots were fired, and Ryan fell to the floor, shot through the chest by a bullet from the pistol of Rowe. Kelper ran out of the door, and after a short scuffle threw him to the floor. The robbers then fled, and the police, who were alerted by the shots, arrived on the scene and captured them.

It is reported that the robbers were armed with revolvers and a shotgun. They entered the bank at noon, and the cashier, who was alone, refused to open the cash drawers. The robbers, in a rage, shot him in the back of the head. He died instantly. The robbers were captured by a party of citizens soon after the crime and were brought to the Harrisburg Jail, together with F. B. Straley of Lykens, who is suspected of being an accomplice.

THE STOLEN POLICIES REMAINED

NO CHANGE IN THE POLICIES TO BE MADE

Mr. Fielding's Budget Speech Was Short and the Minister Prepared a Pillow to Drop Upon in an Emergency.

A Large Surplus in Revenue and a Larger One in Expenditure—Debt Increased Nearly Two Millions Last Year—Iron and Steel Bounties to Be Paid Direct—Pointed and Business-like Criticism By Mr. Osler.

MR. FIELDING.

There was no change in the tariff. "It is a tariff policy based on the necessities of our revenue, a revenue tariff, and which incidentally affords a very considerable degree of encouragement to those engaged in Canadian industries, and having in its leading principle the question of the British preferential tariff."

Needed revenue \$22,750,000, expenditure \$45,400,000, surplus \$22,650,000, increase in public debt \$1,800,000. In four years the debt had increased \$8,000,000.

Iron and steel bounties will take \$1,000,000 direct from the Treasury. By 1902 \$2,387,000 will have been spent on the South African War.

No bounty for beet sugar production, but all machinery imported to be admitted free for one year.

Great prospect of success. "What may happen is that we may suffer a check."

MR. OSLER.

"In theory preferential tariff is very nice; it looks and sounds very patriotic; but in practice it works out very badly on the unfortunate farmer."

"Our trade with Great Britain has increased in any given proportion than the United States trade with Great Britain, notwithstanding our boasted preference."

"Our surplus should reduce taxes or other things. It is impossible. Public debt has increased with increased revenue. Where are the economies? We have to face a falling revenue, how are we to meet it?"

"Wasting money on local railways should cease. Money for national transportation should be given ungrudgingly, but if Montreal cannot be made the port of Canada, then the money should be spent on the St. Lawrence River."

"We have no surplus. The Minister's speech was short and the Minister prepared a pillow to drop upon in an emergency."

WORKED IN TORONTO ALSO REFORMS IN BRITISH ARMY

Dr. John Grant Lyman Makes Holders of N. Y. International Zinc Co. Dissatisfied.

LEFT MOURNERS HERE 5 YEARS AGO.

A Mysterious Trunk, Containing Needed Books, This is Diligently Searched After.

New York, March 14.—The Journal updates a story of dissatisfaction on the part of shareholders of the International Zinc Co. in whose affairs Dr. John Grant Lyman is conspicuous. Dr. Lyman is well known in Toronto, where he was connected with the brokerage firm of Lowndes & Co. and left the Canadian city about five years after floating a number of mining and other companies, which caused a lot of people to be sorry that he ever visited Canada. His plan was to get the names of prominent men on his prospectus, and these gentlemen repudiated him as soon as possible, but not before he had made a good cleanup.

It is said that he practiced medicine in Chicago, and, as physician to Mrs. John W. Gates, was the admiring friend of her husband, the wife and steel magnate, who, in return, gave full prescription for stock speculations to Dr. Lyman.

The doctor is now a member of that conservative institution, the New York Stock Exchange. It is reported that Dr. Lyman has been interested in the Yukon Exploration Company, the Kootenay Exploration Company, the Arizona Copper Company and the Foreign Syndicate. Limited. He has a handsome house, splendidly furnished, at No. 117 West 57th street, where he entertains most hospitably. He is devoted to automobile, and his automobile establishment is one of the most elaborate and expensive in the country. Hundreds of stockholders of the Zinc Company have lost their money, and they are planning to get the books of the company, the whereabouts of which is a mystery, that expert accountants may be able to produce the books if he so desired, and it is thought they were in a mysterious trunk, which was one deposited in a Brooklyn safe-deposit vault.

Dr. Lyman is supposed to be able to produce the books if he so desired, and it is thought they were in a mysterious trunk, which was one deposited in a Brooklyn safe-deposit vault.
