

I am glad to be able to say that one great evil we complained of in our last report, namely, that Divinity students holding scholarships were permitted to take for degree other subjects to the exclusion of Classics, has been removed. All students in Divinity must hereafter take a full course in Arts.

With reference to the general affairs of the College, your representative is at length able to say that its friends, meaning thereby more particularly the Board of Governors, the Faculty, the Associated Alumni, and the Synod of the Diocese of Nova Scotia, are aroused to a sense of the serious dangers that menace the institution to a degree never before equalled, and although I am unable to report the accomplishment of all the improvements which was hoped for at this time last year, there is now a much greater probability, if not an absolute certainty, that those who present the next annual report will be, in this respect, in a happier position than that of your retiring representative.

Respectfully submitted,

J. ROY CAMPBELL, B. D.

July 6th, 1892.

APPENDIX K.

REPORT OF THE TRUSTEE FOR THE "CHURCH SCHOOL FOR GIRLS" AT WINDSOR, N. S.

To the MOST REVEREND THE METROPOLITAN OF CANADA, and the SYNOD OF THE DIOCESE OF FREDERICTON.

In my last year's report I referred to the laying of the corner-stone of the new school buildings on the 23rd of June, 1891.

I now have much pleasure in reporting that the building has been finished and occupied since the 16th of January last. It is a splendid structure—heated throughout by a hot water system and lighted by electricity, the dangers from fire being thus reduced to a minimum.

The Calendar gives a complete history of the school, from the beginning to the completion of the last term.

The school closed on the 21st day of June of this year. The closing exercises were of a most interesting character, reflecting great credit upon teachers and pupils. Addresses were made by his Lordship the Bishop of Nova Scotia, and Mr. Justice Hanington, of this Province. Both these gentlemen expressed themselves very much gratified with what they had seen and heard. The success of the school, thus far, has been beyond our expectations. There were registered during the year 95 pupils, 74 boarders, and 21 day scholars.
