INDIANS REFUSE TO ACCEPT HUERTA

Acceptance of New Administration Not General—Madero Sympathizers Hold Up Train.

MEXICO CITY, Feb. 22.—Acceptance of the new administration in Mexico is not so general as was at first thought. To the States of Coahuila, Sonora and Yucatan, which from the moment of the overthrow of Francisco Madero declared they were not in accord with the new conditions, must now be added part of the State of Oaxaca, where the Serrano Indians have refused to recognize the government of Provisional President Huerta. The Governor of Oaxaca is alarmed by the disturbed conditions in the state capital that he has asked for reinforcements from Mexico City.

Between the federal capital and the port of Vera Cruz also conditions are very uncertain. Bodies of federal troops have been sent to the cities of Jalapa and Orizaba, in the state of Vera Cruz, in order to maintain the balance of power.

The Indians in the State of Oaxaca have gone on the war path for personal motives. Felix Diaz is a native of that state and the Indians declare that since he has not been made president of the republic, then if it is necessary to appoint a provisional president they demand the nomination of Fidencio Hernandez, another native of Oaxaca, who has had a very distinguished army career. In no case, say the Indians, will they recognize Gen. Victoriano Huerta as provisional president.

The disturbances which have broken out in the State of Vera Cruz are supposed to indicate that the support of the new administration has gained in that state is questionable. A small group of sympathizers with Francisco Madero stopped a train on which he was believed to be fleeing from the federal capital to the coast, with the object of rescuing the deposed president. The news reached Gen. Roberto Velasco at the City of Vera Cruz, to whom it was reported that the venture had been successful. He thereupon led a number of trains with troops and rushed them to Orizaba to fight under the banner of the fallen president.

The new government under Gen. Huerta was informed of the movement and a force of federal troops was sent off past haste from the federal capital to Orizaba, and on reaching there surrounded and disarmed the men commanded by Gen. Velasco.
