Fresh from the gardens of the finest tea producing country in the world. Sold only in sealed lead packets to preserve its native purity and goodness

Ask your grocer for a package to-day. You'll like it.

Day's Doings **YORK COUNTY** West Toronto North Toronto East Toronto

PRINCIPAL CAMPBELL IS THE NEW INSPECTOR

York County Council Name Successor to Mr. Forthingham—Suburban Notes.

By a vote of 15 to 14, the members of the York County Council, on Wednesday afternoon, appointed Archibald Campbell, principal of Weston High School, to the position of inspector of South York public schools, rendered vacant by the death of the late David Forthingham.

The result was not arrived at without a keen struggle, no less than six ballots being required to determine the matter, and among those contending for the honor were some of the leading high and public school principals in Ontario.

The contest at last narrowed down between Principal Campbell of Weston High School and Principal George H. Reed of Markham High School, the former winning out with the result stated.

Mr. Reed has during the interval between the death of the deceased and his temporary appointment shortly after by Warden Henry, been discharging the duties pertaining to the office. His rejection by the members of the council is no reflection on the professional ability of Mr. Reed himself, but may fairly be attributed to other causes.

The new appointee, Archibald Campbell, is a native of Vancouver Township, and received his early education at the Nobleton Public School, later attending Richmond Hill High School and Toronto and Kingston universities, from which he graduated with distinction. Besides his public school experience, which extends over a number of years in different parts of York County, Mr. Campbell was for twelve years connected with the teaching staff of the Ferguson High School, and four years ago came to Weston, since which time he has occupied the position of principal of that institution with infinite credit. He is 43 years of age, and a member of the Methodist denomination. The appointment carries with it a salary of \$1700 a year, and the new inspector will enter at once upon the discharge of his duties.

At 3 o'clock Controller Hosken will address the members of the council briefly on the question of the tube railways, with special reference to the entry of the radial railways.

On Friday evening, at the Municipal Hotel, Warden Henry will be banqueted by his fellow members of the county council, and presented with the time-honored cane and address.

Appropos of the wardenship for 1910, three candidates are definitely in the running, and all with strong followings. These are Reeve Coulson of Stouffville, Reeve Arthur Fugle of Sutton and Reeve James Anderson of Georgetown. It is charged that both the northern and southern parts of the county have many times honored with the position, and that Stouffville, in the person of Reeve Coulson, will in all probability be right in the line of succession.

CHESTER.
CHESTER, Dec. 1.—(Special.)—A delightfully informal and enjoyable event was the birthday party held here last night in honor of Mr. Daniel Hyde, at the residence of his son, Harry Hyde, corner of Broadway and Danforth-avenue, and attended by a large gathering.

Reeve Henry, Deputies Watson, Barker and Nelson and Councilor Jackson were all present at Monday's meeting of the York Township Council.

T. N. Phelan, representing Fred Holman, secured transfer of a licence for a billiard-room formerly kept by Sam Wilson.

ering of the intimate friends of the family. The only regrettable feature of the occasion was the absence through sudden indisposition of Mr. Hyde, who to-day attained his 85th birthday.

A typical Canadian pioneer, but who for many years has resided in the city, of indomitable energy and sterling worth, general regret was expressed to-night at his enforced absence.

During the evening a kindly message was received from the venerable gentleman, expressing regrets, and later the toast of his health was right royally celebrated.

Mr. and Mrs. Hyde were unsparring in their efforts to render the occasion what it was, a delightful one, and to Mrs. Hyde's well-known attainments in the culinary art not a little of the pleasure of the evening was due.

DOWNVIEW.
Local News Notes From Centre of Township

DOWNVIEW, Dec. 1.—(Special.)—The illustrated lecture given in the Fairbank Methodist Church last-night was well attended.

Wellington Hurty has been paying a short visit to his many friends in this locality.

H. Burwell of Victoria University gave an illustrated lecture in Downview Methodist Church last-night.

AGINGCOURT.
Capital of Scarborough Township Makes Fine Growth.

AGINGCOURT, Nov. 30.—(Special.)—W. H. Paterson has begun the erection of a modern two-story brick school building immediately east of the G. T. R. crossing, costing in the neighborhood of \$2000.

Later Mr. Paterson will hold a sale of suburban lots, and indications all point to this village making a most substantial and rapid growth in the near future.

WEST TORONTO.
WEST TORONTO, Dec. 1.—The evangelistic work of the Bible Training school held this week's meeting in Annetts-street Baptist Church.

The Rummymede Hatmakers' Association has decided to apply to the postmaster-general for a postoffice in Rummymede. The association will also ask the board of control for a reduction of water rates.

FAVOR THE REDUCTION OF MONTREAL LICENSES

Licensed Victualers Adopt Policy Outlined by President Wilson—Compensation Recommended.

MONTREAL, Dec. 1.—(Special.)—The Montreal licensed victualers met today and adopted a radical and progressive policy as regards the sale of strong liquor. Lawrence A. Wilson was chosen president and he would only accept upon condition that his new policy should be adopted.

This policy favors the gradual reduction of liquor licenses in Montreal, the reductions to be left entirely with the commissioners. Notice of at least three years to every cafe or saloon and five years to an hotel is recommended. He maintained also that there should be a law of compensation for those forfeiting their licenses.

The new policy also favors the classifying of licenses in the city, restaurants and hotels, and to have the jurisdiction of the commissioners to extend all over the island of Montreal, club licenses for the city to be obtained in the regular way and approved of by the government. The president, however, opposed the early closing movement.

STRIP WILL BE 250 FEET.
Municipal Board Declines to Lessen Area to Be Annexed.

The Ontario Railway and Municipal Board yesterday gave judgment that the strip of territory to be annexed by the city north of Danforth-avenue and east of Leslie-street, should extend northward 250 feet from Danforth-avenue.

When the board gave an order some months ago for the annexation of the "Midway" between the city's old eastern limits and East Toronto, the petitioners were given leave to move before Dec. 1 that the width of the above strip be made less than 250 feet.

Frank Hodgins, K.C., representing certain industries which do not want to come within the area of city taxation, moved Tuesday to have the strip cut down to 175 feet. This application the board has now dismissed. It is a victory for the city.

FATALITY IN COBALT MINE.
Austrian Miner Struck Stick of Unexploded Dynamite.

COBALT, Ont., Dec. 1.—(Special.)—In an accident at the McKinley Darragh mine to-night, an Austrian miner was killed and John McLeod, the machine man, seriously injured. Going down to the 75-foot level, after a round of holes had been fired, the Austrian began to pick down rock shattered by shot. A terrific explosion followed, and when the smoke cleared the Austrian was found dead, the head, one arm and one leg being blown off. McLeod had his cheek bone broken and may lose the sight of an eye, and flying rocks made holes in his legs.

The mucker must have struck a stick of dynamite. He had only worked at the mine three months, and has a wife and three children in the old country. Three men have been killed at the McKinley-Darragh in less than one year.

The shaft house at the Victoria Silver mine, about a mile from Cobalt, was burned this afternoon, but the power house was saved.

Protection at Level Crossings. OTTAWA, Dec. 1.—The Railway Commission will soon take up the question of the protection of the G. T. R. crossings at Dundas-street, Lambton, Dundas-street, Cooksville, and Brook-avenue, Toronto, and G. T. R. crossings at King-street, Berlin, and Queen-street, Palmerston.

ENDORSE THE TUBES.
At a meeting of the Barretts' Association, held in Barretts' Schoolhouse Monday evening, a proposal favoring the tubes was heartily endorsed.

YORK TOWNSHIP COUNCIL.
Reeve Henry, Deputies Watson, Barker and Nelson and Councilor Jackson were all present at Monday's meeting of the York Township Council.

T. N. Phelan, representing Fred Holman, secured transfer of a licence for a billiard-room formerly kept by Sam Wilson.

The Toronto General Burial Trusts Co. have appointed E. H. Keating, engineer in charge, to look after their interests in connection with the parallel roads thru Mount Pleasant Cemetery, and want to expedite matters.

LEAKS ARE UNKNOWN WITH A PUSH NIPPLE JOINT OXFORD HOT WATER BOILER

Heat your home the Gurney-Oxford way. You'll then have the utmost comfort, and the cost of the upkeep will be surprisingly small. The Gurney-Oxford Boiler will lessen your coal bill from one to six tons, according to size of boiler used. This boiler has many exclusive features—positive factors towards economy and efficiency. Our handsome Booklet on "Heating the Home" gives many interesting facts. A postcard will bring it to you—it's free. If you are planning a hot water system in your home you'll want this Booklet. If you are alive to what's most beneficial and what's most economical, you'll want the Gurney-Oxford system of heating. Here's part of the evidence:

Push Nipple Joints—Notice those little cup-shaped parts. That's what is called the push nipple joint—a hollow, circular, malleable casting, tapered slightly from the centre—tapered so that the sections are brought together, wedge-like, precluding any possibility of leakage. No rubber packing is used. That's but one reason why you should make sure it's a Gurney-Oxford Boiler that's installed.

CROSSING DANGEROUS

Grand Trunk Should Erect Gates, Say Coroner's Jury.

"That Gilbert Tremblay came to his death on Nov. 26, in St. Michael's Hospital, as the result of being struck on Nov. 25, by Grand Trunk train No. 24, at Scarborough Junction crossing, and that death was purely accidental, but that the railway company was to blame for not having gates at the crossing and should be compelled to put gates there immediately."

The above was the verdict returned by Coroner L. Pickering's jury at the inquest last night. Several witnesses swore the crossing was dangerous.

Sunday School Centenary.
ST. JOHN, N.B., Dec. 1.—(Special.)—Queen-square Methodist Sunday school will celebrate the 100th anniversary of its organization on Dec. 12.

ITO ASSASSINS IN CHICAGO.

CHICAGO, Dec. 1.—Search for Koreans, believed to be implicated in the murder of Prince Ito of Japan at Harbin last October, is being made in this city. They are supposed to have been the originators of the plot against Prince Ito and to have financed it.

A Great Bargain Sale.
Something unique in bargain sales is being held at the warehouses of Heintzman & Co., 115-117 King-street W. It is not often a piano can be bought at the rate of fifty cents per week. This is the case here however, and the choice is large, prices ranging upwards from \$20. These are second-hand squares, but are in perfect condition, having been thoroughly gone over in the firm's factory. Any one who wants to get a good piano cheap, should not fail to call and look them over.

Object to Sunday Funerals.
BRANTFORD, Dec. 1.—The Ministerial Association have passed a resolution against Sunday funerals, and have asked the undertakers to cooperate, while the city will be asked to close the cemeteries to funerals on the Sabbath.

Mrs. A. A. Macdonald has returned from England and is at the Queen's for the winter with Mr. Macdonald and her youngest daughter.

Mr. J. Kerr Osborne sailed from New York yesterday with the intention of spending Christmas with his family in Bournemouth.

Mrs. U. C. Hamilton, 27 Gore Valence-avenue, will receive on the first Wednesday of each month.

OPEN ON SUNDAY

To accommodate the down-town patrons at Albert Williams' Restaurant, the branch at King and Yonge-streets will open on Sundays. A special fish and turkey dinner will be served noon and evening.

PHYSICIANS PRESCRIBE
Dr. Martel's Female Pills
FOR WOMEN'S AILMENTS.
A remedy for medical purposes obtained only at first-class drug stores. 4672

Liberal is Elected.
QUEBEC, Dec. 1.—Nere Morin, the independent candidate in the provincial by-election in Kamouraska County, has just retired from the contest, leaving L. August Dupis, Liberal candidate, elected by acclamation.

May Be Drowned.
PICTON, Dec. 1.—Charles E. Ringer, aged 54, has been missing since Sunday afternoon, when he went boating.

The Pianola makes musical achievement of a high order possible in any home.

The Pianola Piano

THE commanding lead which the PIANOLA Piano enjoys over all similar instruments is not due alone to its superior artistic qualities. This instrument is not only supreme amongst musicians and musical people, but the unskilled public also has emphatically shown its preference for the PIANOLA Piano.

This is due to the fact that pianistic effects can be produced more easily and more perfectly with the PIANOLA Piano than with any other instrument of its type.

The exclusive **Metrostyle** feature of the PIANOLA Piano is a striking example of simplicity and effectiveness. Here a single "interpretation" line displaces the elaborate system of markings used on other instruments to indicate expression. The **Thermodist** device, likewise found on no other instrument, is another example. With this device the most unskilled person can always maintain the proper relation between "solo" and "accompaniment." Without conscious effort on the performer's part, the **Thermodist** emphasizes whatever notes should sound above the rest, and also gives the cantabile effect so important to artistic playing.

The **Thermodist** and **Metrostyle** are but two from among the many vital and exclusive features of the PIANOLA and PIANOLA Piano. It is most important to remember that unless the word "PIANOLA" actually appears on an instrument it is not a PIANOLA Piano at all, but an imitation of this famous instrument.

PIANOLA Pianos cost from \$650 to \$1,150
PIANOLAS cost from \$275 to \$450.
Moderate Monthly Payments. Come and hear the PIANOLA.

The Mason & Risch Piano Co., Limited
32 King Street West, Toronto

In a Class by Itself

There are many Player-Pianos, but only one which is not seriously affected by atmospheric conditions.

HEINTZMAN & CO. PLAYER-PIANOS

Have the new aluminum action, which is practically weather-proof.

Most Player-Pianos are affected by heat and cold, dryness and damp.

Remember, these Pianos can be used as an ordinary piano or with perforated paper rolls.
