This Skin Peeler In Great Demand

Since the discovery that mercelized

wax possesses remarkable absorbent powers when applied to the skin, the demand for it as a complexion renewer has been tremendous. every section report sales as far exceed-ing those of anything similar they have ever had on their shelves. Ordinary mercolized wax gently pool off the devitalized cuticle, in minute particles, so that the user gradually loses her old worn-out complexion, the loses her old worn-out taking its place. Cutaneous eruptions, blotches, moth patches, liver spots and freckles are, of course, removed at the same are, of course, removed at the same time. As the wax is entirely harmless, and easy to use, women all over the country are purchasing it in original packages and using it to quickly rejuvenate their complexions. The wax is applied the same as cold cream, allowed to remain on ever night, then washed off with warm water.—Advt.
