### STEEL OF CANADA SHOWS WEAKNESS

WEDNESDAY MORNING JULY 25 1917

Kable Stocks Steady to Firm at Toronto Market.

New York, July 24.-Arrangements for paying off on August 1, \$20,000,000 of the two-year 5 per cent. notes of the Dominion of Canada placed in this the Dominion of Canada placed in this market in 1915 have been practically completed, according to information received in authoritative banking circles today. It is understood that the funds for meeting the obligation have aready been made available.

Moreover, steps taken by the finan-cial authorities of the Dominion to obin credit advances from the United Min credit advances from the United States Government are, it is learned, likely to prove successful. The Canadian finance minister, Sir Thomas White, on his recent visit to Washington to sound officials on the feasibility of obtaining advances from the American Government, it is said, found Secretary of the Treasurer Mclo grant Canada such financial assistnce as is needed.

A New York banker, who is in a position to know, said vesterday that in his opinion the credit advance that the United States Government probably will make to Canada as an ally will be as least \$100,000,000.

LONDON STOCK MARKET.

London, July 24.—Trading was quiet on the stock exchange today and the tegency was uncertain owing to the Russian situation. Russian bonds and industrials were lower. Spanish bonds were harder and a fair business was transacted in the war loan and colonial bonds. In the afternoon rubber stocks were firm, but munitions eased off under profit-taking, while the other sections were neglected. American securities were dull and undecided.

The supply of money was increased by treasury hills maturing.

Discount rates were duil.

LONDON METALS. London, July 24.—Spot copper, £125; fu-

tures, £124 10s. Kilec., £127. Spot tin. £258 10s; off 10s; futures, £236; off 10s. Straits: £230 10s; off 10s. Spot lead £30 10s; futures, £29 10s. Spotter spot, £54; futures, £50.

EXCHANGE WILL CLOSE. Liverpool, July 24.—The cotton ex-dange here will be closed Monday, Au-sust 6.

THE PARIS BOURSE.

Paris, July 24.—Trading was dull on the bourse today. Three per cent. rentes if francs 20 centimes for cash. Exchange on London, 27 francs 18 centimes.

PRICE OF SILVER New York, July 24.—Bar silver, 78%c. London, July 24.—Bar silver, 39%d.

**ENEMY GETS LIVELY** ON TRENTINO LINE

Austrian Patrols Harass Italian Working Parties at Some Points.

UNLISTED STOCKS.

MONTREAL STOCKS.

Rome, July 24.-Today's statement on military operations in the Austro-Italian front, issued by the war office, is as follows:
"Yesterday, the enemy showed increased activity in the Trentino. Hostile parties disturbed our working parties near Tierno. They attempted to surround one of advanced posts in the Posina Val-ley and approached our positions at Valganca, in the San Pellegrina Valley and in the Overbacher region. The enemy artillery shelled with great various points of our lines in the Valtellina, and in the Camonica and Guidicardia Valleys. "Our infantry patrols completely repulsed the enemy everywhere and our batteries did some effective counter-battery work. In the Rimbianco Valley we succeeded in surprising an enemy detachment and driving it off, with considerable loss to it. "On the Carnia front our artillery engaged and disturbed working parties. On the Julian front there were some patrol encounters. artillery fire was more violent than usual in the Mrzli and Vodil areas, and in the vicinity of Castagnavizza

KILLED BY PILOT ENGINE.

Special to The Toronto World.

Brockville, July 24.—In, stepping from one main line of the G. T. R. to another, out of the way of an approaching freight train, Frederick Pritchard was struck by a pilot engine coming in the opposite direction, which he did not see. He was rendered unconscious and died shortly afterwards from shock. He was a native of Gananoque but had resided for some warm in this district farm. "Two of our squadrilles carried out a successful bombing raid on the hut-Wheat ... none unchanged corn ... none 1,000 57,000 Daniele on the Carso. All machines of the corn the Carso of the Carso for some years in this district, farming. He leaves a wife and family.

### WHEAT DECLINES SEVERAL POINTS

Brightening Crop Reports Send Corn Market Down at Chicago.

Chicago, July 24.—Brightening crop re-ports from the big corn producing states such as Kansas, Iowa and Nebraska, gave a decisive cownward turn today to the corn market here: Prices finished easy, ½c to 2½c net lower, with September \$1.63% and December \$1.14% to \$1.14%.
Wheat declined 4%c and 5c, with July
at \$2.54 and September \$2.25 at the close.
Oats lost %c to 2%c, and provisions 25c

Oats lost %c to 24c, and provisions 25c to 50c.

Word of the breaking up of a two-months' drought in north and central Kansas acted as a starter for aggressive general selling of corn.

Expected enlargement of receipts of wheat here did a good deal to send values for that cereal downgrade. It was gossip that there would be a considerable amount of wheat delivered in Chicago on July contracts before the end of the present week. In addition, difficulties hindering the progress of food legislation seemed to act as a weight on the market.

market:
Oats broke sharply under selling from a big-house which had recently been a conspicuous purchaser.
Weakness of grain and of cotton seed oil pulled down provisions.

WEEKLY REPORT ON ONTARIO CROPS

Promise Well.

Following is a summary of weekly crop reports made by district repre-sentatives to the Ontario Department

of Agriculture: Fall wheat is ripening rapidly, and on the whole will be well headed. Spring wheat is also looking well. The midge is said to have done from 5 to 7 per cent. of injury to wheat in Welland. It is also reported in Haldimand, but as a slight attack. Other spring grains, especially barley, promise unusually well, altho much of

the straw is so rank that injury from "lodging" is feared should heavy rains come before cutting.

Hoe crops are very weedy, owing to the almost continuous rain of the previous two or three weeks. Corn is coming along rapidly now, but is about as fortnight late on the aver-

Potatoes have done splendidly up to this week, but in several counties east and west blight is threatening the late crop. A change in the wea-ther, however, may relieve the situ ation. All roots promise well, altho much necessary weeding has been de-layed owing to the land being too wet

for working on. Hay will be about an average yield. but some of it was caught by rain after being mown, and will be poorly cured. Some of the clover is said to be over-ripe, awaiting cutting. De-lay caused by rains will cause some mowers to be running as late as

August. Cherries have done well. Apple will be light as a general crop. The codling moth is much less in evidence than last year, but scab is threatening some varieties, more especially those of the Fameuse and McIntosi Red types Pears are doing better than apples. Owing to the rainy and cool weather at ripening, many strawberries were soft and unfit for

market, but prices kept steady.

Vegetable gardens in both town and country are on the whole giving such satisfaction to the owners. Live stock generally are in good condition. Swine are being disposed of in the usual numbers, but cattle are marketing very slowly. Milk is still in good flow, as the grass has been better than usual for the time of year. Cheese factories in Dundas pay from \$1.85 to \$1.90 per 100 pounds for milk, with whey back, while the condensory is giving \$2.25 straight for One report enthusiastically clares that the season will go on record as witnessing one of the largest outputs in the history of dairy pro-Auction.

Urgent requests for help are being made from every section of the pro-vince. Some disappointment is expressed at the extent of urban or holiday help actually offering or appear-ing, which is much below expecta-tion. Rain has kept farm operations more or loss at a standstill for some time, and there is now a great rush to catch up in haying and hoeing, with

New Members of Shipping Board Appointed as Result of Squabble.

Washington, July 24.—President Wilson today asked Chairman Denman of the shipping board to resign, and accepted the resignation of Major-General Goethals as general manager of the Emergency Fleet Corpora-

Chairman Denman received the president's request for his resignaion at noon, and tendered it imme-

diately. Edward N. Hurley, a Chicago business man and former chairman of the Federal Trade Commission, will become chairman of the shipping board. Washington L. Capps, chief constructor of the navy, will succeed Gen. Goethals as general manager of the Emergency Fleet Corporation. Bainbridge Colby of New York will become a member of the shipping board in place of Captain John B. White, whose resignation the president accepted today.

807 LUMSDEN BUILDING Cedar Rapids Transmission at a price of \$25.95. Brockville will require a block of 1500 horsepower at 2200 volts for the present. It was said that this agreement which hydro-electric has made with the Cedar Rapids concern will probably be only a temporary one as the commission hopes to supply eastern Ontario with electrical energy developed at the Long Sault Rapids before

many years. THREE KILLED BY STORM.

Montreal, July 24.—Madame Lefrol lic utilities commission a resolution was passed authorizing the Ontario Hydro-Electric Commission, to proceed with the delivery of power to night during a storm.
