LATE LOCALS

Steamer Lake Erie from Liverpool landed passengers in Quebec at 6:05 p. m. July 13th. The regular meeting of the W. C. T. U. which was to have been held tomorrow, has been postponed until July 23. A very large crowd visited Barker's and Johnson's at Loch Lomond yesterday. Over 100 diners were served at each place. The first green peas of the season were received this morning by S. Z. Dickson from John A. Dugan at Hampstead. They are exceptionally large for the first lot. Six hundred joints of logs were brought down from the booms this morning by the tug Hercules, for Stinson, Cutler & Co. and the Cushing mills. River traffic is very light for this time of the year and the steamers are not over loaded. The Springfield will hereafter sail at three p. m. instead of six p. m. George E. Fenety, of Fredericton, and Mr. Ralton, of Baltimore, were passengers on board the steamship Manchester Corporation, which arrived last Saturday from Manchester.

From all sections of the country, says the Charlottetown Guardian, come cheering accounts of the progress the crops and the beneficial weather of late is working wonders throughout the length and breadth of the province. It is reported that one day last week a small amount of inflammatory material, including mucus, was found on the bottom of one of the river steamers. It is said that the discovery created some anxiety among those employed on the steamer. A wild cat measuring five feet six inches long was shot by a man named Ellis one day last week at Lake Umbagog. It has been some years since one has been seen in that vicinity before. Mr. Ellis, however, said that he had put three three shot into the animal before he killed it.

The wharf that is occupied by the steamers Elaine, Aberdeen and Hampton, was bought by D. J. Purdy some time ago. The building was also purchased by the deal, and the contract has been received notice that Mr. Purdy is the landlord. The property is known as the Cunard wharf. A ninety year lease had been given but it expired May 1st.

IS NO SMALLPOX AT GREAT SALMON RIVER. M. H. Tufts, of the Bay Shore Lumber Company, which operates at Great Salmon River, was in the city today. Talking with the Times in reference to the smallpox case at Shanklin Settlement, Mr. Tufts said the statement that Robert McKay, the man affected, was supposed to have contracted the disease in the lumber camps at Great Salmon River was not correct, as there are no lumber camps there now, the operations being suspended until next winter. McKay, according to Mr. Tufts, has not been at Salmon River and could not have got the disease there. There is no smallpox at Great Salmon River.

PERSONALS. Miss Marjorie Gallagher and Miss Annie McGuire, will leave tomorrow evening, to visit relatives in New York. Mrs. R. P. Sealey (nee Day) will receive her friends Tuesday and Wednesday afternoons the 16th, and 17th inst. at her residence, 170 Bridge street. Mrs. P. G. Clark, Summerside, left there Friday morning to visit her sister Mrs. (Rev.) S. J. McArthur, Newcastle, N. B. Rev. C. W. Carey, Mrs. Carey and family, Strathcona, Alberta, left recently for the east, where they will in future reside. Mr. Corey's work as representative of the Western Baptist Association in eastern Canada necessitates that they take up their residence in the Maritime Provinces. Miss Roxie Harvey has left for Wilton's Beach, Campobello to spend the holidays with her aunt, Mrs. Matthews. Hon. Samuel W. Lane, ex-mayor of Augusta, Maine, and Miss Bessie P. Rand, were married Saturday by Rev. R. A. Armstrong of Trinity church. They left on a tour through Nova Scotia.

A DOMINION CONVENTION. A committee meeting will be held in Montreal tomorrow, when representatives of the various Baptist associations in Canada will discuss the formation of a dominion Baptist convention. The maritime delegation is made up of Rev. D. Hutchinson, St. John, chairman; Rev. Dr. W. E. McIntyre, St. John; Rev. Dr. Joseph McLeod, De. H. C. (Crest, Fredericton); Judge F. W. Emmerson, Moncton, and Rev. S. W. Cummings, Truro. Rev. Mr. Hutchinson and Rev. Mr. McIntyre left for Montreal this morning on the Ocean Limited.

KNIGHTS-TEMPLARS VISITING ST. JOHN

Entertained by the St. John Commanderies--Having a Good Time.

St. John was invaded this morning by 130 Knights Templars and their ladies. The Sir Knights are members of the Pittsburg Commandery and arrived about 6 o'clock this morning on a special train over the I. C. R. from Quebec. This afternoon they are enjoying a sail, as the guests of St. John Encampment and Union De Molay Preceptory, up river. The party is registered at the Royal Hotel. Shortly before two o'clock they left on special street cars for Indiantown where the steamer Champlain was boarded. After sailing up river and taking in the various points of interest a return to the city will be made about six o'clock and the party will leave for Halifax where they will spend a couple of days, after which they go to Yarmouth and will sail from there on the steamer Prince Arthur for New York. A week will be spent in New York after which they will return to Pittsburg. John H. Niebaum is the eminent command and Herman Junker is chairman of the committee of ways and means. The party left Pittsburg on July 6, going to Saratoga in a special train. While in Saratoga they were guests at the Grand Union Hotel the second largest hotel in the world. After attending the meetings of the thirty-third triennial convocation there, they went via Lake George and Lake Champlain to Plattsburg where they remained for Montreal. From Montreal they went to Quebec and from there came to St. John. The Pittsburg commandery is the largest in the world and represents in every way the various phases of business life of Western Pennsylvania. This is the first trip the party has made in Canada and they are unanimous in pronouncing it very enjoyable in every way. They will have covered about 3,000 miles on the present trip. In other years their routes would be made in the west. The present trip will cover a period of three weeks. Joseph N. Mackraker of the Pittsburg Dispatch is one of the members of the party. The morning was spent in walking or driving about the city and seeing the sights.

PLEA FOR THE CHILDREN. Editor Times: Sir—Read with deep interest the "heart to heart talk" in Saturday's Times concerning the Victoria playgrounds. I am sure if the citizens realized what a boon it would be to thousands of children they would not rest until something was done to enable the young people to enjoy play even without teachers on these grounds. There is not another playground in St. John to compare with the smooth, grass-covered field, in which a thousand children could find ample room for free play at one time. A couple of hundred dollars for teachers and equipment on these grounds would be made up to more children than four times that amount spent in the school yards of the city. In saying this I do not mean to criticize what is being done on the Centennial and Winter street grounds. That work speaks for itself and needs no defender. But what a pity it is that this is all St. John can do, when so much more could be done at so small cost. To think of the dirty streets and alleys and the bare, fresh green grass on the Victoria grounds is enough to make one wonder what parents in St. John are thinking about as they see their children enjoying about the Times truly said, enough money is carelessly spent (without any other return than merely to pass the time) any evening in the week, to make thousands of children happy for the summer holidays. Yours, PLAYGROUNDS.

MR. BIRD AND CAPRICE. A correspondent who does not sign his or her real name sends a letter to the Times attacking Mr. Bird for accepting \$100 from the proceeds of the first production of Caprice, and \$33.33 from the second. This correspondent's chief source of complaint is that the public did not dream that Mr. Bird would get, or would ask so large a proportion of the proceeds. As the correspondent omits all reference to what was being done on the proceeds, the criticism is obviously unfair. Mr. Bird did not come here to pose as a philanthropist. He was asked to do a certain work and stated his terms. He did the work with a success such as never before attended similar work in St. John. It was worth much more than \$200.11 to have revealed in so effective a manner the dramatic ability latent in St. John. Why should Mr. Bird be attacked and the opera house be overlooked by this correspondent? Mr. Bird is not a St. John institution, nor a citizen of St. John. He is not even a director of the opera house. Nevertheless, there may be a suggestion in the last sentence of the correspondent's letter, which is as follows: "The next time St. John people feel charitably disposed let them know how much of their money is going to the stated object."
